## **Bleach (3-in-1 Edition), Vol. 2: Includes vols. 4, 5 & 6 Tite Kubo Crossing the Rubicon**

A new reality-show craze is sweeping the nation, garnering legions of screaming fans (the majority of them being teenaged girls). But this program comes with a supernatural twist--the host, a media-savvy spiritualist, travels to local hotspots and performs exorcisms, live on national TV! Surly Soul Reaper Ichigo Kurosaki has his doubts about this primetime prima donna, and his assumptions are about to be put to the test--the show is heading straight for his neighborhood! What effect will this unprovoked media presence have on the fragile balance between Earth and the spirit world?

### **Tea says**

I <3 Mr. Hat and Clogs. XD And YaY!! The introduction of Yoruichi!

---

### **Diana-Katry Kornis says**

Awesome! And I usually am not the biggest manga fan....Have to watch the anime! :)

---

### **Nicole Fowler says**

Oh my gosh! This series doesn't disappoint! Ichigo keeps getting better and better. Something made me extremely happy (that it finally happened), another totally surprised, and another blew my mind.

---

### **Andy says**

It only gets better, with the introduction and further development of character the story keeps improving. I love the cast so much, especially the protagonist. Often time I don't connect with the lead of the story, but Ichigo is such a great character, I can't help loving him. Ichida is a great addition to the cast, and the changes with Chad and Orihime are really exciting for the future. Overall, I can't wait for the next one, especially after that cliffhanger.

---

### **???? says**

The second volume of **Bleach 3-in-1 Omnibus Edition** reveals more of this universe. Meet **Uryu Ishida**, a Quincy archer that has the same goal as what Soul Reapers do except destroying Hollows with a single arrow. As the story expands, so are secondary characters and the powers that all along within **Orihime** and **Chad** that plays an important role in this series. Of course, more comic relief from **Kon** and a new character called **Don Kanonji**, a TV spiritualist that has similar powers as **Ichigo** and the mysterious **Kisuke Urahara**, a man with a hat and clogs that seems to know more **Ichigo** and the rest of the Soul Society. Plus - the appearance of two Soul Reapers that will become important later in the series at the end of this volume and the first major appearance of a giant Hollow name **Menos Grande**.

The consistency is still there, the revealing of characters is good plus others is giving what **Bleach** its own recognition. The artwork has a slight improvement from since the first volume and more details are flesh out

here. Although the supporting characters (especially the female characters) are weak in existence, what keeps this book is the momentum of pacing that did a good job in story-telling.

### **Nicola Mansfield says**

Vol. 4: Quincy Archer Hates You - A lot of little stories going on here with plenty of humour and action. A cute little one shot story about Kon starts off with a laugh then we get into plot with the introduction of a new character, Don Kanonji, who fights spirits on a reality show. Ichigo meets up with him and it seems as if he'll be a recurring character from now on. He's very irritating. Then we move on to another character who has been slinking around for a while and finally found out what she? (maybe he) is up to. This is where the title for this volume comes from and I like the implications of where this will lead. The spirit world has been explained much more in detail now and we've learned various ways ghosts become Hollows and other various forms of ghosts as well now. A great manga! (4/5)

Vol. 5: Right Arm of the Giant - Whoa! Getting intense. So Quincy Archer's real name is Uryu Ishida and he's definitely a he, there's no mistaking it now. The first half of the book concerns a battle between him and Ichigo which I loved and even though Ishida is a bad guy, I like him. Then it turns out that there are more people than we knew who can see ghosts, Hollows or Soul Reapers and they find out they have special powers too. Chad is featured in the second half and I really enjoyed him being in the spotlight with a little look into his past as he's been a favourite character of mine from the beginning. The title of this volume refers to him. We leave this volume with the battle still in progress and several of our main characters injured to an unknown degree. I haven't mentioned this yet but I'm loving the art. With such a huge cast the artist is able to make everyone very distinct and I'm not having any problems sorting out who is who, though I only have a few names down as of yet. I'll also mention at this point that this manga is very age appropriate. There is one very busty girl but no other sexual allusions at all. Much tamer than say... Dragonball. (5/5)

Vol. 6: The Death Trilogy Overture - Almost the entire book concentrates on the battle started in the last volume and the consequences of it resulting in Ichigo and the Quincy battling together a humongous Hollow. So this is a great volume for battles. Usually the battles are not my favourite parts of shounen but I'm really enjoying these scenes in Bleach! Once things settle down the volume ends on a curious note with the introduction of two new Soul Reapers and their intentions are not good concerning either Rukia or Ichigo. They make an impressive entrance though and look pretty cool! (4/5)

---

### **Sebastian Gonzalez says**

This one is one of the best because vol. 5 & 6 have a big battle of who is better a Quincy or a Soul Reaper. Ichigo meets Don K. and became friends. At the end of vol. 6 Ichigo fights two other Soul Reapers. When the Quincy and Ichigo have the battle to see who is better they see can kill the most hollows but that backfires and a Menos Grande (means "less large" in English), Ichigo's spirit energy was more than enough to force it back.

---

### **Hayleigh says**

This was so good!! I love that we are seeing more of the main characters shine and become more real and I'm so attached! haha

---

### **Laoise says**

I enjoyed the anime and this was pretty much the same with a few add-ons. Still a brilliant story and even though I already knew the plot it was still exciting.

---

### **Shadestalker says**

It was so so. This was more of an introducing characters book in the series.

---

### **Saphirablue says**

For whatever reasons - this didn't really click with me. It's just been boring and not as good as the previous parts.

I did, however, really like the part with the Quincy and how Ichigo's friends suddenly come to powers. That will be very interesting how they and Ichigo deal with that.

---

### **Kaede says**

#### **3.5 stars**

After such a long time away from the anime, it was a lot more fun than I expected returning to this story. Still, the Byakuya of volume nine is drawn like a kid. That was definitely a surprising way to see my favorite character again.

---

### **Holly Fetter says**

All 3 volumes were excellent. Again. Lots of battles (woohoo!). New characters, new powers for others, a bunch of explaining going on-loved all of it. The reasons Ichigo gives Uryu why he's fighting the Hollows as a Soul Reaper just made me like him even more. The quote in the beginning of 5 hit me in the feels..."I can't protect you without holding a sword. I can't embrace you while holding a sword."

---

**E \*I tried being resonable I didnt like it\* says**

Sorry I finishe dlong ago I just havent been on gr recently . So Basically this book was amazing just as good as the first one even better actually! I'm so glad this series has like 70 books.

---

**Elias Alexander says**

This volumes was even better than the last ones. I definitely love this manga series
