Jackson Terra Wolf , Meredith Clarke

Bear shifter, Jackson Taylor, has been keeping a secret for the last ten years. When Skylar Adams was in trouble, he helped her leave. He never told anyone that he was the one to get her out. Not even his clan. When Skylar shows back up in town, he isn't sure if he should be happy or worried their secret is finally going to come out.

Skylar Adams has been away from home long enough. After ten years in hiding, she decides to head back home. To see the person that forced her to leave. To see if he feels the same way she does about him.

When Jackson and Skylar see each other again, all of their feelings for one another come rushing back. But their passion is short lived. The trouble that threatened Skylar all those years ago is back. And Jackson is the only one that can save her.

Jackson, the second story in the Canyon Hollow Shifters, is a new angsty romance from Paranormal Romance Bestselling Author Terra Wolf and Meredith Clarke.

Annette Drewett says

Jackson persuaded Skylar to leave town ten years ago after she saw the coyotes kill her father. Thinking it is safe to return, she comes back to Nashville. Jackson and Skylar's feelings for each other have grown deeper over the time she has been away. Can Jackson stand to see her leave again? When danger threatens, can Jackson save her in time? I enjoyed this story very much. It was hard to put it down. Well done!

A very good story

Action, revenge, romance and a good cast. Love through the years finally brought to a rightful ending. A good story.

Elaine Swinney says

I got a free copy of this book from Book Funnel and I chose to review it. I loved this book. It is fast paced and has some suspense. I found that it was a quick read for me. A second chance at love story. This one is worth your time and effort. I encourage you to get this one. Terra Wolf and Meredith Clarke make a good team. A well written story.

Cindy says

LOVED it

Great book.. I love a book that goes right to the plot.. unless couldn't put the book down.... thanks for a great read..

Tracy Hall says

Ok

The story was good but the book was filled with errors. It distracted from the quality of the book and I probably won't read the rest of the series.

Tammy Garber says

Spelling mistakes

Book was good could have been longer to give more of a story. There was a lot of spelling mistakes and other written mistakes. I wouldn't buy because of mistakes

Janet Swiftbird says

Love in hiding

Interesting series with fast paced action, continuing from the first book.
Good storyline and good characters to catch your fancy.

Jennifer Soppe says

A nice series addition

Skylar, a shifter, goes away after a tragedy strikes at Jackson's, a bear shifter and security expert, request. Their story is one full of drama, action, romance and steam. This is a nice continuation of the Canyon Hollow Shifters series and I am hoping that the authors tell Grant's story next.

Debbie Caswell says

Skylar saw the coyotes that killed her father she was hiding in the pantry as her dad had told her when her clan comes to the rescue Jackson sends her to her aunt and uncle as he knew that has the only witness the coyotes would be after her, Now ten years later Skylar has returned and the secret of who helped her will come out. She has always loved Jackson but though it could never be when she returns imagine he surprise when he sweeps her off her feet and decaires his interest but will he be able to keep her safe when the past come back to haunt her. Another well written book in this terrific series can't wait for more books in Canyon Hollow

I was given a copy of this book but this is true and honest review

Jackson

I'm glad Skylar finally got revenge on the men who killed her father. Finally Jackson could have Skylar in peace without the threat from the coyotes, their alpha and his son got exactly what was coming to them.

Tammy Northington says

This was a really cute story. Jackson & Sky have loved each other since they were kids. He forced her to leave Nashville after she witnessed her father being murdered. 10years later they can't stop thinking about each other. Join them on a wild & fast ride as they come back together.

Heather Hackett says

Jackson had lost it when a coyote had started bad mouthing their women and ended up in detention. While there he found out that the girl he let slip through his fingers years ago was back. Sky had left when he father was killed 10 years ago but couldn't stay away any longer. after such a long time she thought she'd be safe. A story of love only getting stronger even though they were apart with some problems they have to work though to be together.

My2CentsBookReviews says

Shifter romance many complications, conspiracy and betrayal that are wedges between two mates.

Jackson did the best decision a fifteen year could do. He made a huge sacrifice to himself for her n the clan. So glad did we Jackson told her because she trusted and loves him. The history and future is tied to Skylar and her return puts everything at risk. How if they all survive it will be another tale. Like most movies the first book wow, sequel good but the first one topped this one. Violence 3, sex2

Jane Elizabeth says

I am not sure if this is a second chance romance or a second first chance romance! Whichever, it was an enjoyably fun, with a bit of suspense, fast paced novella, which I definitely recommend.

Rachel Larson says

Very good

I liked this couple always knowing but not sure of the others feelings ... taking the chance anyway loved it
