#### **Straight Heat**

I would, give this book 20 stars if I could. It picked up right where it left off and came stronger with the Drama. These women love them King boys but so do the thots. With the thots scheming to break them up and be the next Mrs. King and men trying to take over their spots... Them Kings show and prove that they rule with a iron fist and they protect their queen by any means. Another CERTIFIED BANGER cannot wait for the next installment.

#### **King Brother's**

This is a good book but I was hoping it would end with this one. Why do people always go after the King Brother's and don't win. Let's see what happens in book 3

**joseph says****Ok**

Once again I'm giving this series a 4 stars because of the errors and the over exaggerated story line. When I first starting reading the continuation of book 1 it was ok, but then when I got to the part about Kendrick being in a coma for weeks and then one day he just happen to wake up, I'm like ok I'm so happy he did but then the dam Author wrote how he got up and ripped off all of his tubes and walked out the hospital after being awake for 30. Like how crazy is that, it was too far fetched and I wanted to scream actually. Anyway since I already reed book 1 and 2 I will read book 3, but I'm not sure I will be reading any more books by this Author.

Whoa this part 2 was fire. The drama continues form book one where Kendrick was hit by a car. The king brothers have found new women in their lives but their old hoes can't seem to accept it, and now they have a new beef with somebody trying to take over their territory. Nic,Morgan,Christy,Jessica go through a lot being with a king. Danielle and Tia are jealous but fall trap to a pimp. Ready for book 3 now shvonne
