"Erotic poetry that evokes feelings of joy, happiness, and an overall celebration of the arts of physical and romantic love." - KIRKUS REVIEW

"Naked Soul: The Erotic Love Poems" is an extraordinary storytelling in the form of erotic love poetry, speaking directly to the reader's heart through sensations that course throughout the body.

This powerful collection of erotic and sensual love poems celebrates the erotic spirit in all its forms -- from intense passionate sexual desire to seductive victory.

Vincent de Paul says

The best of love poems, erotic, and soul-touching. Sounds more like a sex guide, which is good at the same time communing with the soul.

Vita Coop says

Phenomenal!! Great romance starter! Give this as a gift to that special someone. It will definitely strike a spark!

Michelle Padilla says

Won this book on Goodreads Giveaways. Enjoyed the poems. Easy light reading for someone wanting to just take a break from life and enjoy a quick read book.

Chrissy says

Full Disclosure. I won this in a GR Giveaway and I had such high hopes since it had fabulous reviews.. I however, was not blown away by the content and it's really, really rare for me to give a book 1 star but... while some of the poems were nice there were others that just made me cringe.. The drawings in the book are line drawings and verge on softcore porn.. I don't know what I was expecting from this book but this... this wasn't it.

I would not have purchased and if I had, I would have returned the book.

Pradeep Pandey says

Naked Soul is one of the best poems on Love and Eros. The literary side of the book is superb. love it.

Sweetpea says

I received a free copy of Naked Soul: The Erotic Love Poems from the Goodreads First Reads program in exchange for an honest review. Ordinarily I am not a huge fan of poetry but I loved this book!

Melinda says

Naked Soul contains a wide range of poems put together in a detailed and loving manner. From a well written Preface, an extensive Brief Introduction to an added and appreciated touch towards the back of the book referencing an Index of First Lines. Lovely simplistic drawings illustrate and add depth to many of the poems, another detailed provided by Salil not unnoticed.

Salil alerts the readers to themes of love, romance, chase, seduction and sensuality. The poems cover topics ranging from spiritual love to ecstatic joy, from strong passion to sweet seduction, from first love sensations to a lover's longing, from conservative and familiar love to inhibited erotic fantasies and true to Salil's word they appear.

The poems reveal an intimate side, a glimpse into ones heart and soul, perhaps their bedroom and mind. I found a mirror image of myself in a few poems, others I related to the theme and content. Clearly all the poems reveal passion, emotion and a connection to a lover or muse – past, present or future. A majority of the poems have a level of depth as well as those carrying superficiality nonetheless intense.

A tasteful collection emphasizing sensuality with a strong erotic romantic tone. With such a wide variety no doubt more than a handful will appeal to your heart, senses, emotional state.

A wonderful poetic adventure of love, fabulous to read aloud to your significant other, romantic, reflective, engaging.

I enjoyed *A Long Kiss, Everlasting Love, A Great Puzzle, Your Presence, Only Prayer*

Creative take on Eroticism. Loved the way the poet uses his imagination to drive you through the world of Eroticism. Loved it...

G L Meisner says

This was a good set of poems. Not quite a erotic as one would expect by the title, but still well written.

Alicia says

Gorgeous work and transcendent. For personal pleasure or to share with someone special.

Mai says

I guess I'm more suited to unrequited love/heartbreak poems :P But I liked #PoetryofKissing

Gracieh says

Original piece of work that makes you want to turn the next page!

Anita says

Good work Mr. Jha! Fresh and original! The best I have read so far.

Solaris says

I liked everything about this book. The lively and strongly allusive covers, the idea of having illustrations to complement the poems ... and of course the poetry itself!

I was won over by the central idea of the book which is also reflected in its well-chosen title. This collection of poems is quite rare for our times when we are often bombarded with notions of sexuality that may look objectifying or empty. There is substance in this book. The overall `vibe' of Naked Soul is an ecstatic eroticism that impels lovers to escape the limits of their egos and of their material selves. The book shows us that through erotic love we are stripped naked of pretenses and defenses and we can reach a more authentic level of feeling.

I recommend this book to anyone. It was a captivating read.

(From my blog)

This is the first Poetry book I'm reviewing but as usual, I'm gonna let my heart speak for myself.

I really, really loved reading Naked Soul. From the first poem to the last, it kept all its promises. I enjoyed every word, every feeling. I feel like it was a journey and while reading it, you travel through different states of mind. It was so much beautiful and it reached deep into my soul, my memories and my ghosts, the bad and the good ones.

I enjoyed the beauty of how erotical and pure it sounded, just like were the beautiful drawings that followed the poems. I got to read pictures, feel words and hear about what we often hide to ourselves and others. Some of the poems woke up something in me and it's exactly what you should and can hope for when you start reading a book. Especially if it turns out to be a brilliant and stunning book like this one.

Soul To Soul

"Love me

for my mind

my heart, my being

Don't worry about my body

I can give you sex

any second

But to love you back

I must first feel

soul-to-soul love"

I think this book belongs to the author but also to myself, to everyone. Though I couldn't relate to every poem and/or emotions depicted, it somehow felt like it. I admit I shared a few tears too... (Don't worry, that's just who I am :)) So yes, this

Everlasting Love

"Our love is like a new spring

A colorful fall

Like warm summer nights

Beauty of winter snow and ice

Everlasting,

Perennial"

You could read about true love, intense and passionate desires, departure and reunions. There is every shade of love and purity : attraction, tenderness, strong and sweet physical desires. Like I did, I'm sure you will feel the sensuality and passion behind every word.

What else can I say? Besides this collection of poems became one of these books I will look for whenever I need inspiration and solace? Again, I'm sure you will feel something when you read this book. Not only the inside is truly beautiful, but the way it is shaped is, for me, very unique. I highly recommend this book, even if you're not into poetry. You will want the romance and the erotism that feel right.

Her Flying Kiss

"The whole night

I take turns in sleep

Right and left

On my back and sides again

A gentle breeze passes

over my face and my body

It is my beloved's song,

Her flying kiss."

I let you read some of my favorite poems but there's so much I loved. I would like everyone to read Naked Soul. Salil Jha is an independent author and a really generous and sympathetic person. If you want to know more about him or read more of his work, please visit his blog and go buy this book. You won't regret it !
