## **Perfectly Normal** Jaden Wilkes

Take a girl like Columbia, put her in a vastly different life with a man unlike anyone she's ever known. Throw in Dimitri's nightmares, the Concierge's disdain for Dimitri's new house guest and a few hundred people looking high and low for the both of them...and it makes for a very interesting read.

Picking up at the end of the last chapter, this novel covers the time until the two leave Hong Kong, before the epilogue of the first bestselling novel in this series, *The Beast*.

Book three is Little Dove and is coming soon!

Two twisted and imperfect beings must adjust to their new lives together while avoiding detection from authorities and an international crime ring.

\*\*\*As with the first novel in this series, this story covers dark themes with graphic sex, murder and violence.

## **From Reader Review Perfectly Normal for online ebook**

### **Ruthie Taylor says**

"I received a free copy of this book to read and review for Wicked Reads."

This is the second in the series - and reveals what happened between the last chapter of The Beast, and its epilogue. I found this a clever plot device, as we knew the outcome, but not the journey. It reduced the worry factor, but ramped up the heat. And heat there is aplenty with a twist in the tale which I did not see coming, but that was off the thermometer hot - and both in a mind games and physical way. The development of Columbia's character, and the revelations of Dimi's made this a thoughtful book. And the whole bad guys searching for them, fighting etc. brought another dimension again. Amazing how much can be packed into less than two hundred pages, once you start to dissect it! And it all be claimed as perfectly normal...

Bring on book 3 ... please

---

### **Angie says**

~I received a free copy of this book to read and review for Wicked Reads Review Team~

Perfectly Normal picks up right after the end of The Beast but happens before the epilogue of The Beast. We find out what happens in between and a lot of it is smoking hot sex! Holy crap was this book filled with hot sex! I loved how we found out more about the concierge and finally found out his name and how you found out his name was even better! The bond and love between Columbia and Dimitri is stronger and more powerful than ever. This is one awesome couple. I cannot wait to read Little Dove and see what happens next. I hope to see more of the concierge as well; he is one fine piece of meat!

Characters: Well written and you can't help but like them, flaws and all.

Sex: so flipping hot I needed to change my panties several times while reading!

Religious: no

Would I recommend to others: yes

More than one book in the series: yes

Genre: Dark Romance

Would I read more by this author: yes

### **angelwingz70 says**

This book was awesome and wonderful read and continuation of Dmitri and Columbia's story I cant wait to read more of them! Although I didn't understand the epilogue, but I am thinking maybe it was more of a prologue to Dmitri's story before Columbia?

Awesome points of this book

1. Hotness off the charts 10+++
2. More was revealed of Dimi and Columbia's story and plenty of action.

---

### **Mspraise50 says**

Dimitri and Columbia's story continues. After committing a serious crime with just cause, Columbia is more in tune with Dimitri and who he is and how he lives his life.

I love it when the woman becomes as twisted as the man she loves because to me it means she is all in with him. Columbia is all in with Dimitri and has to become as kick ass as him if they are to survive the threat from Dimitri's enemy.

The Concierge's features more prominently in this book and his connection with the couple because very interesting!

An engrossing read but definitely won't be everyone's cup of tea. I enjoyed it!

---

### **♥Casey♥ says**

This book follows Dimitri and Colombia(and the Conceirge) in Hong Kong after they have left Vancouver and committed themselves to each other. It takes place BEFORE the epilogue in book 1.

Both are still on a journey of self-exploration but so fiercely in love with each other. There is no one else fit for Dimitri. There is no one else fit for Colombia. They are truly made and built for each other.

Colombia battles her inner demons and has a hard time dealing with the self-imposed "prison" of their home. Dimitri battles with demons of his own and worries over helping Colombia with hers.

Colombia is trained to become an assassin by the Conceirge. During which time, they both slowly become fond of each other. Colombia's restlessness and anxiousness leads to her finding unconventional ways to pass the time. Hence, a very hot threesome. It's during this sexy time that we find out the Conceirge's real name.

The more I read of the Conceirge, the more I like him. He is severely loyal and protective of both Dimi and Colombia. And he could NEVER come between the two of them. He is simply an added bonus.

Dimi is so emotionally deep in this book. The words he spouts out in declaration of his love for Colombia are nothing short of poetic. He is fierce. He is a killer. But above all, he is loving and he loves HARD. I LOVE DIMI!

(view spoiler)

At the very end of the book, we are introduced to a character named Ioana. We get a brief history of her life. How she left her family at 14 for the promise of a "good life", only to discover that the life promised was a life of prostitution. When she finally was able to escape the brothel, she met and fell in love with an underground ruler named Boian. AKA the "Orphan King". To avoid a life around crime, drugs, etc, she left him when she felt their baby kick for the first time. This is where the book leaves off....Ioana is on the side of the road(resting) and black car pulls up beside her and takes her.

What will happen with Ioana and how does she play into the story??? I am anxious to find out.

I freaking love this series and can't wait to dive into book 3.

☆ Bianca ☆ BJ's Book Blog ☆ says

PERFECTLY NORMAL takes place in the time between the last chapter and the epilogue of The Beast ? Sounds a bit complicated - but it's not.

We never knew what happened to Dimitri & Columbia in that time - the time they spent in Hong Kong and the time they kept searching for Sergei. We only know that they killed him in that epilogue in Paris.

But how they got from Vancouver - via - Hong Kong and Malta to Paris - we might find out now! Not all of it - but at least the Hong Kong bit of it! ?

The book starts with Dimitri, Columbia & the concierge living in Hong Kong.

(and yesssss - we will find out the concierge's real name!!! It's .....

HA! I'm not telling you!!! ???)

They're still hiding from Dimi's ex boss - russian mafia lord Sergei.

And of course they're also hiding because Columbia is on the run from the Canadian police, because she killed her molesting bastard of a step-father.

And while they're in hiding - they're trying to teach Columbia how to fight - how to kill - how to survive.

And because every training session between Dimitri and Columbia ended up in a sweaty sex session - the concierge takes over her training.

And Dimitri might finally be ready to go out into the world - he has been hiding in penthouses for years - ever since his body was badly burned.

But Columbia finally convinced him to have his scars looked at by a plastic surgeon.

I wasn't living before I met you; I was merely existing."

But then, after someone recognizes Columbia on the streets, Dimi decides they have to leave Asia...

**WHAT WILL HAPPEN TO COLUMBIA & DIMI???**

**WILL THE TWO OF THEM GET THEIR HEA???**

**WILL THERE BE A HORRIBLE CLIFFHANGER??**

**I'm not telling you that of course ?**

**.....you just have to read the book to find out ...**

**and please do!!!! Because....**

---

I was sooo happy when Jaden said that this would be a full-length book and not a little novella!

I missed Dimi!!!! ?

Perfectly Normal was really great!

Kind of totally different than the first book.

Don't know why, but it felt different to me.

It was more of a sweet romance! ?

Ha! Yeah - I know - there's nothing really sweet about our russian killer and his killer-intern-girlfriend....but it really was an adorable book.

Not only are Dimi & Columbia adorably cute and sexy we also get to know the concierge a bit better - we finally start to really like him!

The book was soo effffing sexy! Whoa!! I can't tell you what was so sexy about it - it would spoil too much - but I LOVED that part!!!!!!

Of course it's not all sweet and peaceful - we have our suspensy moments too.

Dimi & Columbia are so perfect for each other - both so horrible scarred and abused.

Together we are whole, we are broken when apart.

They need each other to heal.

### **I REALLY LOVED THE BOOK ♥**

Just like THE BEAST - PERFECTLY NORMAL was a wonderfully dark and erotic Love Story about 2 lost souls who are finally able to start to live again - even if it's in a, for us unimaginable, way. For them it's perfect.

It might not be for everybody - it's violent and really dark and twisted - but those things really need to be in the book!!!! Just try it - but don't leave a horrible review because something in it is against your 'religion' ???

### **BOOK #3 LITTLE DOVE WILL HOPEFULLY BE OUT IN AUGUST ???**

we might even already hear a little eastern-european bit about the next book in the epilogue ?

---

### **Kay (⌚ ?⌚ ♡) BooksandMe says**

**Dimitri.** *I kind of like him in The Beast. And I think Dimi is actually cute. And since he was a cold heartless bastard, whom fell in love with Columbia, I expect nothing less of him. But, he's gone soft with the endearment for my taste. The sex drive is still the same is all, but I kept getting read how much Columbia means to him and getting tired of it. That's all there is, and him being the beast? I totally missed that.*

**Columbia.** *She was all like, I know being with Dimi is all dangerous and stuff and yet she doesn't take*

*anything seriously. Okay, at some point in the story, I may have actually understand her recklessness and stupidity, but the damaged has already been done. I totally hate her at some point, understanding her doesn't change anything.*

**The concierge.** *Somehow he became a big part in all of this and he is the only constant there is. My feelings for him are neutral and on the verge of liking him, actually. He is a bastard at times but he also has a soft spot and weakness in him that I want to explore. Maybe the reason I'll read the next book in the series.*

The plot? Training and sex. Sex and training. Being cooped up in that penthouse. Training and sex. Setting up and then some furious-angry-sex. That's a whole lot of sex for the whole 80% of book and really, I don't actually complain about it because it was hot, but I was missing the rough fucking and that intensity they have at The Beast. There's always *I want to be good at this stuff but the effort is not there* stuff going on that pisses me off. So finally, when its 20% left, there's some action, literally. And that's all. It never made up for the disappointment I felt.

And the Epilogue, I don't know what to make of it though. I may have skim on it, because really, who the hell is another character? It didn't do any good, not catching any interest for me.

---

### **Natalie The Biblioholic says**

I just love when the heroine of the story gets a backbone. In this installment, Columbia is determined to learn what it takes to be a part of Dimitri's life, including how to kill.

This book had all the excitement and action I was missing in the first one. I really liked it. I got a little bothered by how lovey dovey Dimi and Col were, but it was still sweet lol. Dimitri is still my favourite character, however, Columbia has definitely come into her own and has endeared herself to me. I'm not quite as annoyed by her as I was in the previous book. Nico's new role, or rather no longer hidden role, was intriguing, however, (view spoiler) But that was the only big issue I had with this book. It was hot as fuck but not my cup of tea. It didn't take away from my enjoyment of the book, so that's a plus. And I'm still interested in finding out more about the mysterious Nico.

I'm really curious about who this Ioana character is and how she ties in with Columbia and Dimitri. I'm sure it's going to be one fun adventure in book 3.

Enjoy! xo

---

### **Laveda Kasch says**

First off...a warning

\*\*\*As with the first novel in this series, this story covers dark themes with 18+ sex, murder and violence.\*\*\*

Perfectly Normal takes place in the time between the last chapter and the epilogue of The Beast. It starts with Dimitri, Columbia and... oops...I almost said his real name.. the concierge living in Hong Kong. The concierge is training Columbia on how to fight, not only to protect herself, but also how to kill. She wants to

learn, not only for her own safety, but so she can be the one to kill Dimiti's ex boss, Sergei. This book was full of passion, OMG the passion between Dimi and Columbia is off the charts HOT, hot sex, again...OMG the sex was hot(one scene in particular), suspenseful and action packed. This book had me needing a wardrobe change, more than once, and near the end I thought I might die from all of the suspense! If I didn't fall in love fully with Dimi and Columbia in The Beast, I'm head over heals in love with them now, the concierge too. I know their brand of love is frowned upon and they are ruthless killers, but blame it on the beautifully amazing writing skills of the A-Freakin-Mazing, Jaden Wilkes!

---

### **Megan says**

4.5 stars for me on this one.

I f'n LOVE Dimi and Little Dove...like seriously want to hug them for the warm fuzzies their f'd up relationship give me. Both so broken and jagged alone but together they are so amazing and balance each other perfectly.

As much as I loved The Beast (Book #1) and the epilogue was absolutely perfect I think I may have peed a little when I found out Jaden was making a follow-up to it. I was sooooooo excited to get my kindle fingers on Perfectly Normal and I absolutely freaking loved it...though she took a different direction than I was anticipating by expanding on the time in between The Beast and the epilogue. In Perfectly Normal you get a better look at the interactions between Columbia and Dimi and what makes them work so well together...as well as more insight into the personal demons both battle on a regular basis. I got so flippin sucked into this book it that I never realized I was nearing the end and when it ended and I was like...WTF!!! And then I read the epilogue and OMFG!!! Jaden did something a little out of the ordinary with the epilogue that will blow you to pieces...but it will make you want to pose and practice your one-clicker for the next book. I can't tell you because that would be mean and cruel...but I am warning you to hold on to your panties for the shock!!! Waiting may literally kill me...I am itching that badly to see where she will take us.

Anyways, for those of us who know Jaden's work there is no surprise that this book is NOT intended for those under 18 or who are offended by cursing, lots of hot sex, or violence and it f'n rocks!!! Anyone who fits the above description...move on, as you will only be offended and upset and I would hate for that to effect this awesome author in the long run because you did not read any reviews and just got one-click happy...THIS IS A WARNING if you are reading it that is ;)

Now, for the fact I am giving this a 4 instead of a 5 (really more of a 4.5-4.75 in my opinion but we don't get to rate them like that, which sucks arse)... I loved the book, truly I did!!! Without giving anything away...because that would be really crappy of me...for ME there were blanks between the ending of The Beast (epilogue) and the ending of Perfectly Normal that went unfilled and could have been switched around or expanded on. Also, as I stated earlier, the epilogue of Perfectly Normal takes you waaaayyyy out into left field but I need to see what she does with it before I really comment other than I can't wait for the next book to see how she ties it in to the storyline.

If you haven't read The Beast go one-click both these babies and enjoy the ride...otherwise stop reading this f'n review and just click the bitch already and continue on with Dimi and Little Dove!!! Hopefully I was PC enough for my review not to be rejected...guess if you can read this I was ;)

---

### **Jill says**

I honestly couldn't wait to get my hands on this book. I always think I know what to expect with Jaden's writing, but she never fails to knock me on my ass!

Perfectly Normal was just brilliant. I absolutely loved this book hard!

We met both Columbia, and Dimitri in The Beast. Perfectly Normal gives you all the details that Dimitri and Columbia went through, that The Beast didn't provide.

God I love these two.

Columbia and Dimitri are just oozing hotness all over. To see how far they've come in their relationship is great. They both have their fair share of "crazy", but god the sex is HOT!

I don't know how, but they just mesh well together.

I don't want to give anything away, but Perfectly Normal is a MUST READ, along with The Beast.

Some might think the story is for people with twisted minds, well those people can SUCK IT, because to me it was a beautiful story of two damaged people coming together.

Jaden once again you WOWED me!

I loved everything about this story, and I really hope this isn't the end of Columbia and Dimitri, because I love them too much to let them go!

Obviously this was a 5 star read for me. If you haven't already one clicked Perfectly Normal, what are you waiting for?

### **Miranda Whore says**

Review for Perfectly Normal by Jaden Wilkes

Perfectly Normal is book two in The Beast series by Jaden Wilkes, this is a dark erotica and not for the faint of heart. Dimi and Columbia's love is one of the most viciously potent loves that will tear you down before building you back up ... because of this proceed with caution. Also, it is not a stand alone, you need to read The Beast in order to fully appreciate Perfectly Normal.

We pick up shortly after Dimi, Columbia, and the concierge fled for Hong Kong in an attempt to keep their

enemies from closing in on them. Columbia is training to be able to better protect herself because it's not a question of if Sergei is coming for them, but when. Columbia wants to be able to do her part and protect her man as much as he wants to protect her.

The chemistry between these two is off the charts smoldering hot. Forget sparks these two are completely engulfed in flames and endlessly burning. I cannot get enough of Dimi and Columbia. Dimitri was extremely closed off in The Beast, he slowly opened up to Columbia and let her in — in Perfectly Normal the way he is openly affectionate had my heart melting. Having such a hard man with a horrific past be so tender with his woman is a complete panty melter.

There are several things about this book/series that make it phenomenal...

First Dimi is a dirty talker. Not just a little dirty, he puts the best dirty talkers in the book world to shame.  
“You are a cock hungry little bitch, aren’t you?”

“I want to suck you clean after I’ve filled you, I want to lay you down and lick every inch of you.”

Second it has one of the best pet names ... ever.

“You are my warrior, my queen, my little dove.”

Third Dimi says stuff like this ...

“Scars are not a disfigurement, they are a sign  
telling the world that you fucking survived whatever  
it was that tried to kill you.”

And this ...

“We weren’t living, we were just surviving.  
Limping along with half our heart.”

Fourth, Fifth, Sixth, and Seventh are all because it just IS. I could tell you each thing, but then I would be spoiling and we all know I don’t roll that way. So you’ll just have to read the book/series to see why it’s one of my favorites.

Perfectly Normal gets FIVE deliciously dark and twisty stars and FIVE PLUS drenched panties for some of the hottest smut of 2014. Dimi is for sure one of my top five dirty talkers of 2014. A Mommy’s a Book Whore certified must read now!

Review by the Head Whore.

---

### **Jaden Wilkes says**

And it's done!

I love it, I love the characters, I love the story. What else can I say? This is a stopping point along the road to finding out more from the lives of Columbia and Dimitri. This was intended to be a novella, but I couldn't possibly contain them for such a small span of time...so it became a novel!

I do hope you enjoy their continued story. Please feel free to contact me with feedback, I always love hearing

from readers.

I suppose I can really say is Happy Reading!

---

### **Michelle says**

Wow I was given the opportunity to Beta read Perfectly Normal the follow on book to The Beast. Jaden has written an amazing second book which flows brilliantly.

Dimi & Little Dove take their love to a whole new level whilst in Hong Kong, that you will feel deep down in your soul. They learn to deal with each others demon's, fight for what they believe in and for each other.

I am not going to go into detail about the story because you need to read and take this emotional rollercoaster journey with them.

You will not be disappointed and I highly recommend Perfectly Normal for a gripping, erotic, dark read.

---

### **Jennifer Guffey says**

Perfectly Normal (The Beast #2)

By: Jaden Wilkes

5/5 stars

I was a little confused at first about the timeline of this book, and had to download the first book, The Beast from my cloud and read the epilogue so that I wasn't left wondering what was going on. So the timeline of this book takes place before the epilogue from The Beast.

Dimitri aka "Dimi" and Columbia aka "Little Dove" have moved to a penthouse in Hong Kong with the concierge...and we finally learn his name!! No, I'm not going to tell you, because it is kinda funny & hot how she finally learns his name.

The concierge is training Columbia on how to fight, not only to protect herself, but also how to kill. She wants to learn for her own safety, for Dimi's peace of mind and because she wants to be the one to kill Sergei, Dimi's old bratva boss who tried to kill him.

Of course, there is lots of awesome sex! And Dimi is so deep. His thoughts and words when he talks to Columbia about how he loves her, owns her and will protect her forever just make me want to be with him and have him love me that fiercely. And she loves him just as much. They are nothing without each other,

they complete each other.

We get to see a lot more of the concierge in this book, and I really love him as well. He is devoted and loyal and steamy hot!! I hope that we continue to see as much of him in later books as we did in this one.

The epilogue introduces 2 new main characters and we have no idea how they fit in to this story. But I have no doubt that Ms. Wilkes will blow us away in the next book. I'm already concerned for them: their relationship, their well-being, their future and how they will be saved!!

---
