Christmas Daddies Jade West

From USA Today bestselling author Jade West, a collection of bestselling novels, bonus content AND an exclusive novella!

Dear Santa,

I've been a bad girl, but I still want a Daddy for Christmas...

Mr Hart is my big, bad new boss and my biggest Christmas wish of all.

He's everything I ever wanted. Gorgeous, stern, powerful.

Totally off limits for a silly young office trainee like me.

He's asked me to house sit his empty home for the holidays, and it's a sneak peek into his private life I can't resist.

I'm just begging you, please Santa. Please make sure Mr Hart is waiting under the tree this Christmas morning.

Preferably naked, if you're feeling particularly generous.

Love from your very bad little good girl,

Jenny

The set contains 3 full-length novels: Call Me Daddy, Sugar Daddies and Dirty Daddies, including bonus content for all three, and an exclusive Daddy novella perfect for Christmas!

I had already read the original stories in this Boxset but I loved the bonus scenes and the new story was fantastic! Definitely not your usual Christmas romance. Nope. It's waaaay better. If you're looking for hot and dirty it's right here.

Hot little nugget of filth!

No matter how many times i pick up one of Jade West's books, i'm always floored by it. There's simply no way to truly know what you're getting yourself into until you dive right into it. If you've read any of her books before, especially her Daddy stories, then at least you'll have some sort of an idea of what you'll get, but Christmas Daddies is just so much better.

It's an insta-love in the making between Jackson and Jenny with the twist of him desperately wanting to be needed and her needing the father figure she'd been denied all her life. But let's be honest here - even with their individual issues, together these two are incredible. Jackson endeavours to make Jenny a better person and reach her full potential while Jenny manages to bring out the best in Jackson and challenges him in so many ways.

I loved reading this story, truthfully, any book by Jade West, and it was captivatingly written to the point where all i did was read this book until the very end. Needless to say that i can't wait for this author's next release with almost impatience.

???Five Tinsle Covered Christmas Stars ??

Loved this collection - it has a little bit of "Daddy" for every kink

Sugar Daddies was actually my first Jade West book - and to this day still my favorite. I love Carl there is just something about him that clicks for me - and his partner Rick is just a sweet little bonus. They are looking for that perfect third that will fit into their lives and make it complete- it seems Katie may just be the missing piece, but will Carl's needs be too much for Katie? ?

Call Me Daddy is one ? read!

This is Nick and Laine's story and I have to say not for the faint of heart. Nick wants to love and care for Laine, to protect her and to discipline her, for her own good mind you. Laine wants to be loved - she wants a daddy to protect her and care for her. What they find together is a beautiful balance of the two.

Dirty Daddies - this was great - two best friends - opposing personalities - one sweet little girl who has lost her way.. You can put the pieces together ?

Christmas Daddy ? It was fun to watch Jackson fall down the rabbit hole in this one. He doesn't do romance, doesn't do relationships - what he does do is little Jenny Morris

Genre: Erotic Romance

Type: Standalones books + novellas

POV: First Person - Dual

Rating:

Jenny Morris had always had one wish since she was young - to have a Daddy for Christmas. Not having a father figure, she wanted someone to look up to. And she found that quality in her new boss.

Jackson Hart was a man who knew what he wanted. When he found his new intern's secret, he was determined to find out more. With her desire to please, this Christmas could turn into the best one they ever had.

“You’d best not spill a drop. Naughty girls get punished on Christmas Day, sweetheart, no matter how fucking cute they look.”

Generally, Christmas novellas tend to be quite sweet. But when it comes to Jade West's you can be assured on the dirty part lol! This is why I love this one. While the story was dirty, there's just enough cuteness and sweetness to make it festive.

One of my favorite part of the story is the character D. Whittington. His appearance added something special to the story :p

“Stretching your tight little pussy around my cock is going to be the best Christmas present of my life.”

The brand new novella in Christmas Daddies collection is a story of making dirty wishes comes through. It would appeal to readers looking for a quick, sexy, festive read.

Jade West writes some of the hottest, kinkiest stories out there and she has done it yet again with a delicious, naughty Christmas novella. It is an forbidden, taboo story that is about a boss and his subordinate-- Jackson Hart and Jenny Morris. He is the older, hot, sexy boss and she is the younger, innocent woman who has some dirty, hot fantasies about her boss.

Jenny has some erotic, hot, kinky, steamy fantasies about her boss which she has typed out on her work computer. Jackson ends up finding out her intermost, deepest fantasies about him and wouldn't you know, he too, has had some dirty fantasies about her and has since he saw her picture on her mother's FB page. He knew her mom years ago and has kept somewhat in touch with her mom. When he found out Jenny would be needing a job since graduating college, well, he made sure to extend a job offer and here she is in his company. Now its time for this Daddy to make all his little girl's dreams/fantasies come true. This is one steamy insta-love story that will have you needing lots of ice, in order to cool down after reading the steam Jackson and Jenny produce.

Also, the 3 Christmas epilogues for the other Daddy stories--Call Me Daddy. Dirty Daddies and Sugar Daddies is a fabulous and perfect ending to some steamy stories in the Daddies series. I loved getting to see how these couples were doing and what was new in their lives since we saw them.

My Rating: 4.9 stars *****

4.5 Stars!

Jenny Morris is a hard worker and new at her first internship position. Having an active imagination, she lusts over her boss and pens her dirtiest fantasies. With Christmas approaching, Jenny is home alone in a new

town but when her boss asks for a favor, she is willing to do her best to comply with his request. Now that Jenny is surrounded by a cozy holiday setting, one longstanding wish remains to be fulfilled.

“I wanted a man who’d take what he wanted and leave me a whimpering, squelchy mess of fuck yes!”

Jackson Hart is a no-nonsense type of man driven by his career. From the beginning, he sees potential in Jenny but he is cautious until he discovers Jenny’s extracurricular hobby. Deciding to keep her as close as possible, he respects the boundaries but Jackson soon realizes he is more than willing to satisfy a certain wishlist.

“I’m going to fuck you through every single one of your fucking fantasies,” I told her. “Every single one.”

Told in dual POV, the personalities of Jenny and Jackson are felt immediately. With Jenny being younger, she wasn’t too naïve and her sense of humor added to her level of maturity. Though Jackson is a mature figure, he exposes vulnerabilities in hopes of moving forward. Together, their chemistry is combustible and they embrace their own needs without apology.

This story has some sweetness (creamer excluded) but it is also balanced by the author’s signature hot dirtiness making it a perfect holiday novella. For those looking for a quickie read it’s guaranteed to keep you warm and tingly in all the right places! I highly recommend!

4* sweet little jen jen STARS!!

Mini review: Christmas Daddy

The girl was perfect. An angel with a dirty soul and a tender little cunt just made for pounding.

One of the best! I know I'm very late but didn't regret it. A girl with dirty fantasy has special place in my heart. Mr. Jackson Hart aka the boss is Jenny Morris's wet dream. But who knows that that the boss finally read Jenny's dirty stories. And he like it a lot. The story was entertaining without drama. I like Jenny because she's mature enough (not like other Jade's usual heroine). Mr. Hart also didn't act like a douche. He's already fall for Jenny but not really sure until her dirty fantasy about him. Overall, a solid read for me. Really enjoyed it.

"I'm gonna fuck that tight little pussy all night long," I told her. "And then I'm gonna fuck that sweet little asshole right on after."

"I'm gonna fuck your throat so hard your eyes will water, and make you come so hard you'll scream my name."

I haven't read any of Jade West's full length novels yet but this little novella gave me high hopes for the rest of her work. The perfect hot and smutty Christmas read.

Bex (Beckie Bookworm) says

As usual Jade Delivers a sexy smutty, while still, heartwarming read. I've said it before, and I'll say it again Jade West has a unique talent in this department.

Christmas Daddies brought a smile to my face with its sweetness.
while also brewing tingles elsewhere.

Christmas daddies is an age gap romance of novella length.
And just what the doctor ordered for some fab holiday reading,

So Jenny has it bad for her boss Mr Hart, so bad she has a bunch of steamy short stories involving the two of them all stored on her work laptop.

Jackson Hart, Jenny's boss is intrigued upon discovering her naughty ramblings.

And upon realising Jenny is alone for the holiday season decides to invite her round with the offer of house sitting a fake cat called "Dick" bloody hilarious.

Well, I don't think I need to expand on the rest if you're familiar with Jade's books, no more need be said.
Let's just say this comes with some much need festive filth.

So this was a really enjoyable holiday read, I love age gap relationships, especially since I'm in one myself so can very much relate.

This was as usual fabulously written its only down slightly in the ratings as Jades longer works are much dearer to my heart.

But This is still an excellent solid read that I can't recommend enough.

I was kindly gifted a copy of this story of which I have reviewed voluntary.

All opinions expressed are entirely my own.
