## From Reader Review Lives Entwined for online ebook

### Vamplove65 says

What a ride! One of the best erotic romance books I have read in a long time. Do yourself a favour and get this one. The story is awesome and the sex is just a bonus!

---

### Vg195 says

AMAZING! This was a really great, sexy, well written, strong and, most importantly, original story. Eve Newton is fast becoming one of my favourite authors.

---

### Claire Bear says

Fabulous book by Eve Newton! The relationship dynamics were awesome. The sex was really hot, but with a good story behind it, and a well fought for HEA. Loved it! I hope the writer does more of these types of books in the future.

---

### Michelle says

An \*ARC\* copy in exchange for an honest review.

I was totally amped for this book. I loved the authors Forever series and I hoped that this would be as good. It was!

Throughout the book we see the six characters lives intertwine with each other to a very awesome end. It sort of gives a new meaning to the phrase "a small world". I am not the type of reviewer who writes my own synopsis of the book and spoils it for everyone, but I will say that the characters are really believable and you make a connection with every single one, whether it be like or not so much! The bad boy, Rex is totally hot and even though Alex seems to be a bit lacking in the confidence department at the beginning, he really grows into his character towards the end. Excellent character development! The women were strong female characters, which I really like to see, especially when they show their vulnerable side as well, and I admit I swayed between love and hate for Cassie and for Lissa, because somehow the guys seemed far more loveable, probably because of their vulnerability.

As a whole this book was pretty awesome. It was well written, nicely edited, the characters were "real", the story was amazing and I got totally swept away. Recommended for an interesting adult read which won't leave you disappointed.

### Allthingspnr says

Best erotic romance of the year so far for me. Wonderfully written characters and such a gripping story you just can't not turn the page.

---

### **Stephanie says**

This was a little different than other romances I have read. Overall it wasn't bad. A little predictable, but still good.

---

### **Tiffy says**

I received a free copy from Eve Newton for an honest review

I've finished Lives Entwined and have been thinking of how to do this review with-out any spoilers. The name of the title says it all. In this book you have Cassie, Alex, Rex, and Lissa with a few others. All of their lives have been affected by one of them some way. Some characters have some plans they want to see through and can con others to help them get what they want. There is some mystery into how some of these lives are entwined but in time all shall be revealed. This is the 1st book that I've read by Eve Newton. Not only will I read more of her books but I would recommend her books to others. Lives Entwined twisted my gut and had me saying "WHAT!" "NO!" I wasn't sure if there would have been a HEA for everyone but it was. Read this book and you can thank me later.

### **Chloel says**

Do yourself a favor and read this book! Such a good story. Loved it.

---

### **Sarah says**

I received this book as an \*ARC\* for an honest review.

Wow! I'll admit I am a huge fan of Eve Newton's work, but this has just set the bar that much higher.

Having been a fan of her paranormal erotic Forever Series, I was interested to see how Newton would do with a mainstream erotic novel. I was not disappointed!

We start off with the character of Alex who was portrayed as a maybe slightly hot geek (drool, lol) lusting after his beautiful new boss, Cassandra. She was initially seen as the perfect girl, but we soon learn she has some issues. Love that! Enter Rex! Oh my word. He is the serious bad boy, all mysterious and edgy and well I nearly drooled all over my iPad mini! However, he was a bit of a different character. We have seen the bad boy with his issues a thousand times, but perhaps Rex was not quite so stereotypical. He was the one who wanted to change, he saw in her the reason for becoming a better guy, but she didn't know the real him and he eventually realized this. I so do not want to get into any more spoilers, because I hate when reviewers do that, but we definitely see the relationships between the stated 6 characters change and it is one awesome ride. The intricate way they were all connected together in the end was beyond amazing and I fully believe

this should go into a "romantic suspense" category as well as Contemporary Erotic. Yes, it is definitely 18+, but it definitely does NOT fall into the awful "smut" category. If you want a "fall in love with them" romance, with an adult edge then this is the book for you. It is classy, sexy, interesting and all out the best book I have read in the past..... Well a really long time!

---

### **Jenn says**

Freaking hot, hot, hot! Blown away.

---

### **ETom says**

I just could not put this down. A really good erotic romance with such a solid story, it will blow you away. Another 5 stars for Eve Newton. This writer is just brilliant.

---

### **Yarelis Martínez says**

It's just like the title says, Lives Entwined.

The book is about six people that, in one way or another, are connected to each other. The main focus is on Cassie and her struggle to decide between 2 men, that can't be more opposite if you try it.

There were some twist. Sometimes Cassie was driving me crazy with her lack of decision, or with her jumping to conclusion too fast. Her "bff" Lissa? I wouldn't wish her to anybody. I get she got after what she wanted, but still. She should have talk to Cassie about it, instead of acting behind her back. That's what friends are for, to talk and scream and cry, and so goes the list. Aside from that, it was a good read, you get to discover little by little the connections between them and get like "That's Him!?!?" so it's totally worth it. P.S. now I have a soft spot for Rex

I received a free copy for a Honest review

This book! Definitely named correctly!!! Okay, I am not sure how everything got so entwined together so seamlessly and all came out with a neat little HEA that I was like how are they going to ever be happy? How can this end with anyone together. WOW. So, yeah it had me screaming out OH MY GOD! At least 25 times. The emotion's run high in this and it jerks at your heart in many directions. I really didn't know which way I wanted it to end, but I was sooooo happy with the ending. The epilogue was a great tie in...I'm sorry I did forget about her but I was like, I'm so glad you told me. I felt like Oprah was saying You get a HEA! You get a HEA, EVERYBODY GETS A HEA! YIPPIE okay enough. I am breathing again. LOL

---

**Cass says**

So, so good! I loved it from beginning to end. Hot & steamy, good story arc, but with twists and turns, great characters and character depth and a nice HEA. What more could you ask for?

---

**Ilovewamps2 says**

Absolutely awesome book! Really good characters and a great story with lots of hot, hot sex!

---
