## Oh Baby! Annie Tipton

In this final fabulous release in the Diary of a Real Payne series you'll find yourself ROTFL with EJ's hilarious adventures with a *new* little Payne. The Payne family has just adopted a roly-poly package of pudgy with bright eyes and a sparkling smile. In true sisterly fashion, EJ can't wait to teach baby Faith how to be amazing at everything (just like her big sis!). But when EJ learns that she's losing her role as flower girl to the adorable newcomer in an upcoming wedding, it's almost more than she can handle. In classic EJ form, she dreams up even more fantastic adventures for herself—promising colossal fun as you become part of her daydreams in *Oh Baby!*

Diary of a Real Payne Book 3 picked up right where book 2 left off and oh boy, I'm so glad it did! This book got my attention right away and it kept it. It was funny. It was adorable. It was educational. I think that's the charm of this series. I've read two of the three, and I have been impressed each time. Of course, I now want this collection. I encourage you to read it. You will grow to love this super special family in a very big way.

I won this book as a Goodreads Giveaway for a honest review....

I thought this book was really cute! I had to preread for my 10 yr old niece & know she's gonna love it! Now I'll have to buy the others for her!! If you have little kids that love to read then this is the book!

Another Great book! I hate to see this series end. This book is great for ages 8-12 and also for the older generation as well. Especially for those who are kids at heart. I love the fact that it portrays life as it is and as it should be. The parents are in charge and display what a family should be like with Christ as the head of the family.

I received this book for free through Goodreads First Reads. Thank you.

This book was so cute and funny. I couldn't put it down. I liked how there was a diary entry with each chapter. Some of my favorite parts was the when EJ took Bertie to a obedience class and when EJ and her family went bowling. This was a good book and I definitely recommend it.

What fun. I won this in a giveaway - intending to pass it on to my granddaughter. I figured I should read it first to find out if it was suitable and so I could write a review. Well, here it is. I had a great time with this book. The format was great. Each chapter consisted of a diary entry and a third person story which included a daydream. This worked extremely well, made the story flow and kept the pace brisk. I got plenty of laughs, and plenty of memories. Basically, the story is told from the point of view of the oldest daughter in a family with 3 children. EJ - the star of the show - has a little brother who like most little brothers is a bit of a monster and a baby sister who screams like a dinosaur quite often. Many chapters are just mini-stories, but there is also an overarching story that holds it all together. I enjoyed it all the way through and I'm sure that most pre-teen kids would enjoy it as well. Reminded me a lot of growing up with 8 younger brothers and sisters.

I just received this book last week and will be gifting it to my younger sister for her birthday in a few weeks. I read through many pages of the book and this is exactly how I perceived life when I was younger. The book is full of humor and very relative to everyday situations encountered by young girls. I look forward to updating my review once my sister has completed the book. I also hope to buy her more books by this author! thank you Annie for sharing your wonderful book with my sister and I! You are a beautiful and talented woman :)

I won this book on goodreads.  
This book has cute illustrations.  
some of the pages have a diary format.  
Ej writes about her life with her family, her little brother Isaac  
and sister Faith,  
the book was easy to read format wise, had many comedic scenes.  
This book would be good for ages 9-12 but anyone could enjoy themselves  
with this book.  
thanks for the opportunity.

Good book over all. Rank it somewhere just below Diary of a Wimpy Kid and the Dork Diaries
