Bye Bye Bertie Nancy Mehl

Ivy Towers is working hard to get Miss Bitty's Bygone Bookstore on its feet in Winter Break, Kansas, when she discovers a map hidden inside an old music box. Could the map lead her to the Lost Gambler's Gold? The legend of the ill-fated 1860s gambler had circulated among residents for as long as Ivy can remember. But when Ivy follows the directions to where "X" marks the spot, what she digs up uncovers a mystery that leads to more than she ever imagined. Lives will be changed, old secrets revealed, and Ivy will learn that lost treasure can sometimes turn out to be much more valuable than a chest full of gold.

Virginia says

kept me reading till I finished

Cheryl says

I liked the book altho I didn't realize it would have such a religious theme. I thought the relationship between the daughter/mom was handled smoothly and wish I had done more to 'make it so' with my own mom.

Tom Elder says

Nancy Mehl Book 2.

Bye Bye Bertie.

Set in Winter Break in Kansas, Ivy Towers who is the owner of an old bookshop that belonged to her aunt, Ivy gets involved in some strange happenings going on. Ivy's parents arrive back from China which Ivy is none to happy about, so between them and Amos the deputy they strive to resolve some serious mishaps. This is a brilliantly written book that was a joy to read. Looking forward to the sequel.

5 stars 12 December 2014.

Elizabeth says

Fun, heart, warming

Andrea says

I love the characters in Nancy Mehl's books. This was a great follow up and another easy read by Mehl. The end had a nice twist.

Ausjenny says

This is the second book in the Ivy Towers Mysteries. I loved the first book and this is no different. I joined up to the Heartsong presents Mystery club and have quite a few books still to read. I am trying to read a book from each state when I remembered this book is from Kansas and I needed to read a book from there so choose this one. I think Ivy has a wonderful job working in a bookstore and enjoying working with books. She comes across a map that she thinks could lead her to the Lost Gamber's Gold. Ivy digs up a mystery and here the fun starts. We also see her parents come to town and see how her Mother thinks she is wasting her

life in the small town and its interesting seeing why she feels this. I loved the story and seeing the way the characters develop. A great read.

Joy Gerbode says

Quite enjoyable, silly mystery, very easy reading. Quick and light.

Monica Mason says

Good for my first time reading a more Christian cozy mystery. Odd Character names and homey setting.

Janie R. says

This is the Bk.2 in the Ivy Towers Mystery series, and it's a great a book as the first book! One of the things I really like about this series, is that the plot and characters are created around this bookstore that used to belong to one of the characters who was it's owner and a book lover. Sometimes, as I was reading, I would burst out laughing because the main character could be so darn funny! I look forward to reading the next book in this series!

Deloris Mercer says

Fantastic story

Thank you Ms. Mehl for this great book. Good mystery and lots of twists and turns. Great characters and lots of twists and turns.

Linda Allen says

I'm a big fan of cozy mysteries, and this was one of the best. It is the second one in a series of 4, so I will have to go search for the rest.

Jeannie and Louis Rigid says

I enjoyed this book. This is Christian literature working for the mainstream mystery reader. I tend to not enjoy 'preachy' books but Ms. Mehl blends the mystery with scripture so smoothly that she had me bringing out my Bible to remember some passages.

The mystery was fascinating and cleverly plotted out. I was never bored.

Off to the next in the series.

Suzanne Bordwell says

Second book in Ivy Towers Mystery book series. Cute little cozy mystery.

sandra sprenger says

Great fun read

Story moves along nicely with twist and turns. You feel like the characters are people you have known for years. Story within story keeps you involved. Family problems come into play and you wonder what you might do. Really enjoy this book. Easy to get into and enjoy.

Julie Durnell says

This was a good follow-up to In the Dead of Winter, but I enjoyed the first book more. I figured out the mystery quite easily. The Ivy Towers storyline is entertaining though!
