Night with a SEAL

Cat Johnson

Night with a SEAL Cat Johnson

Ten years of dedication to the Navy taught SEAL Jon Rudnick one thing—he's not afraid to risk life and limb for his country. But when navigating military red tape begins to present more challenges than the enemy it makes Jon question his future. So does Alison Cressly, the woman he can't get out of his head.

When Ali's life is threatened and military rules won't allow him to intervene, Jon decides it's time to take back control.

A team of sexy SEALs, a terrorist threat, and an attraction that can't be denied . . . it all comes together in this launch of the new Hot SEALs romantic suspense series from New York Times and USA Today bestselling contemporary romance author Cat Johnson. Look for Zane's story, SAVED BY A SEAL (Hot SEALs Book 2)

CAT JOHNSON - NIGHT WITH A SEAL

- Romantic Suspense Novella
- introducing the Hot SEALs Series (#1)
- release date: 22 July 2014 in the 99cent
? 12-Author-Hot-Alpha-SEALs-Box-Set ?
(Night With A SEAL will be individually released mid August!)
- 1750 Kindle pos. (Novella!!!)
- Book #2 **Saved By A SEAL** will be out 16 September 2014

In this Novella we are introduced to Jon and his SEAL buddies.

Rick was the first one to leave the teams - due to a hurt knee. And the others are probably all slowly following him into civilian life. Zane, Chris, Brody etc.

In this first Novella Jon just met Alison - a friend of Rick's sister - at Rick's Fourth of July backyard BBQ. She doesn't want anything to do with SEALs or with one-night-stands, but they can't keep their eyes off each other - their eyes and more....?

They spend a few nice hours together but they decide to not keep in contact for the next six months - six months he'll have to spend in Afghanistan. They both try to deny that they felt much more for each other than you should normally feel for a one-night-stand.

Once Jon is back they feel a bit awkward towards each other and before they can start something, he's called away again - and then, Ali ends up in a very dangerous situation.
Jon can't legally help her - even though he's trained for exactly that!
Time for some new plans for his life - for his future!

WHAT WILL HAPPEN TO JON & ALI???

WILL THE TWO OF THEM GET THEIR HEA???

WILL THERE BE A CLIFFHANGER??

I'm not telling you that of course ?

This was the perfect novella to introduce us to an amazing new SEAL-Romance series!!

We meet all the future heroes and a future heroine ... and we know where the story will ultimately go - to the guys running their own security company.

But this novella is all about Jon & Ali - and it's really cute and sexy and a bit frustrating with all that waiting they have to endure until they can finally get together....

I am such a huge fan of everything Navy SEAL!!!!

Total fangirl!!!

And our hero Jon is a really hot example of sexy SEAL-ness ???

Phew o.O

The story and all the people in it is really adorable and interesting - you can't help but love the book and the coming series!

The most adorable thing is to see all those big bad warriors falling for their girls one after the other ?

NiGHT WiTH A SEAL - was a really beautiful & sexy Romantic Suspense Novella!

You'll love it!!!!

I WOULD SOOO LOVE IT if someone would make a movie/tv-series out of this book - just so we could stare and fangirl at hot SEALs all day long!!!!

Now I can't wait for the other books in this series!!!

Saved By A SEAL will be book #2

It will be Zane's story!!!! ???

Zane Alexander was born with a silver spoon in his mouth, but the rebellious bad boy traded it in for a Navy SEAL trident.

Now, Zane's teammates are depending on him to get the startup capital they need to open their security company and he's gambling on his skills at covert operations. For a million dollars, he'll fake interest in Missy Greenwood, the Senator's daughter his father wants him to date in exchange for the investment. But when Missy is kidnapped and Zane and his team are sent to Nigeria to rescue her and the schoolgirls being held, bullets as well as sparks of attraction start to fly. There's no more faking when both the danger and the emotions are all very real.

Lisa says

This is the first book in a new series by author Cat Johnson. Jon Rudnick has been a Navy guy for 10 years. A Navy seal to be precise. It took a lot of work to get where he is and his body has paid the price for it. Home on a break a couple of his buddies, former Navy seals have a get together where he meets Alison Cressly. Even though they know it was a set up by one of Jon's buddies sister he still feels a instant attraction. If Alison's reaction is anything to go by she feels it too. After giving Ali a ride home their attractions sizzles into a quick fast sexual encounter that leaves both wanting more. Jon can't subject a woman to the kind of uncertain life he lives so he walks away. When Ali's life is threatened and all his Navy Seal training means nothing when he's not allowed to get involved he questions why he kept Ali at arms length and what being a seal means to him. I liked this book because i felt i could fit in with this group of people. The details of the military situations felt real. I felt the connection between John and Ali but could understand also why Jon held back. You can't spend years in the military and not know that your life is not always your own. Spouse's and significant other's have to deal with that on a daily basis. In the end Jon made the decision that was right for him. To that end a new venture is formed which i am guessing will play into future books in this series. Night with a Seal is a nice base to hopefully a great series. Can't wait to see where Cat Johnson takes us!

Romazing Reader says

I'm Lovin this Hot Seals Series, Again! A thrilling July 4th weekend hot read with a gorgeous Navy Seal bringing the sexy, excitement and danger to every page! I love Jon and Ali's "steamy one-nighter to forever" romance! This is the perfect Hot Summer Must Read!

April says

This is a really interesting, if brief start to the series. I am excited to read more of these smexy SEALs. Jon and Ali have a quick one night stand that builds to more over time.

The narrative is mixed between the two leads, alternating POV smoothly. I prefer this method, because you really get to see into the characters. Jon tends to keep his feelings on lockdown, he is rather serious. Ali is a great match for him because she brings levity to his somber moods. I will enjoy seeing more of them together as the series progresses.

Lots of supporting cast here as a few hints at future pairings. There is great potential in this series and where the stories can lead.

Yes, it is hot and smexy. Could have been hotter, as their time together was hurried. I would love to have a really nice long drawn out encounter. Sure they had that, but it was a case of tell and not show. I wanted to be there in every steamy caress of the reunion!!

I listened to the audiobook narrated by Craig Jessen, who has a great voice. I really enjoyed the timber of his

read throughout. The men's tones are deliciously deep, while the women tend to be breathy. I did enjoy his pace, it moves the story along at slower moments.

A quick listen and tease for the series. I want more!!

Disclosure - I received a copy of this book in exchange for an honest review. All thoughts, opinions and ratings are my own.

READ AN EXCERPT

Look for Book 2 in the series, SAVED BY A SEAL

Maree Repa says

I loved this fist book. It's a very romantic story of the group of Seals. Looking firstly at Jon Rudnick, a strong gorgeous guy who has just returned from the fighting in Afghanistan war to celebrate once with his fellow Seal buddies.

Until he mets Allison Cressley the romance begins.

This book was so full of romance and further excitement to really enjoy the strength and ability of these fellow men. Now calling the group GAPS just makes me want to read this amazing series!!

DNF @ 67%

I tried this one again as a second-chance book for a challenge. I did get further along, but that was with a lot of skimming. My original assessment was pretty accurate. We barely get two sentences between the Ali and Jon before they're having amazing phenomenal sex (because of course - I skipped the scene because I didn't care enough to read but they both think of it enough in the following chapters that it was almost like I was there anyway) and then they're separated again for chapters, each one going over all the reasons they can't be

together but still obsessing about each other and that one hot night (because of course). Then they see each other again, talk for two sentences, and that's it. They're separated again. Then Jon's coming back from a mission to find out that Ali's a hostage in a bank robbery by a maybe terrorist who just happens to speak a language Jon kind of knows from his deployments, and you know you can't trust those S.W.A.T. people to do their jobs which means it's probably going to be up to Jon and the SEAL team (because of course - who cares about actual law enforcement procedure and jurisdiction when the MCs need their HEA!) and that's the point this story got too stupid for me to even continue skimming.

DNF @ 10%

This was one of the free books with the ARe app. The writing was subpar and the characters one-dimensional. Didn't hold my interest.

Kimberley C. says

This was just okay for me, but that being said, I will probably check out the other books in this series, as it had just enough to hook me.

Not too much of an actual love story in this one. I felt like it was setting up for the other characters in the series, which is fine. I was looking for something quick, and this fit the bill.

Pamela(AllHoney) says

The first book in the *Hot SEALs* series by Cat Johnson. Alison Cressly and Navy SEAL Jon Rudnick meet at a cookout and are attracted. But Ali sees no future due to Jon being a Navy SEAL and doesn't really want a fling. But they connect anyway and Jon takes off to parts unknown.

This is a novella and I was tempted to give only 3 stars due to the fact it needed to be longer. But I'm trying to be fair. It was good. It felt more like a prequel though. Like it was getting us ready for the real series by introducing the characters and such. But there is a romance tucked in there. I'm pretty sure I'll check out more of the series.

Tyra Berger says

Cat Johnson not only writes hot cowboys, but her military men are Alpha with a capital A! This is the first book in a new series and it's a great foundation. We get to meet some of the players and get some hints at possible future couples, all while falling into the sexual vortex that is Alison and Jon.

Jon is a SEAL through and through and doesn't really plan on doing anything else, so he is a confirmed bachelor. Then he meets Alison at a friends house one 4th of July, and they set off some fireworks of their own. Now six months in the desert and all he has been able to think about is their one night together and Jon

thinks it might be time to start planning for a future.

Alison knew going in that one night with Jon was all she was going to get; and what a night it was. She gets on with her life but never forgets the sexy SEAL.

We have backyard BBQ's, fireworks, hot sex, and hostages...yep that sounds like a great beginning to a series to me! If you are a fan of strong character's and stories with some spice then be sure to pick this up!

Linda says

A captivating military romance...

"Don't let the tattoo fool you. I'm no angel."

NIGHT WITH A SEAL by Cat Johnson is a captivating military romance. It was so enjoyable that as soon as I finished listening to this first installment, I jumped right into the next audio in this series, SAVED BY A SEAL. This first installment was a relatively short listen at just under five hours, but there was a lot packed in those precious hours including a brisk, steamy romance and some high-stakes action that had me on the edge of my seat.

This book introduces us to a slew of hot, highly trained alpha Navy SEALS. It appears that each of them will be featured in a future installment. I can't wait to read each of their stories. NIGHT WITH A SEAL also sets the wheels in motion for the formation of a group of mercenaries made up of this close-knit group of Navy SEALS.

This was the story of Navy SEAL Jon Rudnick and civilian Alison Cressley. They had a quick one-night stand. Neither forgot the other though there was no further interaction between them until Alison's life was put in danger. Their story was told from both Jon's and Alison's POV - alternating between each - so the reader understands what is going on in each of their heads and why they behaved as they did. I look forward to reading more about this couple in future installments.

I listened to the audiobook narrated by Craig Jessen, who has a clear, crisp voice. This was the first time I've ever listened to him. He delivered a solid performance with pacing that was right on and with both male and female genuine-sounding voices. He differentiated between the characters to where I always knew who was speaking from his voice. I thought his performance was a perfect fit for the story. Based on this introduction to his vocalizations, I would not hesitate to pick up another audio performed by him.

I'm so glad I was introduced to Cat Johnson and her addictive books at the CY2016 Coastal Magic Convention. I'd already fallen in love with her cowboys and now her Seals have stolen my heart. This book kept me riveted from the beginning to the end. If you enjoy macho military guys who exude off-the-wall chemistry in well-plotted stories abounding with high-stakes action, I highly recommend that you check out

Cat's Hot Seals series!

Danielle Gypsy Soul says

Night with a Seal was an introduction to a new Series about a security team. This book introduces how the Security Team gets its start. It centers around Jon a Navy Seal who decides he wants a change for few reasons. He decides to team up with a few other Navy SEALs and start a new security company.

Jon meets Ali right before his last deployment and they what is supposed to be a one night stand. However, they both have feelings for each other (or so we are told). I personally never felt much of a connection between Jon and Ali and maybe it's because they didn't spend much time together. They met at a party, had one night of sex and then Jon deployed. They didn't keep in touch with each other the entire time he was gone and when he returned he basically ignored Ali except for one drunk kiss.

There's a story where Ali is in danger from someone who is holding hostages at the bank she works at that is resolved fairly quickly. Overall, the writing was done well and the hot factor was pretty good. However, the relationship just didn't work for me but I will probably give the next one a try if it's full length.

Guilty Pleasures Book Reviews says

4 STARS

Review copy provided for an honest review

Reviewer's Note: Night With A Seal is being initially released as part of the Hot Alpha SEALs Military Romance Mega Set available right now for 99 cents.

I enjoyed Cat Johnson's previous military series Red, Hot & Blue so when I was asked to review the first book of her new Hot SEALs series I was more than happy to oblige. Night With A Seal as you can imagine starts out a one night stand between SEAL Jon Rudnick and a woman, Alison Cressly, who is best friend's with his best friend's little sister. Even calling it a one night stand is generous; it was more like about a 45 minute stand at most. That being said, they both knew going in that it wouldn't be more as Jon was going on a 6 month deployment, but what I found interesting is they both were a little hurt that the other didn't try to make contact the entire time.

Six months, a deployment later, many fond memories of their one night, seeing each other again proves the chemistry is still as present as ever but neither wants to own up to it. When Jon finds out that Alison is in a perilous situation he knows that he wants to make changes in his life that include spending more time with her.

This was a fast yet sexy story and while I would have loved to have more time with this couple, it was still extremely enjoyable and as this is the beginning of a new series, I'm hoping we'll see more of them in the future.

Ndulgent Bloggers says

Let me get right to the point. This was a great read! I picked it up went outside during my lunch and couldn't wait to pick it back up again. Just like the rest of the world I love me some men in uniform but alot of times I get into a book and it gets bogged down with military details and I lose interest. This book had it balanced just perfect for me. Another high mark for this book is that you meet Jon's "brothers" and it gives you something to look forward to.

I give this book 4 chocolate dipped strawberries.

Thanks to all that serve our country past and present.

PEACE
