## **Accidental Arrangements** Alexandra Warren

Not all arrangements are truly by design. Some happen by chance, by fate, by... accident.

Jules Tyler is in desperate need of a roommate. Levi Graham is in desperate need of a room. And while it may seem like the perfect match from the outside, it doesn't take long for egos, expectations, and experiences to say otherwise.

But what happens when the proximity builds a chemistry between them that neither is prepared to handle? Will living as roommates become too much to bear? Or will it be the perfect jumpstart to a happily ever after?

(Note: While it can be read as a standalone, this book does contain major spoilers for the Spite Series.)

### **Sweet Story**

I enjoyed reading Levi and Jules story. I absolutely loved Levi he was a sweetheart and had a lot of patience with Jules. She was irritating with her attitude all the time. I however, loved the fact she didn't look down on Levi when she found out he was a professional basketball player who was down on his luck. I'm glad both of their dreams came to fruition. Enjoyed the book Alexandra!

## **Tanya LaTasha says**

I liked the element of the story where the 2 characters were trying to find their ways individually and their meeting and coming together was purely coincidental as both were in need; however, the female lead exhausted all of my patience with her stubbornness to a point where it began to feel very childish. I get being guarded and wanting to protect your feelings, but she took it to another level. Overall a good read, I finished the story in one sitting.

### **Good Read**

That Levi Graham and Jules are something else. I was rooting for Jules to tear Layna behind up lol! It truly takes a strong couple to have each other's backs the way Jules and Levi do!

???

I just about jumped in the book to punch Jules in her face. LOL. She's still my friend, but she worked every nerve I had. Happy that they made time and put forth the effort to reach their goals. This book definitely earned five stars.

### **Amazing**

This book was so refreshing. I just loved it. I love all this author books anyway. I was about to get upset they both were so stubborn. It all worked. Great read.

**Rena says****No accident**

The arrangement between Jules and Levi was no accident. It was pure fate that lead them to meet each other as they were. They eventually learned to accept each other with their flaws and all, even with Jules being a mean ass. I thoroughly enjoyed reading this book and gladly recommend to others.

This is my 3rd or 4th read by this author and though I really have been enjoying them, I'm truly OVER the men constantly calling their women "Pretty Girl" or "Beautiful" all of the time. I could accept it by an individual character or 2 but not in almost every book.

**Shirley says****Levi, whew child!**

Loved this book so much, I'm actually going to do re-read tomorrow. Levi and Jules were stubborn and kept getting in the way of their own happiness. They were sexy as hell, stubborn and clueless about love, but they finally got it together! I just found Ms Warren's books and I'm glad I did. Love your work. Ok, so I'm re-reading this, then on to another one of your books. You've truly got a new fan!

This was a first read from this Author and now all I can say is I'm binge reading on her books for the next month!!!! This book had me captivated by the first page!!!! The character well thought out and put together in such a way I didn't want to let go! It was an amazing and awesome read for me... Made me aware of some of the things I've experienced. Really wish there were a part 2! Would love to see how Levi and Jules relationship continues to grow

## **Good Read**

3rd book I've from Alexandra Warren and I must say she is winning me over with her stories. Jules irked my soul the entire book, she was just mean and stubborn sometimes for no reason. Jules knew what she was doing from the moment she accepted Levi's offer yet she acted like b!@\*h the entire story. I loved how Levi didn't give up on his dreams and went after what he wanted. I love his relationship with his sister, niece, and nephews. Layna shady behind added to the drama and I hope she gets her own story because she has been doing the most in these books and I would like to know her story.

### **Romance at its best!!!! ??????????**

This book was so good I couldn't put it down. This was romance at its best. I'm a sucker for Oman even and this definitely hit the spot. It was different but I'm a good way. This was my first read by this author but definitely not my last! Great job girl you set the bar high with this one!

### **Awesome Read!**

Alexandra again you created a variety of scenarios in a story which help or get the characters to where they need to be for themselves and with each other. Love the story. Great Read!?

### **Another hit!**

I loved reading Jules and Levi's story. Although they both tried to deny and hide their feelings real recognized real eventually and they stopped fighting it and each other

### **It was an ok read for me**

The book was okay. I really want to like the book a lot but Julia attitude and mean butt wouldn't let it. I couldn't take it after awhile I have to stop reading and take a break. Levi have patient of a saint dealing with her
