Natalie The Biblioholic says

Copy given in exchange for an honest review

3.5 stars!!

This was the first book I've read from this author and not only was it well-written, it was primarily light-hearted and fun. The intimate scenes between Ethan and Delaney were sexy, sensual and intense.

I liked the idea of the feuding families, even though the hate wasn't rational. It gave the story the drama and edge it needed. I wonder if the open ending was deliberate and whether we'll see more of this couple in the series. Otherwise, this couple will remain in limbo because there were still issues to resolve.

XO

Jessica's Totally Over The Top Book Obsession says

3.5 You are what I need Stars

"Don't you have other women you can touch?" "Maybe. But you are the only woman I want to touch." "You certainly like playing with fire."-Delaney and Ethan

Forbidden Fling was an enjoyable read. It took me a little bit to get use to the third person writing style(for some reason 3rd person always takes me a minute to get use too) but once I did I really got into the story. I loved the whole modern Romeo and Juliet, star crossed, enemy families theme going on in this book. The drama kept me on edge wondering how they were going to ever be together and what would happen next.

"I've never wanted anyone the way I want you. It.....scares me."-Delaney

Ethan and Delaney were both likable and down to earth characters. I loved Delaney's sassy mouth and thick skin. She didn't take anyone's crap but didn't come off hateful. Ethan was very sexy and all that dirty talk he did upped his hotness points. They had some major chemistry and were burning up the pages with their passion.

"And I'm definitely ignoring this one, because as much as I might agree with you logically, every other part of me flat-out refuses to jump on board. Emotionally, physically, mentally, I only want to be with you. The last week has been miserable without you in it."-Ethan

Ethan's family drove me crazy. I loved it every time Ethan stood up to them. All the other secondary characters were intriguing. I really liked the little bit of Avery I got to see and I hope her book is next. Overall I really liked this read. The reason I gave it 3.5 stars is because I would have liked more relationship development. There was plenty of sex and that is fine but I would have liked a little more quality time

between the couple so I could have felt their love. Also I didn't like the abrupt ending. It was jarring. I went to turn the page and nothing it was over and I was like wow that's it. I will be reading Avery's book if and when it comes out!

"You are what I need."-Ethan

*******FOUR STARS*******

{ARC Generously Provided by Author}

If you have ever read a Skye Jordan novel, you know that her Heroes are the ultimate sexy as hell alphas and her heroines are as tough as nails with maybe a tiny bit of the damsel in distress in them. And you are sure to get a healthy dose of the most decadent panty melting schmexy times that will set your libido on fire. That is definitely what you are in store for with **Forbidden Fling**. I will warn you that it does start off a bit slow but when things start to heat up between the two main characters, it was hard for me to put this one down.

Delaney Hart has returned back to her hometown after having left for several years. A certain tragic accident and subsequent harassment from some of the townsfolk forced her to run away from her home and family. The township is threatening to demolish her family's rundown and abandoned bar, and her aunt Phoebe asks her to come back home so that she could make the decision on whether to demolish or rebuild the property.

Ethan Hayes is the local building inspector and has been planning on running a brewery with his grandfather, but he needs a liquor license. He was certain that the Harts would end up demolishing their bar and that he'd be able to buy their liquor license. Never in his wildest dreams did he think that Delaney Hart would return home. He had a huge crush on her during their high school years but was never even a blip on Delaney's radar. Back then, she only went out with the bad boys and Ethan was too straight-laced for her.

When they both cross paths again, they can't help but notice how insanely attracted they are to each other. And what they think is only going to be a one-time deal, turns out getting complicated and so much more serious rather quickly. When Delaney finds out who Ethan is, she tries to put an end to what was starting to develop between them, and Ethan knows they couldn't have a future together since his family blames Delaney for their tragic loss. Can these two overcome insurmountable obstacles and find true love with each other?

If you're into adult contemporary with a healthy dose of steam and angst, then this book is one not to be missed. **Forbidden Fling** is available now!

Guilty Pleasures Book Reviews says

Slick's review posted at Guilty Pleasures Book Reviews

4.5 stars

Oh thank the heavens that Skye Jordan is back to writing and releasing books because I've missed her and *Forbidden Fling* proves she is back and ready to take the reading world by storm! This modern day star crossed lovers story is simply fantastic and there is something so intrinsically right about this couple being together despite the odds against them, despite the event that changed both their lives, despite their family's history, and despite the fact that she has something he so desperately wants in order to make his dreams come true. I loved this couple, I loved their complicated relationship, and I loved that despite it all they had the ability to see each other's side and be fair and civil. This love story had such a rightness to it and given everything stacked against them, it is a miracle that they were open and genuine enough to see each other and what they had together to make it happen.

Smart, savvy, strong, passionate, resourceful, and kick-a\$\$ describe Delaney Hart and given everything that happened to her in her formative years she's an amazing woman. She never planned to return to Wildwood, but she must deal with what's left of her late father's bar and put her past firmly behind her. What she doesn't expect is finding out the situation isn't as cut and dry and she'd like or the hot man who turns her inside out her first night back in town.

Ethan Hayes is tired; tired of doing extra jobs to keep his mayor father happy, tired of working his day job plus the extras for his father's friends and then working half the night to brew the beer for the company he's trying to start and tired of dealing with all his family issues. He wants to open his brew pub, he wants to secure his future and the future of his grandfather who has stood by him ever since the incident that took his cousin's life and he wants to be able to quit the job that ties him to his father and his uncle who hold everything over his head. When the woman he had a crush on many years ago shows up back in Wildwood and he realizes she doesn't know who he is and they share undeniable chemistry he decides to take something just for him, he only hopes that doing so doesn't have irreversible consequences.

These two are tied together in so many ways and honestly most of it is not of their own doing. What is their own doing is the night they share and the closeness they have together from the start. I honestly felt like Delaney and Ethan were two pieces of a puzzle made to fit together; they were just that right. They had a lot of ups and downs throughout this story and while at times they jumped to conclusions or maybe had doubts

about one another they were quick to apologize when they realized they were wrong and in fact sought comfort in one another even when they thought they should keep their distance. I appreciated the complexity of their relationship and of this book in general. This wasn't an easy romance, but their struggles made getting to the other side that much better.

Skye Jordan offers everything I love in *Forbidden Fling*; a strong heroine, an admirable hero, a thoroughly engaging story, incredibly sexy times, enough tension to make it interesting, and a hopeful ending with a glimpse of what's to come in future books in this series.

Mandy says

I loved this book! Delaney + Ethan = super hot! I loved these two and especially the steamy scenes between them. I can't wait for the next book in this series!

Wendy'sThoughts says

3.5 Conflicted Hearts Stars

***** 1/2**

This had all the trappings of two characters who should not be together...who are so drawn to each other, they can taste it... and the surrounding backstory of a family who has made it their purpose to rule the outcome keeps these lovers on shaky ground. In Skye Jordan's hands, you know this tale will have all of the plot tension, character development and sexual heat she is known for.

We have these star-crossed characters, Delaney Hart and Ethan Hayes, from two families who have these long entrenched reasons for hate, guilt and just plain stubbornness. The main focus of this story is the Hart's owned bar which was the scene of the Hayes' family tragedy so many years ago. Delaney Hart feels the guilt of the situation, whether she should or not. This small town has blamed her unjustly and she has been away from her family because of it for many years.

Although she has not been back, she has maintained all of the liquor licensing fees in an attempt to allow her sisters to do something with the old bar should they wish. Delaney took all of knowledge she learned at the bar and worked her way up the ladder in restaurant planning and restoration. She was a department head of a huge firm until the hostile conditions became too much. Since she is between positions, her aunt is encouraging her to look at the bar as a possible renovation and not the demolition the Mayor is pushing.

What Delaney doesn't know is the license she has been maintaining is the same one Ethan needs to make his Brewpub a reality. And this is the big issue hiding in plain sight.

Ethan has been working with his uncle for years on craft beers and these beers are good.... better than good. His uncle is the only loving member of Ethan's family. His father, the Mayor, is a pompous, selfish, narcissist who runs this town as if it is his kingdom. His older son is the sheriff and not much better. Ethan is the town's building inspector and keeps getting saddled with last minute inspections for his father's old cronies...He is in a rock and hard place and the latest move his father did has brought Delaney back to the

town.

The Mayor pushed through an ordinance saying the bar was an eyesore and needed to be torn down. Now Delaney needs to figure out whether to go with that... and pay a huge cost with no place for any profit or business... or do what her aunt wants her to do- use her talents and resurrect, restore or make new the bar and have a place of business.

These two meet at the bar's location while Delaney is looking at it her first night back...she does not remember Ethan..however, he remembers her. They have an immediate connection which they act on...intense...

In the light of day with the official City Inspection due...In walks Ethan with his clipboard to Delaney's surprise. Both are not happy....Both have their own agendas...And so does the Mayor.

It will be a matter of wills, a matter of ethics and a fight for what is right and in their hearts.

There was a lot to like in this book. As a huge Skye Jordan fan from her Renegade Series, I can say she applies all of her strong writing skill in handling the sexual encounters for these two. She also framed the story with the necessary tension and frustration needed for this to work.

Usually I have a habit of falling hard for the men in her books....But with this story, I was Delaney all the way. This was a very determined, smart, underestimated woman. She proved to be a beacon of light throughout the story. She held strong through it all.

With Ethan, I had major issues. Yes, his heart was in the right place, etc. But it was the deception or more politely said, withholding of information which was not cool. Time and again he underestimated Delaney...and that again did not make me happy. The other sticking point was I felt he was weak with his brother and father. He had difficulty in holding strong and standing up for himself.

All of these issues, though, were necessary to move the story along...so it could just be me being a bit of a hard ass...

Because while I was reading this book, I was reading another... and my mind kept going back to this book... which only shows how strongly involved I was with it.

Skye Jordan is a writer who always delivers. This is her new series and there is much to play with. Sisters come back, brothers may be redeemed...who knows...it up to Skye's limit...

Timitra says

Forbidden Fling is a small town romance. It is a sweet, sexy, feel good romance that contains both the unrequited love and enemies to lovers tropes. I quite enjoyed it and I'm eager to read more in the series.

Katy Loves Romance ❤️? says

4 Stars

Skye Jordan has been one of my go to authors ever since her regenades series. I love her friesty stubborn heroines and then her alpha, hot and charming heroes...

This book was all that but different..

Delaney ran from her home town, worked her way up in the construction business on her own and made something of herself by being a designer.. But back in the day when she grew up she was the Feisty woman, with a rebel name. As a woman she's strong and stands her ground..

Ethan is the cousin of the family she ran from. But he's not under the same category as the rest of his family.. What I will say here is, the men in Ethan's family are money, and face and not love (well aside from Ethan and his pops). So this story I would say is a modern Romeo & Juliet in many ways. Poor and rich, people don't want Delaney being back in town yet others love her airs and grace and charisma attitude that she brings with her, and that brings a lot of gossip. They live in a small town where gossip surrounds. But the Chemistry between these two is instant and so they develop a fling..

Let me tell you Skye can write sensuality, sex and those scenes will make you jump on your other half.. Cause they're not just sex, but I felt LOVE..

The want, the need to be with someone, to feel loved.

That pored off the pages. And I really enjoyed being inside the voice of Skye once again and her writing as ever pulled me in..

So why 4?? Cause I felt like although I love the tug of war trope, the angst, the feeling on will they won't they? It was like that throughout the book, and I felt it wasn't tied up in a neat bow at the end. Kind of finished abruptly and could of finalised neater IMO. I just wanted more. I wanted to see them together a bit more. But hey that's just me. I love romance LOL I want the icing on the cake. But this was definitely a great start to this series, and I can see lots more happening to the characters that are starting to develop and intrigue me as I read.. It left me with a happy for now feeling, rather than a happy ever after..

That. Is. All..

Enjoy Xo

Maddie says

According to me a Prologue or the 1st Chapter of a book is THE reflection!

SO it must capture my attention from page 1 I will continue a few more chapters to give the Book a fair chance to change my mind!

Review!

This book was written in third person!

Family grudges, and resentments and secrets – Base Line of the story!

AND WHAT DOES THAT sentence REMIND Me OF – ROMEO AND JULIET! *wink*

Type of Characters and my choices according to pictures :

Delaney Hart – tough and hard headed, also determined.

Ethan Hayes – strong, determined and vulnerable

Chapter Development

Ethan years back had a secret crush on Delaney, but all changed in one night.

Delaney ran from her home town at the age of 18, she never wanted to return! She started working at a construction business and worked her way up.

The book is based on a bar (YES YOU READ CORRECTLY), The Bad Seed - bar. As the bar is abandoned it is threatened to be demolished. So what our little Delaney have the required liquor license. Delaney possessed one third of the run-down bar, which was part of her and her sister's inheritance. But this bar has secrets many-many secrets!

Ethan and Delaney been apart for years, so this read is about self-discovery and a journey each character needs to take, chemistry built up and HEAT LOTS OF HOT HEAT, wild attraction so to speak and sparks!

Quote I loved

"The road is long, there are mountains in our way, but we climb a step everyday".

Epilogue! →

Recommend to the following type of readers: →

Over 18 etc.

Why my rating?→

It took me a while to get into third person read again!

But although this read is nothing what I expected it was steamy that I can tell you. The read lacked a fast paced feel to it so it took me a while to get used to the story line. I would have loved some building up of chemistry but otherwise

I cannot complain!

Will I read it again?→

Not sure

My feelings while reading this: →

To the Author

The book was written with emotion, detailed and overall I loved it!

ARC Received via Netgalley for honest opinion

Synopsis

Delaney Hart has come a long way from her wild youth, dating tattooed bikers at her father's bar, The Bad Seed. But when his death pulls her back to Wildwood, California, she must stay to renovate the dive he left her. And also face the lies and secrets that sent her running ten years before.

When Wildwood's chief building inspector, Ethan Hayes, shows up on the property, Delaney doesn't recognize him. The last thing he wants to do is save the bar where his cousin died in a brawl. But the good boy from her past is all too willing to remind her of the bad girl she used to be. And one night of passion leaves them both in a compromising position.

The last place Ethan should be is in Delaney's bed. Guilt, family pressure, and plans for a brewpub of his own make shutting down The Bad Seed his top priority...until his feelings for Delaney interfere. Because her future depends on the success of the bar's renovation and his dreams are rooted in its failure, their forbidden romance may be destined for heartbreak

ME AND my reading glasses

A BIG Thank you to the author! :D

Claire Robinson says

4 - "Looks like the wild is back in Wildwood." Stars!

Skye Jordan is one of those authors, that after finishing one of her books, I am always left wishing she wrote faster and released books more often, because I remember just how much I love her writing. *Forbidden Fling* certainly did that for me, and I am pleased that we get to see more from the *Wildwood* series very, very soon.

Delaney Hart has returned home to a town that she left firmly in her wing mirrors ten years previously. She left with bad memories as well as a bad reputation, and her return will most likely spark those memories, and rekindle the reputation for the town of Wildwood in general, and several families in particular, especially when it comes to her families bar, *The Bad Seed*. But the Delaney that left, isn't the wild child anyone remembers her as anymore, the woman that has returned knows what she wants and isn't afraid to go after it, even if she has only been back in town for a few hours, and isn't 100% certain who it is, she's actually going after initially.

"A Hayes and a Hart were never meant to be friends, let alone anything more."

Ethan Hayes, always admired from afar, before Delaney left, coming from one of the town's most influential families, his presence on Delaney's radar barely registered, seeing that she was into bad-boys, bad-behavior and bad-habits. But things have changed in the interim, and there is certainly more than a little attraction stirring between these two from the get-go, even if she doesn't realize who he is on their first introduction.

"I never wanted anyone the way I want you. It... scares me."

But the town in part is against what Delaney is trying to do, and in a roundabout way it could also have a huge effect on the future that Ethan was planning for himself, a future that would get him out from under his father's control and working for himself.

"You can't run from your past forever."

As you would expect in a small town, small-minded judgement, and threats aren't the only thing Delaney has to deal with in moving forward with her plans, and I liked the way Skye interwoven what was happening to Delaney in relation to the bar, with her budding relationship with Ethan, and his issues with his family. My only wish was that he had stepped up a little sooner than he did in relation to some of the Hart family's behaviour towards her and what she was doing.

"I only want to be with you. The last week has been miserable without you in it."

Forbidden Fling was a really great start to this series, with Delaney having two sisters both of whom are single, I am assuming we have at least two more books to come, especially with events unfolding towards the end of this one as they did, and that makes me happy. The author has set up the town and people really well, in that you have plenty of secondary characters that add value, but they will also give a depth and continuity to any further books to come. I personally hope that Avery Hart's story is next, with *Wild Kisses* due for release in January 2017.

ARC generously provided by the author, and it was an absolute pleasure to provide the above honest review.

MELISSA *Mel Reader* says

4 Stars!

(ARC provided by author)

Delaney Hart is the oldest of three sisters from a small town in California called Wildwood. She had a tough childhood & had always been considered the rebel/bad girl with a reputation that followed her. After a tragedy rocks her life, she leaves town for Los Angeles & plans to never return. Suddenly she finds herself unemployed and returning to the town she hadn't been to in over a decade. She has to deal with property her family still owns & decide if she wants to renovate it or demolish it. One thing she didn't plan on is the sexy guy from her past that she crosses paths with. Ethan Hayes was never even on her radar in high school, but he certainly is now. He's gorgeous & she can't believe she ever overlooked him. She decides he would be the perfect distraction from her current problems.

Ethan Hayes is a man living with many regrets after a decision in his past changed the course of his life. His father is the mayor & he has a wealthy influential family that tries to control him. He gives his loyalty to people that don't deserve it. He's given up everything to pursue his dream of owning his own brewery. While he works towards his goals, he earns money working for the city. This puts him involved with the woman he had a huge crush on in high school. Delaney didn't even know he existed back then, & now their families were in a feud. She should be off limits to him since getting close to her would be professional & personal suicide, but the more Ethan is around her, the more he wants her.

-He was such a sucker for her.

-"You can't deny there's something between us. Something...intense."

-The passion between them flared so fast and so hot it dragged him under until Ethan couldn't breathe for wanting her so badly.

-It was obvious she still wanted him. And she was having as much trouble fighting their attraction as he was.

-"We are fucking nuclear together, and we both want the same thing."

Ethan is tired of letting his family determine his path in life, & decides to go after Delaney. The more time he spends with her, the more connected he feels to her. He begins to not care so much about the complications & his own agenda, & just wants to be with her. Real feelings develop & what started out as a fling slowly turns into so much more.

Ethan is making Delaney want things she's never had before, like unconditional love. She's always taken care of everyone else & he makes her feel safe & special. She originally wanted to be done with this town. Do what she needed & run away again, but now she's reconsidering putting roots back down in her home town. She hadn't felt this kind of desire or comfort with a man ever before, & even though she didn't usually do relationships, she found herself wanting more with Ethan. They both decide to take control of their future while seeing if they can also possibly be with one another. Can they make it work when everything & everyone seem to be against them? I really enjoyed this book about forbidden romance & hope the next book is for Trace & Avery! :))

-She was the one person who seemed to be able to quiet the chaos inside him.

-"We have something, and it's not going away."

-"I want more, Delaney."

-"You're amazing."

-"Everything...a man could...ever want."

Lana ✶Dirty Girl Romance✶ says

3.75 Stars

She'd walked into town, and Ethan's life had spun on its ever-loving axis.

As a long time fan of all things Skye Jordan, I was thrilled to see she has a brand new series in the works. Not only does she write some seriously swoony heroes, but she always matches them up with fantastic heroines. Delaney Hart may easily be my favorite heroine by this author to date. Here was a woman that while she may be damaged in her own way, still had a backbone of steel and never backed down from a challenge. She wasn't brash, she wasn't OTT, she wasn't obnoxious about it. But there was just this understated strength to her to go along with the playful bad girl that added an irresistible vibe to her character that I absolutely adored.

She'd been back in town for only a couple of hours, and all the hurt and guilt that had run her out of town a decade ago had already clawed their way back into her heart.

Coming back to the small town that she grew up in that only carried with it memories of past pain and regret isn't exactly Delaney's idea of fun. But with her father's death and her two sisters are in the wind, there's no one else to take care of the decrepit old bar before it gets demolished on her dime. If it's not enough that she carries the guilt of the past, there's definitely a few people to remind her that she's not welcome. Delaney is made of tougher stuff than to back down from a challenge though.

But then she spends one delectable night with a sexy stranger....that turns out not to be a stranger at all. Ethan Hayes. The good boy that's always harbored a crush on her, but with their past and present still between them, Delaney is even more hands off than she was ten years ago.

I loved the small town setting of the story. I also loved that even though the characters do share a sizzling night together pretty early into the book, there is more than enough slow burn sizzle with the added element of the forbidden added in to make the romance more delicious. Ethan was absolute perfection and it was great to see him come into his own and finally start standing up to his family. But I have to say that Delaney was my favorite part. She definitely stole the show for me. I loved her quiet strength and playfulness. I loved how she doesn't let anything tear her down and maintains her equilibrium at any cost. I also loved watching Ethan fall harder and harder for the reformed bad girl.

He'd never been addicted to anything, but just looking at her standing on his porch made clawlike craving sting in his gut. Made his mouth water. Made him want to take risks he'd never contemplated before.

The back and forth between them did get a little much for me at times, but it was entertaining enough to not lose my attention. My one quibble is I wished the ending didn't feel quite so rushed. While it's my understanding that the story will continue with the other two Hart sisters, I would have loved a little more in that ending. It felt almost rushed after all the build up leading up to it. But perhaps that's something that may be resolved with the future books in this series.

All I know is I definitely enjoyed this one and have a feeling I'll enjoy the next two even more. Especially with that set up for who I'm hoping will be the next couple. Because...rarr. Seriously.

Juanita says

3.5-4 forbidden romance stars

Ethan and Delaney's chemistry is total hotness! These two are "suppose" to be enemies but it's hard to deny themselves what they want.

"This," he said, breathing hard, his voice rough, "is going to be a fight every step of the way. You know that."

Great story! but I'm just going to say that the ending wrapped up pretty quickly. No epilogue....but I already read book 2 so I get the future glimpse of them in there.

RachelW (BamaGal) says

3.5 Stars. It was okay. I never really felt anything between Delaney and Ethan but sex. There was no relationship building, just lies and evasion. The ridiculously over-the-top family drama got really old, really fast and sucked the life out of the book. And the story didn't end, it just kind of stopped; so apparently there will be more of Ethan's sick, delusional, toxic family in the next book.

Michelle says

A sleepy little town is about to get a wakeup call! In *Forbidden Fling*, the Hart and Hayes families go head to head, but this time it leads to explosive chemistry and some time between the sheets.

Delaney Hart left town at 18 not wanting to return to the town that only knew her as the wild child but with the city weeks away from demolishing her family bar, she is forced to return. The Bad Seed isn't a place she ever wanted to step foot in again, but it's her chance to give something to her sisters, even if it would take her savings and in the end the dreams from the man she is falling for.

Ethan Hayes still remembers the crush he had on Delaney years ago, and much like Delaney, he's still living in the shadows of the event that occurred all those years ago. Ready to start finally living his life, his way – the only thing that stands in his way is the Bad Seed.

Skye Jordan knows how to write explosive romances. The ability to create characters that share amazing chemistry that has the sexual tension bleeding off the pages. I loved the set up for these two – the Hayes and the Harts are a modern Hatfield's & McCoy's but with sex. Hot. Hot. Hot. SEX.

But with any Jordan read, it isn't just about the sex (which was hot by the way), it's about the journey these characters take you on. Both Ethan and Delaney experienced this road of discovery, meeting along the path and having to struggle with fighting for your own dreams, for your family and what it could cost you. The influence of the Hayes family in Ethan's choices was pulled off perfectly to ensure that we were able to witness Ethan's evolution throughout the story. All of it just came together flawlessly.

If you have not read this author yet, you are missing out on some great romances. I look forward to every single one of her releases and anticipate the next in the Wildwood Series.
