Silvia says

Short. Waaay to short, but still insightful...

Justyna says

Interesting background info to the movie.

Shows were Tony and Steve are at before the movie begins. Shuri is always a delight. Definitely something for MCU Fans.

Indah Threez Lestari says

Ah, akhirnya prelude yang cukup memuaskan rasa ingin tahu.

Meskipun sempat diawali beberapa scene terakhir CA:CW, minimal ada beberapa informasi yang menjembatannya dengan A:IW.

Misalnya, teknologi Wakanda dan Shuri yang lebih canggih dari teknologi Stark dan Tony. Atau di mana saja anggota Avengers buronan berada. Setelah kebanyakan baca fanfic Post CA:CW, ternyata teori fan kebanyakan meleset dari canon MCU ini.

Kecuali cerita di mana Cap, Sam, dan Natasha yang jadi sukarelawan black ops, dengan berusaha mengamankan teknologi Chitauri dari teroris di luar AS (kalau beroperasi di AS juga mah harusnya mereka jadi cameo di Spider-Man Homecoming). Meski ditanya Nat, Cap tidak mau mengganggu Tony yang menurutnya pasti sedang sibuk.

Iya, Tony memang sedang sibuk membangun armor baru. Setelah Avengers berantakan, dan meskipun Cap pasti bakal datang kalau dihubungi, ia masih paranoid kalau Avengers saja tidak akan mampu untuk menghadapi ancaman dari angkasa luar.

If I'm gonna prepare for the end of all things, I'll have to figure out how I can do it *alone*

Brittany says

Was this comic everything I wanted after Civil War? Heck yes it was! If you don't know, I am a huge Captain America fan, he's my favorite Avenger. I was curious what had happened between Civil War and Infinity War, especially after the trailer. I had MANY questions about the state of certain characters and how

they got to certain places. I was so happy to be able to have some of my questions answered in this comic. It was great to get an insight into what is happening between these two movies especially with the characters I love. I can't wait to see where this comic is going to go in the second volume.

Vishualee says

A starter before the main course. The characters are true representation of themselves from the movies. I couldn't help reading T'Challa's lines in his accent.

So excited about Infinity War! Two months to go!

Jess says

Unsatisfied in the length but great art

So a huge chunk of the 22 pages is just the comic illustration version on the end of ca:cw. It spend a few more minutes updating us on the whereabouts of the now defunct avengers team. If that's with \$3.99 to you then bob's your uncle. I liked the at so I thought it was worth it but if you're looking for any new content there's really hardly any and it's very tantalizing.

Maria says

Nothing, absolutely nothing, can prepare me for Infinity War but at least I can ease some of the pain with this. It was pretty good, I liked it!

Hala says

It was short but it's nice to know were everyone went especially shuri and bucky

kye hazell says

Good start

I liked it because it has given me a bigger inside of things. I mainly chose this book because of the new movie so I have more of an understanding of it.

I would recommended this too anyone who's not sure about the new infinity war.

Stacey Lannigan says

My only complaint was that this was way too short. However, it exists so I can barely complain! So happy to read about what happened to Bucky post Civil War as well as what happened to the others too. I can't wait for Infinity War!

Jessica says

Does this count as a book since it only has 22 pages??
Anyway, it was n i c e

Isaac Cameo says

An amazing read before seeing the movie; you can enter the cinema with a little more information about what is happening.

Mary Elizabeth says

With illustrations and narratives that perfectly match the characters and narrative of "Civil War", Will Corona Pilgrim picks up the story right where the movie ended, particularly, when Bucky goes back into a cryogenic state, Steve rescue other Avenger members from prison and Stark learns to work in solitude. Such a compelling storytelling, combined with the threat of Thanos makes readers thrive for the second issue. Yours truly will definitely be reading it!

Jeff Calvert says

Good Start

I chose this title because of the impending movie.
Most of it I've seen before, but add-ons were good too

Jason says

Provides a little backstory and motivation for heroes and shows what they have been doing between the events of Captain America: Civil War and Infinity War. Some hints about the upcoming movie. Overall, meh.
