Tiger's Tease  
BBW Paranormal Shape Shifter Romance  
Confessions of a Mail Order Bride Book 5  
by Kate Kent  
???????????

I was given a copy of this book in exchange for my opinion in a honest review.

I have said this before and will repeat myself over and over again, every book I have read of Kate Kent's is AWESOME! This is a magnificent series, I will be a Fan for Life. I am so excited to read this book so when I received this opportunity I jump at it. I love the characters in this book and once again the Kate didn't disappoint me. The storyline is well written, very entertaining, strong, engaging and Fantastic. Her characters are amazing, thoughtful, powerful, exhilarating and lovable. The Dialogue is fascinating, humorous and realistic and If you haven't read any of Kate's books in her previous series are missing a lot. This is a great addition to the Mail Order Brides series, but this book can stands on it own, as I have said before I love it, but they all make me happy and excited. This being book 5 in the series.

Ava is a makeup artist with a past, but she has changed her life, everyone deserves a second chance even a woman who made a unbelievable mistake and landed in jail because of her terrible taste in men, but because of it and the fact that she is a BBW with tats she doesn't feel like she will ever find the right kind of guy. But if you could get the chance to make a good match and it could be made on the 'Luscious Lads and Ladies' site! Ava is visiting her friend Sherry in shifter village and Sherry convinces her to sign up with the dating site. Sherry in shifter village to has found her Man and is so happy she pushes Ava into going on the Luscious Lads and ladies site. Ava is very surprised that the site has no pictures with the profiles and then she gets a even bigger surprise when she accepts a date and it is with the Sheriff Dirk Matthews. Thank Nick for this weekend and having a test with a blind date version. You get to know who you are matched with before you go on your date with the person you are matched with, but a sheriff ? Yay! But how could the site match her with him?

Dirk is a very protective tiger shifter that's gorgeous even when covered with dirt and grim. He loves to help people that's why he volunteered to help build houses for people and is the sheriff of shifter village. But there have been a number of fires in the town and he still has no true suspects. But when he meets Ava he is instantly attracted. But you need to read the story to see what's going on between the two of them. The chemistry is SCORCHING HOT!

This is a must read this quirky, it's a humorous book, you will want to find out what happens between Dirk and Ava. I recommend that you add to your TBR list to read.

If you can open your mind to the possibilities of love and romance. If you believe in the world of paranormal romance, the possibilities are endless and fascinating!

## **Diana Rising says**

The Tiger is a sheriff, works to help the poor, and makes bad impression on the lady at first. She used an app to find a match, because it has worked really well to match ladies to shifter hunks. Unfortunately, or maybe not, the day she signs up is during blind-date week and you can't see the photos. She is tatted-up, has a record, and used to use drugs. A lawman is not the match she expected. Lots of fires and crimes create quite an environment to get to know a man. He is a good guy who knows that someone's past doesn't mean they can't make a change and he has to teach her that he can accept her. It is a great romance.

**DELICIOUSLY CUTE, DELIGHTFULLY SWEET AND WONDERFULLY ENTERTAINING !!!**

Title: Tiger's Tease

Series: Confessions of a Mail Order Bride

Author: Kate Kent

Designation: Book Five, Standalone Novella, NO Cliffhanger

Genre: BBW Paranormal Shape Shifter Romance

Reading Platform: Kindle Unlimited

My Rating: FIVE SERIOUSLY SEXY STARS \*\*\*\*\*

I absolutely love it! Tiger's Tease is the fifth adorable release in Kate Kent's heartwarming Confessions of a Mail Order Bride Series and folks, this one is a doozy! The story is delightfully cute, deliciously sweet, completely unique and oh so romantic! And did I mention sexy? No? Well this one is sizzlin' hot! The narrative is fast-paced, well edited and well written in the first person from our heroine's point of view which stands to reason since this series is entitled Confessions of a Mail Order Bride. The dialogue is sexy, well executed and flows effortlessly. And as are all Kate's books, it's well developed, well crafted and will tug on your heartstrings, tickle your funny bone and warm your heart as well. Of course, my favorite part of Kate's stories is always a toss up between the wonderful characters and the special worlds she creates. Her characters are just so darn cute and manage to steal the show every single time. They're always engaging and completely relatable. And one of the things I've loved most about this entire series is that each of the heroines has been life-like, down to earth and even inspirational with real issues and self doubts, just like we as women experience every day. I fell in love with the two protagonist of this story, beautiful curvaceous Ava Adams and handsome tiger shifter Sheriff Dirk Matthews. Remember the department store makeup artist who helped Sherry Cole cover her port wine stain birthmark in Lion's Love, the first book of the series? And also the character who did Judith Banks' makeup for her wedding in Bears' Babe, the second book of the series. Yep, that's the one. Well, she finally has her own story and hopefully, will soon have her very own shifter mate. And if you thought you knew the conservative, hard-working Sheriff Dirk Matthews, then you better think again! Wow, was he ever a complete surprise and a fabulously sexy one at that! Kent also excels at world building and in this series, we get a brand new town, Shifter Villages which is filled with special hangouts and a variety of hunky, handsome shifters! Hubba! Hubba! So, I feel sure she'll have several that will capture your heart! So buckle up, my lovelies! Let's make a return trip to Shifter Villages! Maybe we'll even be able to figure out who is causing all the mayhem by setting the fires around town. Hmm....I wonder

who it could be???

Makeup artist Ava Adams spends her days making other women beautiful at Dean's Department Store. It's really too bad she can't take her own advice and accept her own natural beauty. Sadly, Ava believes that most people simply can't see beyond all her tatts, piercings and studs. And certainly not her criminal record and former drug addiction. Fortunately, none of that influenced her new and very pregnant friend Sherry Cole Landon, a former client who recently married lion shifter Adrian Landon, owner of Sharp Cuts Hair Salon in Shifter Villages. Ava loves Sherry but can't help being a little jealous of the wonderful relationship Sherry has with her new husband and mate. She desperately wants the kind of love Sherry and Adrian share but is reluctant to sign up for the Luscious Lads and Ladies Marriage Mates website which is where both Sherry and Judith found their mates. Who in the world would want someone like her? But after a trip to visit Sherry at Shifter Villages, Ava is hard pressed to refuse her friend's urging to sign up for the site herself. And when Ava immediately receives several requests for a date, no one is more surprised than she, and one of them is a ten heart match which means according to their profiles, they are one hundred percent compatible. Oh my! There's only one little problem. There are no names and no photos. The website is featuring a new blind date promotion with matches being made solely on their personality profile information with no one trying to judge a book by only its cover. Oh goodness! What's a girl to do? Why accept of course! But excitement quickly turns to disappointment when Ava meets her hopeful Prince Charming. It's none other than the bossy man she met earlier in the day at the scene of another fire in Shifter Villages, Sheriff Dirk Matthews! This is bad, very, very bad! How in the world could a law enforcement officer ever be interested in someone like her, a former drug addict with a criminal record. It has to be a mistake, right? I guess we'll have to wait and see!

Tiger shifter Dirk Matthews loves his job as sheriff of Shifter Villages but he longs for love and a mate. And the continued episodes of vandalism and unexplained fires plaguing the town are not helping his disposition. Being an officer of the law is never easy and apparently, he's made some enemies along the way, enemies who are willing to destroy the town in order to hurt him. So far, all his efforts to discover the identity of the culprit, have been fruitless but he refuses to give up on solving the case and finding a mate. And the gorgeous young woman with the tatts and purple hair he's just met on a blind date thanks to the Luscious Lads and Ladies Marriage Mates website may very well be his ticket to happiness. He and his tiger both want Ava Adams as their mate but does she want him? Will Ava be able to accept the undeniable attraction and agree to give Dirk a chance? Will Dirk still want Ava once he finds out about her past and her ex-boyfriend? And will Dirk be able to uncover the identity of the person setting the fires and finally solve the case before the town is destroyed? We'll see! This is another delightful addition to the series and puts us one book closer to learning who hates Dirk Matthews and why they are terrorizing the residents of Shifter Villages.

\*\*Received complimentary copy in exchange for an honest review. Now having said that, I would also like to state for the record, I've been a diehard Kate Kent fan for several years and have loved her books long before I ever received one to review. I loved her work so much that I actually contacted her and asked (actually begged and pleaded) if I could be a member of her review team. So, what did I like about this book? Pretty much everything! Would I recommend it? You bet and I am, to anyone looking for a cute, quick and entertaining read but for adult readers only since it does include some very steamy dreamy sex scenes. Will I read this author again? Absolutely, just as soon as she releases her next book! Fabulous entertainment and an awesome read!

I was given a copy of this book in exchange for an honest review. *Tigers Tease* is the fifth book in the *Confessions of a Mail Order Bride* series and can be read as a stand alone although I recommend reading all of this series in order so that you get the most enjoyment. Ava has had some rough times in her past but she's made it through them and wants to find love. While visiting her friends in Shifter Villages her friend convinces her to sign up for the *Luscious Lads and Ladies* website and Ava figures why not. Dirk is the sheriff of Shifter Villages and is after an arsonist who is setting his town on fire, he's also on the lookout for a mate. When Ava and Dirk are matched and meet Ava's doubts rear up and Dirk will have his work cut out proving to his gorgeous mate that they truly belong together. This is another fantastic story written by the amazing Kate Kent. Every book she writes is a page turning masterpiece. I highly recommend this and all of her other books.

#### **Awesome read**

I'm so glad Ava got her own happy ever after. Meeting her in the first story when she helped another get a happy ending, really made me root for her. The mystery about who is setting fires in town is starting to drive me nuts. I want to know so badly. I would recommend this book to any adult reader who enjoys sexy shifter stories.

### **Stacy says**

It was ok. Had potential, but story line and characters weren't really developed. Girl meets boy, boy tells girl he loves her, couple gets married. All the same in the whole series. Thin development of characters. This series had so much more potential.

### **Elizabeth/snoopypeach says**

Ava works at a cosmetic counter and embraces her own unique look. She's overcome a lot in her past and now she just wants to meet someone special.

Dirk is the sheriff for Shifter Village, and he takes pride in helping people in his community. But he wants to find his perfect match.

This was a sweet and sultry read. The characters are interesting and formed out perfectly for a quick read. Dirk is powerful, compassionate and sensual. Ava is spunky, unique and strong. When they connect it blazes off the pages. The story is full of excitement from fires, to a crazy ex boyfriend. This one is a lot of fun to read.

Received a copy for an honest review.

ANOTHER GRAT MATCH FOR LUSCIOUS LADS AND LADIES MATCHMAKING SITE...FOR  
SHIFTERS AND HUMANS

I WAS GIVEN THIS BOOK FOR AN HONEST REVIEW.....OVER 18 READING

Ava Adams , a young woman who has not always made sound decisions but is now cleaned up her act but still looks down on herself, has gone to visit friends in Shifter Villages. Her friend Sherry met her match Adrian Landen (lion shifter owner of Sharp Cuts Hair Salon) on Luscious Lads and Ladies site, at dinner they ask her to spend the night and got home after she slept. Later at their house Sherry talks Ava into listing her profile up on the site. She started getting mail forwarded to her that night, but the site is trying something

new for the week end, matching by mind, not just looks. She finally decides to have coffee with one before she leaves town , when she see who is her perfect 10 heart match, she start think oh no not him. The outcome of this meeting will change her way of thinking, temporary. But after she returns home her past hits her, she gets threats that makes her rethink everything, but he isn't letting it go, till he makes her rethink things and finds a better HEA then she feels she deserves. I think you will really enjoy this one.

### **Ana says**

Luscious Lads & Ladies does it again, only this time the couple was going in blind!

Hot Sheriff Dirk Matthews has only had his mind on finding the one responsible for the fires in Shifter Village, but when he decides to give the matching site a go, he never imagined he would have such a fast mind blowing romance. Only problem is he loses her before he even has her, thanks to another fire!

Ava, figured she would humor her very pregnant friend Shelly in Shifter Village and put her profile on the site, after all she'd be gone in the morning and there was no way she would find a match that fast. But lo and behold, she gets one and when she meets up with him, it's the man she least expected. Sheriff Matthews and she can't go on a date with a police officer, not with her looks!

I think this was one of the fastest hookups Luscious Lads & Ladies has had, but man is it wild! I have my suspicions of who might be responsible for the mysterious fires, but you'll have to read the stories to come to your own.

I can't wait for Max to find his HEA, but with suspicions hanging over his head, will that be even possible?

Luscious Lads & Ladies is so much fun to read, I love and look forward to reading each of them.

I was given this book in exchange for an honest review.

### **Racy says**

I received this for a honest review. This is actually the first book I have read of Kate Kent. Even though this is book 5 in the series, it works fine as a standalone. I really enjoy books with shifter dating sites. This story has a little spin. It is a blind date from the shifter dating site. Yip can't go by photo you must go by what the profile says.

I love the fact that Ava Adams was so different. She had physical scars and tats but she also had inward scars and a bad past. She was not perfect but was now on the right path. She is a perfect example of a second chance going successfully. She had such a good heart and truly cared about people, though her mouth might of got in the way a few times, since at times she has not filter and says the wrong things.

Dirk Matthews was a handsome tiger shifter and was also the sheriff of Shifter Village. He had a good heart and helped out were needed. He cared about his town and his community. He believed in helping others and giving them the second chance they needed. He also believed in looking at all the evidence and going with

his gut.

There was someone in the small town of Shifter Village setting fires. It was keeping Dirk Matthews on his toes. It appears it is someone trying to make the Sheriff look bad. It is hard to figure out who is behind these fires. Though the fires point to one person Dirk's gut says no.

Sherry Ava's best friend wants Ava to finds happiness like she has with her shifter. So she talks Ava into signing up for an online dating site called Luscious Lads and Ladies. Ava is worries about no one will want her for curves, scars, tats, and past. Lucky for Ava there is a blind dating thing going on the weekend she joins. I found it funny that Ava's dated Mr. X ended up being Mr. Bossy Pants. She had already put him down how bad can this date be.

Ava is still having problems with her ex-boyfriend. This really works on Ava's self-esteem. Will this keep Ava from finding the happiness she so deserves?

### **Sandi Ramirez says**

There is just something about dating sites and something extra special about Luscious Lads & Ladies Shifter site. In this book this ONE week the site is a blind match week and the sheriff gets matched. Oh yes he gets blind matched with someone that thinks she is not good enough for him. I love Kate Kent's books. Each one has a unique story to tell and this one has a great story that says a lot for us to listen and learn. Hot tiger shifter! Can't wait for the next book from Kate Kent
