Carter Jones is a fairly simple man. He loves his ranch, his horses, and dominating women in the bedroom. He's the owner and founder of the exclusive Cuffs and Spurs Club in Jackson Hole, Wyoming, yet for the past year Carter has achieved something of a monk's status within the ranks of his club. When he discovers Jenna practically on his doorstep, Carter moves heaven and earth to draw her back into his life. Only she has a scandalous secret, one that upends his life completely. Can he forgive her for the secrets she kept? Or will the mistrust tear them apart – forever this time?

I fell in love with Cater and Jenna in His Unexpected Love and the continuation of their story in His Scandalous Love was just perfect. Carter's love for Jenna never wavered, he was all in from the dunking in the sea. It was nice to read about a character that while unsure what he was feeling, did not shy from it, stayed true to his feelings throughout their journey and kept following the wishes and signals that Jenna was giving him. Jenna on the other hand was so lost in her own fear and self loathing that she could not see Carter love for her until it was almost too late. She just couldn't believe that someone would really love her and want her forever. Her mother hadn't and her father had not shown her love, so she must not be worthy is what she kept telling herself.

Jenna finally accepting that she was worthy of someone's love and that she needed to enjoy the here and now instead of living in a future that had not yet been written was a wonderful moment in the story. Carter's open willingness to accept Jenna as she is, flaws and all was a beautiful statement of love.

I highly recommend that you read His Unexpected Love and His Scandalous Love and wrap yourself up in this highly satisfying love story. One-Click it!

Talk about two people crossing in the night trying to find their way back to the original path. Carter had gone to the exclusive Paradise Island BDSM Club where he met Jenna, who was working there. She had been his sub for the entire week, but when they needed to evacuate because of a hurricane, Jenna wouldn't leave with him. He tried for almost a year to find her. Even being part owner of the Cuffs and Spurs BDSM club at home didn't help since Carter had become celibate. Seems she was the one and he just couldn't "play" with anyone else. When it had been almost a full year with no luck of finding her again, his friends and other Doms have pulled an intervention and demand he put the woman behind him and come to the club. On the night he goes into town to have dinner before going to Cuffs and Spurs, he sees her walking down the street!!! In his hometown!! What Anya Summers has created with this storyline and characters will not only keep you enthralled to see where she takes them, but also keep the panty melting tension burning. This is not just a heart warming romance. This one will keep you warm all over!

This is a wonderful, sexy, heat-filled, emotional second chance romance. It is also the first in what I think is going to be a fantastic new series. If you have had the pleasure of reading the prequel, His Unexpected Love, then you will be very pleased since this one picks up right where that one ended. However, don't worry if you didn't read the prequel, the story is unfolded for you, and you won't be missing anything other than another amazing story by Anya Summers.

If you are like me and want well developed characters, then you will love this one. Jenna and Carter met, had a fling, and produced a child. Without giving away more of the plot, I will say that when she decides to let

Carter know things aren't as easy, or as simple, as she though they would be. There is drama, emotional ups and downs, past insecurities, passion, misunderstanding, and love. The story is beautiful and filled with some amazing steamy scenes. It is everything you could want in a romance, and I suggest you read it and join them on their way to their HEA.

The heat in this story is palpable. Carter and Jenna will melt your heart and your panties! Two people were never more right for one another, but a year long separation with many variable creates a tension that may just break them for good. In His Scandalous Love (Cuffs and Spurs Book1) Anya weaves a tale of love, lust and commitment on a soul level. You never know from one page to the next just where the story will go, you know where it could go, where it should go, God it seems so right and easy, the resolution, but so many doubts could bring it all to an abrupt close. It puts one in mind of the old Biblical proverb, "It's the little foxes that ruin our vineyard." So many bouts of second guessing, when everything is there for the taking. Carter has his work cut out for him, running his ranch the Double J, pining for his sweet Sub, Jenna. They only had one week together before they were parted unexpectedly and he would have searched forever to find her. Is one week enough to sear your true mate upon your soul and psyche? If it's the right one, the answer is yes! I highly recommend this read, it will blow your mind! There is plenty of heat, but also sweet,

true love. It has a BDSM theme no cheating and an HEA! I can't wait to read the next one in the series, "His Wicked Love (Cuffs and Spurs Book 2)"

This book had all the emotions, sexiness, and cowboy hot dom you could wish for. The characters were solid, and you feel as though you really know them. The story keeps you engaged, with enough action and banter to keep you coming back for more. I want to keep going back to find out more about what happens to Carter and Jenna, as well as all the other members of the club you get introduced to. This book leaves you with a very satisfying ending, but opens the world for more books about the supporting characters. If you like your cowboy hot and caring with a dominant streak a mile wide and his lady to be spunky and stubborn enough to keep him on his toes, this is a book you need to read!

STOP DIPPING YOUR TOES IN THE HAPPINESS POOL AND JUMP IN

The story picks up from the prequel, *His Unexpected Love*, where Carter Jones and Jenna Mallory had met at Pleasure Island. They spent a week together but parted ways when the island was evacuated due to a hurricane. Carter will ask her to go with him, and she will turn him down. Carter returns to Wyoming and pours himself into his ranch, but he can't forget Jenna, but when he contacts Jared, he will learn she has left her employment on the island, and even a phone number is a dead end.

As one of the owners of Cuffs and Spurs, his friends are worried about him and try an intervention, insisting he come to the club, which he agrees. What he never expected to see was Jenna in Jackson Hole and following her will discover more secrets.

"Jenna's return into his life was just as cataclysmic as her first entry."

Carter and Jenna must come to terms with their past, their relationship, and a secret that will forever bind them together. But will that be enough for them to move forward? Jenna has trust issues and holds herself back, and Carter wants her total trust and submission.

"This changed everything. His seduction wasn't just a campaign to entice her back into his bed. He didn't want to expel her from his system—and heart. No, Carter planned to integrate Jenna into his life and keep her there. This time for good. She was his submissive, and had been from the moment she given him a wet welcome on the island."

"Jenna was teetering on the ledge with Carter. She craved him. Loved him. A single push and she'd jump. Toss caution to the wind and hope that, when she did finally land, she wouldn't be too broken."

Two people who crave each other, have a chemistry that sizzles and rocks each other's world, hold back the most important parts of themselves, their hearts. Both are in love with each other, but keep that a secret and

that nearly destroys them.

“His own needs battered at his control. It was all Jenna. She’d been the only sub to ever upend his control, make him crave her flesh, her body like he needed air to breathe.”

Everyone around them can see that they are in love with each other and it will take the wise words of several people to make Jenna open her eyes, her arms, and most of all, her heart to trust that Carter is the one who is there to catch her. While those that should have protected her as a child, failed her, she has met the man who will be her rock and support if she will just let go and trust him.

“Living your life safe that way, playing the ‘what if’ game, isn’t really living and you know it. Seems to me, you’re not just afraid of Carter but of truly living. ” --Spencer

The story is raw and honest; it is learning to trust and quit holding onto the past and believing in love and the person you love. For Jenna, she not only needs to give Carter who submission but her trust and most of all her heart and love. Carter never thought he would marry, but Jenna is the one if he can only convince her of their future. The story is very explicit with sex scenes, including BDSM, oral and anal sex.

I am looking forward to the next installment in the Cuffs and Spurs series, His Wicked Love, due out May 2018. I already have my copy pre-ordered. Each story in the series is designed to read as a stand-alone but will have people from the other stories.

I am voluntarily writing this review for this book I received through Booksprouts arc.

It had been somewhat of a bad year for Carter and if the heat didn't let up

It could get worse for business but then there was Jenna. He has not seen Jenna in a year and though he wanted her he never did much about it. His partner at the club asked him why he hadn't come to the club in almost a year.

He missed Jenna so much he wasn't one to look at any sub. Carter is sitting eating when he spots a ghost it was Jenna he paid his bill and went after her.

Carter goes to her apartment and hears a baby when she opened the door. When Carter sees the baby he knew it was his son immediately and asked Jenna why she didn't tell him. Carter was having Liam and Jenna stay with him ranch so they could have them with him. He still loved Jenna and would show her how much plus he fell in love instantly with his son. Jenna is glad to have a little respite from taking care of Liam by his father. Carter wanted his little family together forever. Jenna, Liam and Carter go out to the barn and surrounding area. Under a big tree while Liam sleep they kissed each other to acknowledge the electricity between them. Carter friends came over for their poker game and then and there they meet Jenna, Meghan and little Liam. Carter was trying to prove his love for Jenna even though he hadn't told her yet. Carter takes Jenna and Liam to the club for the baby shower. Spencer was throwing this shower for her and Carter will the subs from the club. Things have been falling into place but Jenna is still a little apprehensive. Carter and Jenna had a little falling out and now she was sure she messed up. So she decides she will seduce him to show him how wrong she had been. Carter was beside himself as she totally submitted to him. Carter took Jenna and told her this is where she belongs. Carter went to pick Liam up and put him in the bassinet in their room. Jenna knew she was right where she should be but, will they have an HEA?

Cowboys!!!

His scandalous Love is the first book in the Cuffs and Spurs series. I've read several of Ms. Summer's books, but this is the first time I've left a review. I can say that her grasp of the BDSM lifestyle and its dominate heroes and passionate heroines are intriguing, sexy, heartfelt on all points.

Jenna, smart, sexy, feisty submissive. A Heart of gold, but emotional baggage of trusts issues. A powerful heroine that maybe a submissive, but you can't walk all over her.

Carter, sexy, powerful gentlemen, cowboy. It was easy to fall in love with Carter. Dominate to the core and he owns it well.

The scenes are fast so buckle up. These two are drawn together with a powerful chemistry. It's an age of story, but it always works. Dom and Sub meet. There's a separation and Sub seemingly disappears and Dom looks, and looks for the Sub. After some time Dom finds Sub and some. Dom wants Sub, Sub wants Dom, but there is a fight of sexual minds.

I read book one, and then book two came out, but it was really a prequel to book one. Book two gives you a lot more history of Carter and Jenna. For me, I have to read each book in this series and not as a standalone. Either way I love this power couple.

This book is so steamy and emotional.?

This book is based on the BDSM lifestyle, which is something I've only recently begun to read about. I'm slowly beginning to understand it and enjoy the theory of it. This book helps to explain how someone gets into the lifestyle and why it works for them.

Jenna has spent her entire life taking care of her father and sister after her mother committed suicide. She believes that everything will eventually be taken away from her since that's what her past has taught her. So when she meets Carter at a BMSD getaway island resort and they are separated, she thinks it's just what happens. There are two small problems with her theory. The first one is that Carter is head over heels in love with her, even a year later. The second is that she got pregnant during their time together on the island. This story is about how things work out for them and it is wonderfully emotional and steamy.???

Just a couple little spoilers

What a wonderful start to a New Series, and i just loved it. I really love Carters Character, he really was a very hard working man, and he got the name Sasquatch from Jenna, even though he was a dom, he was just a plain ole softly at heart especially when it came do Jenna and his son. I loved all the characters really, i even loved Herb and Dottie, they were like a mother and father to him.

Carter has gone into town, he has been persuaded to go to his Club * Cuffs and Spurs* for a few hours. Wanting some Dinner first he goes into to get a feed, while he is eating, he sees a women go past, and that women looks very much like Jenna. The women he tried so hard to find, after his time on Pleasure Island. Following her back to her apartment he knocks on the door and comes face to face with Jenna. Jenna is shocked to see Carter standing there outside her door, she invites him in, but not before collecting her son. Carter takes one look at the boy and knows its his, he looks very much like him when he was a baby. Carter soon persuades Jenna and baby to come back to the Ranch, now hes got her there, all he has to do is persuade her to stay.

This book really is a good read, one of the best parts is when Carter has a taste of Jennas milk after the baby. It is hot and Sexy, of course along with their sex and of course Carter been a Dom

Viper Spaulding says

I absolutely loved this heartfelt romance. Carter and Jenna went their separate ways after a steamy week together at Pleasure Island, but Carter just can't move on from his memories of her. Nearly a year later, she shows up in his hometown, not quite sure she's ready to see him again, but not willing to hide her secret any longer.

Jenna's character was very well done; as the oldest child she's always had the weight of the world on her shoulders so she's not going to just sit back and let Carter solve all her problems, no matter how much he wants to. Carter is the epitome of a dominant cowboy; a gentleman of honor in public, a dirty-talking alpha in private. Jenna has no trouble trusting one, but no experience at all with the other.

This is a beautiful love story where two fiercely independent people learn to meld their lives into one cohesive unit, finding that they each are stronger when they lean on each other. It's got some BDSM elements, but only as accessories in their private love scenes; there are no club or public scenes in this book. The writing flowed beautifully and the intelligent plot kept me reading non-stop. I'm looking forward to reading more from this author. I voluntarily reviewed an ARC of this book.

I loved the start to this new series! The storyline is real and true to life in many ways. The characters are developed and complex. Carter and Jenna share a deep connection and the chemistry is off the charts and show in the many explicit sex scenes, spankings, and loving family times throughout the book but it is not without it's conflicts as well. These characters must learn to trust in love and build their life together. Jenna

has to deal with many inward conflicts but Carter is more than willing to help her learn and grow. However, every man has his limits, Jenna has to be willing to submit to him and trust him to guide them in this new adventure together. I do wish that I had read the prequel first to see how this wonderful couple started; however, this book can be read as a standalone as well. I look forward to seeing where they go as they move forward as well as seeing who's story we will get to read next. I could not put this book down and was completely drawn into this story, therefore, I highly recommend reading this great new series from such a talented author! I voluntarily received an arc copy of this book.

His Scandalous Love is the first book in the Cuffs and Spurs Series by Ms. Summers that is filled with a second chance at love, a secret baby, and a desire for the kinkier side of things. Carter and Jenna shared a week in a BDSM resort, but while both craved more, real life called. Carter pined after Jenna, while Jenna's life imploded, but a year later, they find their paths cross again. How will Carter respond when he learns about her secret? Will Jenna learn to submit fully to Carter, showing weakness and asking for help?

I really enjoyed reading this book! Carter and Jenna had a sweet romance, full with some kinkier aspects, with a hesitant but pure love. Carter was amazing - I wish he was my boyfriend. He was patient, loving, caring, observant, but also knew his own limits and his own desires for wanting more. Jenna had a few hang-ups that she needed to let go, and this romance is how she deals with that. I loved some of the side characters and look forward to reading their stories, too! I was a little disappointed that there wasn't more club elements, or even flashbacks to their time together at the resort, but I also felt like there were times that pieces of their story was missing. Otherwise, I really enjoyed this book and look forward to more from Ms. Summers.

Another great series in the making by this author. She is adept at both plot and character development and maintains readers interested throughout the book. This story picks up from the prequel, His Unexpected Love, where Carter Jones and Jenna Mallory spent a wonderful week together. Carter is devastated when he loses contact with Jenna. He puts all of himself into his ranch, he has no interest in other women or going to Cuffs and Spurs, his BDSM club. Carter can't believe his eyes when Jenna appears in town, from this point forward his life changes forever. Jenna has trust issues, life has not been easy but she needs to stop running from her feelings and live again. This story is definitely about second chances and taking risks. I loved the dynamics between Carter and Jenna, their relationship hinges on their own past life experiences. It did not take long for the passion between them to reignite, Carter had to re-establish his role as her Dom, with his hand on her backside. The intimacy was smoking hot and sizzled. An easy read and I look forward to the next book in this new series
