I got this free and at first it didn't seem too bad. A virgin stripper named Nikki - as in a stripper who's a virgin - yeah, OK, right....can you say major daddy issues?

The men who leer at her when she's at work disgust her. Then when she's in a bad car accident her neighbor Dane takes care of her and nurses her back to health. He has no ill intentions; he's genuinely a nice guy. So of course Nikki wants him b/c he's genuinely kind hearted and not like the nasty men at her job. Now I get wanting the nice guy. I do. I myself prefer the nice guy over the douche bag/alpha asshole. However, throwing your affections toward the first nice guy isn't necessarily the way to go.

She very much takes the initiative. Love a strong, dominant woman! He's unsure at first, but continues. I do disagree with her letting him do whatever he wants makes her submissive. No it doesn't - it's the opposite. Letting a guy do what he wants is being in charge is topping from the bottom, not submission.

By continuing he finds out she's a virgin by feeling her "pop". Wait, what?!?

Guys, NOTHING "pops", virgin or not. I know there's a phrase and all, but if you feel OR hear something "pop" you're either with a woman that's A: not human or B. might have thrown a herniated disk in her spine out of place.

Now the humorous metaphors and descriptions of body parts are one thing, but I'm over pushing female virgins and women back into submission. Only a woman hater does that.

Max Cummings didn't disappoint another enjoyable read with a great mix of hot sex and fun running through it, this is one author I'm looking forward to reading more from, his books aren't too long and make a great reading break for a busy woman wanting a hot flush.

This one started out a little sad and a little sweet. The sad part being Dane's loneliness and the sweet part being how Nikki saw him as a man (this is what made me wish this was more than a short story). Eventually, things really changed for Dane. At one point towards the end, I think I dodged a little (if you've read it, you'll get it). Oh, and 'commando bulge', I'm stealing that and will be working it into conversations at inappropriate times.

Unique!

I really enjoyed the uniqueness of sexual descriptions in this story.

I think the only part in this book that kind of freaked me out was when he freaked out. LOL Otherwise I enjoyed reading it very much.

This is the first time I have read a story that was less than 50 pages, it wrapped up in short order and was very entertaining, so I can honestly say that it was a good fast read.

This story is for mature readers because of the sexual content

Hotness...First word that comes to mind for this short story. I love the way Dane takes care of Nikki after she gets into a bad car accident. He is there for her and she realizes what he does for her - saving her from the car accident. A really hot book one that will leave your panties wet and want to keep reading.

i enjoyed this short story about dane & nikki the two neighbours living next to each other who like each other from afar but fate dramatically brings them together. i must say the author max cummings sure has a way with words i have never heard lots of hot sex described with such "military precision" before, it made me smile abit with some of the terminology used.just getting onto the story and it was all over but good if you're looking for a short read.

I am giving this review for author MaXXX Cummings. This is the first time reading this authors books so I did not know what to expect from this read.

Dane Dawkins is an erotic book writer but he keeps everyone at arms length but when his neighbor is hurt and needs help he pitches right in. Nikki Carter is a young stripper who had no real family to speak of. When she is injured by a hit and run driver her neighbor helps her out and she becomes attracted to him.

This is an erotic novella and I was surprised at how well the 2 characters interacted with each other. The author put feeling into the characters. The story line was nice and smooth.

This novella is for mature erotic book readers because of the adult language and sexual content.

giggles ok, so I really loved this unique short-story. Nikki is your girl-next-door, who of course is working at a gentleman's bar to keep the lights on. Dane is her alpha-male next-door neighbor who is also ex-military, and of course happens to write erotic novels. One fateful event leads Dane to care for Nikki, and in more ways than just her medical needs. Their sex is HOT and totally fun to read, as it's a bit like listening to (what I would imagine) G.I. Joe explaining sexual acts. I LOVED IT!! It's a fresh and unique way to describe the acts and just makes it that much hotter!! At the end I definitely wanted to thank Dane for his service(s)....lol Pick up this super quick and hot read to satisfy your needs! ;)

Hot, hot, hot!! This was an amazing, HOT, intense quick read. Nikki the girl next door who reads erotic ebooks, Dane the ex navy SRT who writes erotic stories. Pick up this book to find out what happens when their world's collide.

Ok this was fantastic really well and truly.... I love dane, what is more sexy then a alpha male who takes control and once again Max has nailed the storyline. This is a short read but it really doesnt lack in any area.... It is so hot, and I wanted more. Can't wait to read more of your work Max.... Fantastic...

Dawn Pressel says

This was a quick read but by no means was it less intense then if it had been a full novel. THIS AUTHOR ROCKS the dictionary with his verbal assault on the "carnal act". This true hero was so sweet and so caring that I fell in love with him in the first few pages. He treats Nikki so tenderly that I can see her falling for the man. Nikki is such a likable girl that her profession is surprising, but so are other aspects of her, as Dane will

find out. I loved Nikki's decision to TAKE what she wanted and the authors description was amazing. Dane's one screw up that hurt Nikki is something a lot of men do and don't think about, so I won't fault him too much and considering the payback ~ I loved Dane's reaction...nope not gonna give that away no spoilers here. This is a must read for the summer.

Jessica Ann says

Fantastic! I love his style of writing, really pulls you in to the characters and story.

Very well written story of love in unexpected places. Sometimes love is closer than one might ever know, until the unthinkable happens. Will they survive their personal insecurities to be together. Read this amazing book and find out!

1 STAND DOWN SOLDIER Star!

This is a standalone 20 page book

This was a story about Dane (ex military) who saves his 19 year old neighbor from a car accident Nikki. Dane stays with her at the hospital and they fall in love...

Then they have sex ... then I start to hate the book ... here are some reasons why..

1. Random unnecessary capital letters in every sentence like

It is not necessarily what I WANT, but I need to do something Hot. ... wait you had SEX....she WAS mature for her age. She DID need wheels.

2. Every sex thing was in military/.strange words...

a. Nikki resumed her physical therapy on his Great Dane.

b. She guided his special operator into her dangerous jungle

c. Her hymen snaped apart when his thick, rock hard ,Force Recon took tactical position inside her virgin vaginal canal

d. He could feel his door knob knocking at the door of her cervix

e. He powered his lengthy oar into her tunnel of love

f. His battling ram was pummeling her cervical gates

g. He drove as hard as he could into her surrendering headquarters, flooding his troops into her stronghold

h. He power pounded her so hard he thought he would break her leg ...again

i. Semen shot of his rifle

j. Danes Ranger battalion continues to pour onto vanquished Nikkis battlefield

k. Machine gun fucking

This is the first novel from Maxxx Cummings I've had the pleasure of reading. I found this story to be well written and has realistic characters along with a plausible story-line. I look forward to following this writers growth.
