### **Elizabeth Morgan says**

Mrs O'Connor has wrote a sinfully sexy short that will have you hot under the collar by the time you're done. Plus, there is an awesome little twist in the story - which I loved - that will leave you completely . . . satisfied. :-P

Sexy, free, and definitely worth a read.

Amazing book!

I was desperate to read this after reading the sneak peak on Doris's blog. And it was great!

The part with the ice was brilliant, very sexy.

\*\*\*SPOILER\*\*\*

I never seen the ending coming, that they were married. I think the whole thing of acting out the first time they met on each anniversary is sweet, and kind of hot lol.

Definitely another fab read from Doris. Well done!

Another fantastic read from Doris O'Connor. I loved the premise of this short story, and although I'm not going to give anything away, let's just say it's an intriguing, sexy and surprising read. One I'd recommend to fans of erotic romance.

eHarmony with a kinky twist? MR. SATISFACTION GUARANTEED is a short sweet story with an unexpected twist.

Anna is despondent and needs to get laid. Her co-worker refers her to Mr. Satisfaction. This man will make her sexual dreams come true – guaranteed. Anna is skeptical that some gigolo will turn her life around. Still, with no other options, she plunges forward.

This short story moves at a decent pace and it's tightly written. There are a couple of flashbacks which are smoothly transitioned into the present timeline. The sex is smoking hot. This is definitely a great read and the twist caught me off guard in a pleasing manner. This kinky story is recommended to romance lovers looking for a smexy short appetizer.

This wasn't bad for a BDSM novella. I would have left out the anal play, but that's just my hang up. There is a surprise twist at the end. I thought it was jarring and took away from the overall attraction of the story. Still, this book wasn't bad, overall.

### **Jessica says**

The sex scenes were pretty hot but that's pretty much the only good thing I have to say about it. The twist is obvious if you really read. The writing comes very close to crossing the line from BDSM to...bad. Not quite over it but definitely toeing it at the beginning which bothered me. Add to that words like tummy wedged between the sex language it was difficult to stay in the moment. Fairly hot but not well written and so wouldn't read again.

I wanted to let the reader know that I know that my reviews tend to be a bit obscure sometimes especially when I review short stories such as this one I'm about to review. I would like to point out that I tend to do this because I don't want to give anything away and I'm always afraid that I'll say that one thing that will ruin that one moment when everything is revealed to the reader. I know that I would be annoyed if something was revealed when it shouldn't be. Not cool.

This was a really entertaining read. That needs to be addressed right away. I've read Ms. O'Connor before and so far I haven't been disappointed. Her books are emotional, intense, sexual and wickedly hot. When I saw the title of this book I knew I needed to read it...who doesn't want a Mr. Satisfaction Guaranteed? I had hoped it would be an entertaining read and it was and then some. As I said, it was intense and emotional which I love and as the reader I felt the characters' emotions, and I loved the twists and turns Ms. O'Connor put the reader through while the characters discovered each other.

Anna is a woman looking for a man to satisfy her sexual fantasies and make her feel desirable...who doesn't feel like that? I couldn't blame the character for feeling this way. She displays her wants and her hesitancy about this man that any woman would understand and feel as if it's her that's there. I love that. It makes me like Anna as if I have something in common with her. She's strong emotionally and is a sexual person and she isn't afraid of that.

Then we have SG, that's what the male protagonist calls himself. He is...wow. Strong, sexy, masculine. \*sigh\* I loved him. He knows what he wants and isn't afraid of going after what he wants. He's powerful and commanding but he has compassion and understanding. He seduced me (and Anna), with his actions and his words. I hope he does the same thing for you the reader if you choose to read this book.

A super fast, hot read. I almost wish this could be developed into a longer book, but it actually isn't necessary. I could see a series coming out of it though, with Mr. Satisfaction Guaranteed pulling the strings.

I really liked this story, the only reasons I haven't given it five is because it the twist confused me a little and I had to reread it.

### **Isabella Ellis says**

Just one thing...where can I find an SG? ;-)

Anna's sex life is non-existent. Bemoaning her lack of spice and activity at a girls night out, a quiet friend, Evangeline, pulled her aside and hands her the email address for Mr. Satisfaction Guaranteed. With a few cryptic comments from Evangeline, Anna's curious and definitely interested. Intense questions, emails and a few medical tests later and she finds herself heading into a hotel room, ready to meet her gigolo, feeling equal parts nervous and excited.

While I didn't find the BDSM in this short story over the top, it was quite intense. Spanking, flogging and nipple clamps are all played out to the delicious excitement of Anna and her partner. I found the writing tasteful and the situations well handled. At no point was the bondage demeaning or poorly handled. It was clear to me that her man cares deeply for Anna. He went to great pains to fulfill her fantasies and keep her satisfied – and she was more than willing all the way through. There was an interesting twist to the plot that I found delightful which helped keep this reader invested not only in the characters, but in the situation they were in. When I finished the story I actually went immediately back and re-read the whole thing again, picking up small hints and clues. An immediate re-read is pretty much the best recommendation I could ever hope to give!

Best of all, this short story is written in such a way to leave the author open to other tales, and I'd certainly be willing to read more. Satisfaction really is Guaranteed!

This is a great short read. It was very steamy, so steamy the sex scenes could melt your eReader. I liked the ‘twist’ but I am sure that many people can and will figure it out right away. But it doesn’t lessen the story by any means. It’s perfect.

I loved it. Short, sexy and all your fantasies come true. And the SG's service is a very nice idea.

**N. Kuhn says**

This is a quick steamy read. Anna and Nathaniel are quite the fiery pair. The ending was not what I expected, but oh so good! I loved it. Want something hot to turn you on and fast? Read this!
