Rewakening the Dragon Part Three

By Jessie Donovan

???????

I was given this ARC to read and give a review of my honest opinion.

♥?♥?♥?

I am a great Fan of Jessie Donovan her characters are what are was draw me to her books. They are Facinating the interaction between dragon and their other half is always hilarious. I have to say if you don't like cliffhangers you may want to read the Box set. But I love cliffhangers and as I think Jessie is the cliffhanger Queen I love reading her books. I rated part three four stars because I wanted more do know what more I wanted but I did. This is the first time Jessie book has made me feel that way. The interaction between shifter and their beast was hilarious as usual but something was missing. But I know book 4 will be all I can want and more!!

The storyline starts where part 2 ended, with Kai recovering from his bullet wound and Jane is take care of him. But Kai and his Dragon can't stay away from Jane so Kai can't sleep so ends in bed with Jane but he promises to behave so he must put his dragon in his mental cage. But of there has to be a little fooling around So as They are alway trying to one up one another Jane asked about Maggie Jones. So Kai will tell her if she will do what he ask. Jane agrees he tells her what happened with Maggie and why he had to have bars on cabin windows.

Jane wants her Dragonman but she isn't sure she wants to meet her brother afterwards. Jane's older brother, Rafe Hartly comes to help And when Kai meets Rafe he see why Jane is a very strong willed person, Part 3 has made me very anxious to read Part 4. But If you love Dragon shifters you will love Reawakening the Dragon

Title: Reawakening the Dragon: Part Three

Series: Stonefire Dragons

Designation: Part Three of Four, Multi-Installment Series, Not A Standalone

Book Sixteen of Stonefire Dragons Series

Author: Jessie Donovan

My Rating: FIVE DRAGO-LICIOUS STARS \*\*\*\*\*

Oh my glory! Jessie Donovan has done it again! And what has she done, you ask? She's just released another astounding installment of Reawakening the Dragon, a continuation of her stunning mega-hit series, Stonefire Dragons and may I just say - WOW! Jessie never fails to tease, tantalize and titillate her readers with her amazing talent, incredible skill, unlimited imagination and entertaining repartee. I love it! The story is original, imaginative, fresh, novel, exciting, suspenseful, fast-paced, romantic, arousing and let's not forget well developed and hilarious. The dialogue is exceptionally well written in the third person with multiple points of view. It is also well edited, smart, witty, seductive and flows effortlessly. The characters are

fascinating, intriguing, engaging, endearing, sexy as sin and at times, hysterically funny. Donovan is a true master of her trade and expertly combines these elements into a deliciously entertaining paranormal romance filled to the brim with heart-pounding danger, thrilling adventure, spine-tingling suspense, laugh out loud humor and passionate romance. What more could you ask from a great book? Not a darn thing! So, are you ready for another wild ride??!! Buckle up my lovelies! Here we go again!!!

Part One:

BBC reporter Jane Hartley desperately longs to be more than just a pretty face on camera. She wants to be taken seriously - to be a respected investigative reporter and is willing to do whatever it takes to achieve her goal including placing her own life in imminent danger. In order to write the story that could change the course of her career, she knows she must find the new location of the dragon hunters. She has gleaned information from every possible source and finally has a lead on the possible location for the Carlisle hunters. If she can pull this off, not only will she have the story of the year but she could also help sway public opinion even more in favor of the dragon-shifters. After working closely with the Stonefire Dragon Clan, she now knows they are not the monsters the Dragon Hunters and the Dragon Knights have portrayed them to be. Well, maybe none except head protector Kai Sutherland. Investigating this story and becoming acquainted with the people from Stonefire has reignited her desire to discover the truth and she's determined to find the hunters, expose them for the monsters they are and have her story - even if it kills her.

Unfortunately, it just might since no human has ever revealed the inner workings of the dragon hunters but that's exactly what she intends to do. And she was doing just fine until Stonefire's head protector, Kai Sutherland showed up and threw a monkey wrench in her well laid plans. Who does he think he is anyway??? She will never allow the sexy Stonefire dragon-shifter to interfere with her investigation! Or would she??!! No, she will not! At least not until she's finished her story and secured her reputation as a truly respected investigative reporter. Visions of sugarplums and Kai naked will just have to wait! Or will they??!! Nope, she can't afford to sleep with the handsome protector, especially if she doesn't want her story to be labeled as biased. That would only serve to destroy her credibility and her reputation. It'll be torture but she can most assuredly resist the growly dragon-shifter. Can't she??

After the capture, torture and death of Stonefire's first female protector, ex-army dragon-shifter Kai Sutherland has only one objective - protect his clan by locating and taking down Simon Bourne, leader of the Carlisle dragon hunters. And in the process, he can also seek retribution and revenge for his brethren. And his plans are going well until he finds BBC reporter Jane Hartley right smack in the middle of a group of Carlisle hunters in a pub in Newcastle. What the heck? He will not allow his dragon's lust for the beautiful female reporter to disrupt his mission and he will never, ever share information and work with her! Nope, never! He will never allow himself to be distracted by a female ever again! Or would he??? What in the world is wrong with his dragon? Eleven years ago, he had been rejected by his true mate, dragonwoman Maggie Jones of Snowridge Clan, but for the first time since his heartbreak, he has finally been able to forget the female who should have been his mate - just by listening to Jane's voice. Oh my! But he doesn't have time for a human nor any female for that matter, so her voice is all he could allow himself to have. Now, if he could only get his dragon to shut the hell up!

Part Two: Stonefire Head Protector Kai Sutherland has finally agreed to work with BBC reporter Jane Hartley on finding the location of Simon Bourne and the Carlisle Dragon Hunters. Unfortunately, they are unaware that the Dragon Knights have posted a 5000 pounds bounty on Jane's pretty head. As they begin their mission, Jane is betrayed by her contact, a man referred by her brother Rafe Hartley who is a member of The UK Special Forces. Uh oh! An attempt is made on Jane's life and Kai is injured trying to protect her. Fortunately, the pair is rescued by another protector, dragonwoman Nikki Gray, and returned to Stonefire where Kai can receive treatment for his gunshot wound. Kai may be injured but that hasn't curbed his dragon's lust for the lovely reporter - not one little bit. His dragon is driving him insane! After two mind-blowing kisses, Kai can no longer deny his attraction for the sassy reporter and discovers that he may desire Jane just as much as his dragon. With Jane now in charge of Kai's care and living in his home back on

Stonefire, it just got a whole lot harder for the stubborn pair to resist each other and if Kai's dragon has any say in the matter, Kai may just have a new mate - that is if he can keep her alive and away from the Dragon Knights as well as the Dragon Hunters. Oh my! And he still can't get his dragon to shut the hell up! It may not be possible for a dragon to have more than one true mate but Kai's dragon is sure determined to have Jane! Now that a bounty has been placed on her head, Jane is in even more danger than before. She doesn't want more people getting hurt because of her story. For her own protection, Bram insists she must stay on Stonefire land and as a result, she's afraid her credibility may now be compromised. That in itself may not be so bad but she's still determined to help sway public opinion in favor of the dragon-shifters and possibly with the aid of her big brother Rafe, she still may be able to help. But is Jane willing to sacrifice her story, her credibility and her reputation to have Kai? It would be hard for any woman to be objective around handsome dragonman Kai but judging from her body's reaction to his two kisses, it may well be worth it! Will she be able to resist Kai - that is if his dragon can convince him to make a move???

Part Three: Kai is now recovering from his injury under the watchful eye and care of his new houseguest. Yep, you guessed it - Jane Hartley. And Kai's very randy, rambunctious dragon seems to have developed a one track mind and Jane Hartley is the only car on the track! Oh my! After Kai opens up to Jane about his past and the events that followed his true mate's rejection, Jane is more determined than ever to have a relationship with the handsome dragonman. She wants him and has made up her mind to give him a chance and once Jane Hartley makes a decision, she gives up all doubt and embraces her choice and she's definitely ready to be embraced by Kai Sutherland. And it seems that Kai as well as his dragon desire their lovely houseguest. They both want her - now! Unfortunately for Jane and Kai, there are other pressing issues at hand. Namely, Jane's brother, Rafe Hartley of the UK special forces who has just arrived to lend a helping hand to Stonefire, albeit begrudgingly. And he doesn't like the fact that his sister is now living with a dragon-shifter. Oh my goodness! Nope, not one little bit! But maybe Stonefire Protector Nikola Gray can change his mind or just give Rafe a much needed attitude adjustment like a swift kick in the pants. Oh no! Oh yes! Nikki and her young dragon are both very much attracted to Rafe Hartley and have been ever since she saw him while serving in the military. He's the only man, human or dragon, to whom she's ever been attracted. And in the words of Nikki's dragon, "Young dragons need sex and kisses. Find me some!" I love Nikki's dragon! But Nikki has to be careful. She's tired of only being known as the first born from a human sacrifice. She wants to earn the respect of her clan and helping Kai take down the dragon hunters would be a great way to start. Besides, humans are too complicated and fragile, something she certainly doesn't have time for right now not to mention the fact that it's not allowed. What? It's been four years since she's seen Rafe and her dragon is still driving her crazy about him. Female dragon shifters can rarely recognize their true mates until they kiss the male and her dragon is determined for Nikki to manipulate Rafe into kissing her! Oh my goodness! According to their laws, it's Nikki's duty to mate with another dragon in order to produce a dragon-shifter child. Rafe and Nikki can never be together, could they? Not with his attitude! Love is in the air! It's a war of wills at Stonefire and I can hardly wait to see who wins. Will Jane give up her career and come to live permanently at Stonefire with Kai? Will the DDA ever allow it? Will Kai be able to protect Jane and his clan from the dragon hunters and the Dragon Knights? Does Rafe remember Nikki and is he even attracted to the beautiful, courageous Stonefire Protector? Will Rafe be able to help Stonefire and protect his sister from harm? Hmmm...I wonder??? No spoilers from me but I will say this....Beautiful determined reporter-check! Handsome head protector dragon-shifter-check! One very randy and exceedingly stubborn dragon-check! A possessive, pig-headed, domineering big brother in the special forces who is determined to protect his sister-check! A beautiful young dragonwoman determined to earn the respect of her clan-check! A large, diverse and very intriguing cast of characters-check! Danger, suspense, adventure and heinous enemies galore-check! Heated attraction, fiery passion, sexy banter, a little self imposed angst and .... well, we'll see!!!! And the icing on the cake - many of our favorite characters from Jessie's earlier series make an appearance and lend a helping hand. That and a whole lot more!!! Save a dragon - ride a dragon-shifter! Deliciously cute, seriously sexy, fabulously funny, completely captivating and delightfully entertaining. I can

hardly wait for the next installment!!! Fabulous entertainment and an awesome read!

We find Jane as Kai's nurse after being injured. With time together, and his interest finally admitted, she needs answers. What did this Maggie have to do with him and the man he is now? She's heard too many partial facts not to need the full story. But will Kai reveal all? For Jane it is more than just information, it is a deal breaker.

Kai is a solitary man within himself. Can he reveal this dark time to her?

And then there is Kai's dragon. Petulant, horny, and a nag, but a part of the man and his strong support. He makes no secret of what he wants with Jane.

Enter big brother Rafe. He may not be a dragon man but he is soldier of top order and non too happy to see the way Kai looks at his little (31 year old 6 foot sister) You will enjoy their verbal sparring almost as much as Kai and Jane and Kai and his dragon.

This part three is a time of leaning each other and making emotional decisions. You won't be disappointed—well maybe when you get to the last page and realize you have to wait again. I can't wait and it is a big recommend from me.

I was provided an ARC for an honest review.

With Jane taking care of Kai while he heals, their attraction is heating up but Jane wants Kai to open up and the reader can't help but get caught up in the sizzling passion as Kai and Jane work to take their relationship to the next level. Excitement and tension build as Jane's brother is invited to Stonefire in request for his help against the hunters which causes quite a bit of posturing and snarky encounters, with some emotional turmoil gripping the heart and adding depth to the story.

Reawakening the dragon just keeps getting hotter and better and I can't wait to read the conclusion.

4.5 STARS

My Thoughts - 5 out of 5 Unicorns - I loved it!!!

\*\*\*Received the ebook from the author from an honest review

The cover is definitely very cool and nice to look at, but the covers are always great with this series :)

This is the 3rd part of this serial. This means that is it only part of the whole book, and it also means you need to read it in order if you want to understand. I highly recommend reading the whole series in its entirety in order because it makes it that much better because you know the history as it goes along and have a more comprehensive knowledge of characters and their history :) It is for adults only due to the adult steamy content, and this serial is not complete yet, so if you don't like cliffhangers, you might want to stockpile the parts until it is (one more to go) :)

This is still Kai and Jane's story. This part did not have much in the way of fighting and action, but there was plenty of drama and building up, I can't wait to see what happens :)

I recommend this serial to my dragon lovin' friends especially if you have read any of the other Stonefire dragon books and liked them. Jessie Donovan is the Queen of awesome serials :)

Ms. Donovan I absolutely love this one, that girl is right on!

Jane wants to help rid Stonefire of the all those hell bent on destroying the dragons, but she has come to the realization that she wants that growly dragonman in her bed just as much, or more.. And she is going to accomplish it all even if it kills her.

Kai never thought he would have feelings for another after what he went through, but Jane has managed to get under his skin and now he has his dragon taking sides with her! They have conspired against him, yes the plans they both have aren't that bad, they are great, but he is not used to not being in control.

There was no sex in this book, yet it still had me fanning myself! I am going to dream of the outcome, that's how bad I want to read the next book.

I was given this book in exchange for an honest review

Donovan picks up right where we left off in the previous segment of the serial and takes readers on an absolutely addictive ride! The vivid action and reactions of all of the characters made the story so very real for me. This is one of those stories that I truly experienced, rather than simply reading.

Jane & Kai are so cute & sweet together. But they also sizzle. I love how their relationship is more than just hot, more than simply a mate bond. There's true friendship there too. Kai's dragon may be my favourite one yet. It has such a personality of its own and was so much fun. Rafe & Nikki were fantastic comic relief. The way that they butted heads left a smile on my face. I can't wait to see what these two get up to next.

Donovan has definitely taken Kai & Jane's story to the next level. The interactions between the characters were genuine and the world was larger than life. If I hadn't been hooked on this series before, I definitely would be now.

Please note that I received a complimentary copy of this work in exchange for an honest review.

This girl's part three and we pick up right after part two ends and Kai and Jane are taken back to Stonefire so he can get help. While he is with the doctor Jane lets Bram know what happened and tells him that Nikki has a plan and that involves her brother. Meanwhile Kai and his dragon both decide that Jane is theirs and they want her but first he has to tell her about Maggie. When he does she doesn't pity him but sees that he is a good person and she wants him with a passion that no one will stop her from having her dragon. This book does end on another cliffhanger and I can't wait for the final installment. There seems to be questions left unanswered about Kai and Jane that Evie and Bram know about but they won't say what it is. I thought it was that they were true mates but they didn't go into a mating frenzy when they kissed so I wonder what it is. Then again it may be a delayed reaction since he believed that Maggie was his true mate we shall see.

I received a copy of this book for a honest review...

Reawakening the Dragon, Part Three by Jessie Donovan Another hilarious adventure headed for the best sellers list!!!

Kai Sutherland – Protector and Head of Security for the Stonefire Dragon Clan

Jane Hartley – BBC TV Reporter

Kai Sutherland and Jane Hartley have the same goal; to take down the Carlisle Dragon hunters and their leader Simon Bourne. While their goal is the same they have very different motivation. Kai is there to protect his clan and seek revenge for the torture and death of one of his protectors. Jane is tired of just reading the news on the air, being the pretty face. She wants to be an investigative reporter but no one takes her seriously. As Kai and Jane work together they become increasingly drawn to each other. Teasing Kai

becomes one of Jane's favorite pastimes. Both Kai and his dragon have strong feelings (lust) for Jane. After Kai is injured by the dragon hunters, Jane is put in charge of Kai's convalescence and this is when my Kindle started to steam. How are they going to find the dragon hunter and Dragon Knights? Who will help them to track them down? Will Dr. Sid release Kai from her care?

Reawakening the Dragon is the newest installment in the bestselling series of the Stonefire Dragon Clan. Jessie Donovan has an incredible ability to bring her characters to life; each dragon has a vibrant personality that keeps their Dragonmen or Dragonwomen on their toes. The conversations between Kai and his dragon made me laugh out loud. The sexual tension between the dragonman and human female is what keeps you reading late into the night. Right to the cliffhanger, yes, there is one of those but not to worry, Part Four is now available for preorder and will be released on September 10, 2015.

### **Sandy Digger says**

I was lucky enough to receive an ARC for this book. Reawakening the dragon part 3 is about Kai finally giving in to his feelings for Jane. Although he doesn't think she is his true mate, he is strongly attracted to her and doesn't want any other male near her. It is interesting and somewhat amusing to read about this stern dragon man who has never shown any feelings to the rest of the clan (or anyone) about anything, especially any personal feelings. Jane has always admitted (at least to herself) that Kai really turned her on, she just didn't think he was an option especially in light of her job. This book takes us to the brink of sex between the two and the interaction between them is sizzling!

Although this book has a cliffhanger ending it is at a point that precedes the actual event (in this case, the long awaited sex scene) and doesn't leave the reader in agony. I hate it when an author (not Ms Donovan) stops mid-scene, so to speak. That doesn't mean that you won't be anxiously awaiting the next book though. I am looking forward to it!

### **Jessie Collins says**

The story continues in Part 3 with Kai and Jane having a heart to heart talk about Kai's supposed True Mate, Maggie Jones. Both Kai and Jane are extremely attracted. Jane is hesitant to pursue Kai, not knowing much about his past, still wanting to take care of him while he heals from injuries sustained fighting the Carlisle Dragon Hunters in Part 2, Jane asks questions of Kai past. Kai starts to open up to Jane, telling her about young Maggie. Jane is very careful about treating Kai's wounds as she promised Dr Sid, but the scene where she gives him his antibiotic injection....well you'll need to read that one yourself! ;)

Because of Kai's injuries and the need to quickly settle the score with the Carlisle Dragon Hunters, Rafe Hartley, Jane's brother is brought in to assist the dragon shifters at Stonefire. Bram and Jane think that Rafe's military background can help prevent another skirmish like the one that almost killed Kai and help with the roundup of the dragon hunters. Rafe and Kai circle each other with a verbal barrage, each trying to one up the other in front of Jane who they both want to protect. Having Bram, Kai and Rafe, all 3 alpha males in the same room with Evie, Nikki and Jane, alpha females make for some interesting dialog. Male and female bantering is seen all throughout the story, with both sides taking pot shots at the other. Finally a plan is agreed on, the parties disburse to take care of their parts.

Meanwhile, the attraction between Jane and Kai has been growing steadily, each really wants the other in a very sensual way but something keeps interrupting them. Meetings, time appointments with doctors as, which make for a very frustrated pair. Kai's dragon is driving him nearly batty with his wanting Jane as MINE, and he tells Kai in no uncertain terms! The only thing keeping them apart is Dr Sid's blessing that Kai injuries are healing well. To be continued in Part 4 the final ARC!

I have thoroughly enjoyed reading and snickering through this story. While not as sexually stimulating as Seduced or Healed, this story has its moments. The male /female jousting observed in other Jessie Donovan stories is till present. The story is realistic, humorous and sensual. The background and story flow well. I am really looking forward to the ending of this one! Stay Tuned!

I was given a copy for a fair and honest review.

Reawakening the Dragon #3 -Jessie Donovan

Kai answers Jane's question about Maggie Jones, instead of pity he sees curiosity. He knows then that she is the one for them. She is strong, clever and accepts him for who he is. And Jane is not scared of his dragon.

Jane accepts the task of looking after Kai, but it's more intense than she thought. Jane doesn't realise that once his made a decision he won't back away, he fully embraces it. But thats ok because she wants him as much as he wants her.

But as Kai is still recovering from been shot they have to wait to take their relationship to the next level. But with her brother coming to Stonefire for a meeting and Kai on edge, will Jane be able to smooth things with two alpha males and a dragon who is tired of waiting for his female.

Wow another awesome read. The story was once again really exciting and it drew you in from beginning to end. I just loved the characters. Kai is a growly possessive alpha with a touch of vulnerability and that is how I like my male characters to be. Jane is a confident and a stubborn woman, which makes her the ideal female for Kai. I love the urgency and sexual tension between them, it comes across and has been written perfectly. I loved part 3 and I highly recommend it. Must be read in order though. Can't wait till the final instalment!

Reawakening the Dragon, Part Three by Jessie Donovan Another hilarious adventure headed for the best sellers list!!!,

By Pamela Talley

Kai Sutherland – Protector and Head of Security for the Stonefire Dragon Clan  
Jane Hartley – BBC TV Reporter

Kai Sutherland and Jane Hartley have the same goal; to take down the Carlisle Dragon hunters and their leader Simon Bourne. While their goal is the same they have very different motivation. Kai is there to protect his clan and seek revenge for the torture and death of one of his protectors. Jane is tired of just reading the news on the air, being the pretty face. She wants to be an investigative reporter but no one takes her seriously. As Kai and Jane work together they become increasingly drawn to each other. Teasing Kai becomes one of Jane's favorite pastimes. Both Kai and his dragon have strong feelings (lust) for Jane. After Kai is injured by the dragon hunters, Jane is put in charge of Kai's convalescence and this is when my Kindle started to steam. How are they going to find the dragon hunter and Dragon Knights? Who will help them to track them down? Will Dr. Sid release Kai from her care?

Reawakening the Dragon is the newest installment in the bestselling series of the Stonefire Dragon Clan. Jessie Donovan has an incredible ability to bring her characters to life; each dragon has a vibrant personality that keeps their Dragonmen or Dragonwomen on their toes. The conversations between Kai and his dragon made me laugh out loud. The sexual tension between the dragonman and human female is what keeps you reading late into the night. Right to the cliffhanger, yes, there is one of those but not to worry, Part Four is now available for preorder and will be released on September 10, 2015.

Kai is a protector and Jane is a reporter, Kai is stoic in a way and Jane is ambitious but enjoys her time. The two compliment each other well. I loved this book thoroughly, I enjoyed every page. And the chemistry between the characters was pleasant.
