Roxanne Desired Gena D. Lutz

Waking up fur covered and fanged isn't the easiest thing for a girl to deal with. Unfortunately, for Roxanne Delaney, that is her new reality. The only upside is finding herself the bondmate to one hot and sexy werewolf, Nathan Hayes. The downside; learning to adapt to a primal element that craves the rending of flesh and the oh-so-sweet taste of blood. Will this shy waitress-turned-wolf rise to the challenges of this new life—one that is now littered with otherworldly creatures hell-bent on destroying her and the people she cares for? Or will the pressures of a new-found love and difficult battles prove too much for Roxanne to handle?

Desired(Prime Wolf)

This is truly a book to read. Action to the fullest. The characters are so real in there different forms. You want more and more.

Helen May says

It was a marathon read, as I couldn't put it down! Lots of action, unexpected twists and turns. I loved it! Werewolves, vampires, dragons!

Deborah Davidson says

What do you get when you mix together werewolves, a dragon, a few water nymphs,vampires and hybrids? You get Roxanne Desired by Gena D. Lutz and I dare you to try to set it down after a page of two. It won't happen!

You, like myself, will get caught up in the struggle of Roxanne to understand and come to terms with what/who she really is and then feel the desire,lust and yes love that almost overwhelms her now that she has bonded with her mate.

Their lives and that of their whole pack and species is threatened and will she be strong enough to stop the evil one that is behind it all? Will she show what she really is and throw off her past life to defend those who are now her pack, her life, her very reason for living?

Can she possibly go up against such horrors and evil and push through it all stop to those that want only to kill all who have special powers caring nothing for the death and destruction they will leave in their wake?

The answers await you in Roxanne Desired - a true five star adventure into the world of fantasy that leaves you breathless!

Loved it, it was slow in the beginning but I think that was me not the book.
I am a fan of Gena D Lutz and the Primewolf series and can't wait for the next instalment.

Tanashia says

I loved it. She needs to make another book for Roxanne

I was given this book by author Gena Lutz for an honest review. This is book 2 of the Prime Wolf book series.

Nathan has had a crush on Roxanne since he first laid eyes on her at the coffee shop. Roxanne is not going to put her heart on the line again for no man, not even Nathan even if she thinks that he is sexy as all get out. Her life takes a dramatic turn when she is almost dead but she is brought back from deaths door by her sire Ember and not she has to deal with her new life and her soulmate Nathan.

I loved how this book had romance, drama, action from werewolves, vampires, a nymph, a dragon and infected zombie werewolves. All the characters worked great together in the story line and the story flow was great.

I could not find any thing that I didn't like about this book.

This book would be a great addition to any paranormal romance readers library but I do have to say that this is for the mature reader because of the sexual content in this book. If you have not read the first Prime Wolf book please read it first because this book starts where book 1 left off.

I received a complimentary copy of this book for an honest review.
Roxanne Desired is the second installment in Gena D. Life's Prime Wolf series. I fell in love with Collin and Ember in Ember's Curse the first book in this series. Roxanne and Nathan's story didn't disappoint either. When Roxanne was seconds away from dying, Ember turned her into a hybrid like herself. Waking up a hybrid had her mind reeling, but not only that Nathan and Roxanne's wolves recognized each other as mates. Throughout this story they will have to come to terms with the facts of their lives.
It was great to see some of the original characters that made you fall in love with this series. We continue to see Lutz's uniqueness as she introduces us to even more unique characters and adds more to the paranormal world. Her characters seem to jump right off the pages and hook you into the story. In this book you will

meet a few new characters that will intrigue you in to finding out what will happen next.

Roxanne Desired is filled with suspense, love, drama, action, and so much more. This was a great second installment to the series. I can't wait to see what will happen next for these characters. Definitely a must read.

Nathan and Roxanne are meant to be. I thought this was a great story for them and I could not wait to find out how it ended!

After reading Ember's Curse I was looking eagerly forward to Roxanne Desired. I just had to know what would happen between Roxanne and Nathan. How would she deal with being a werewolf? What other powers would she gain from the transformation? How would Nathan handle it? With his innate desire to protect her would he let her grow and flourish, or would he end up inadvertently causing more problems? What about the Darkans and the nymphs? The evil vampire and his cronies who escaped in Ember's Curse? (For those of you who haven't read Ember's Curse I apologize for the spoiler and say go read it, you will not be disappointed).

What do you get when you mix together werewolves, a dragon, a few water nymphs, some vampires and vampire/werewolf hybrids? You get Roxanne Desired by Gena D. Lutz. An whirlwind paranormal romance that will leave you breathless.

You will ask yourself how can Roxanne go up against a stalker, evil vampires and other horrific creatures? Creatures who all have special powers of their own? How can she handle all the changes coming at her from her recent change? These answers and much, much more await you in Roxanne Desired.

Learn more about the nymphs; meet a completely new character and learn about him, a bit about his species, his motivations and just a minute portion of what he can do. You may think "Oh my! So much happening all at once!" but Ms. Lutz pulls it all together in such a way that it flows naturally and does not overwhelm.

The worst part of the book is the last page, because you know you now have to wait for the next installment of this series.

Gena delivers again. With the combo of vamp's and wolf's I get both in a great story. This book picks up with newly turned Roxanne questioning everything that she just found out to be true about the supernatural world. At first it looks like she might reject her new life but a situation makes her rethink what she is and what her new life is about now. I cant wait for the other book to come out.

REVIEW

I knew I was just going to love this book as the first one blew me away. In this book we have Roxanne Delaney who in the first book worked at the diner coffee shop where Ember and Nathan often went because Nathan has had a thing for Roxanne for as long as he can remember. Of course Roxanne never gave him a chance. In this book we find out why that is.

Roxanne has been changed into a Prime Wolf by Ember because the horrible Tyson basically killed her in the first book and Ember couldn't stand for her best friend Nate to go through life without Roxanne.

Roxanne is having trouble accepting what she is and everything about her new world. She goes off for some time to herself. She is well aware that Nathan is her life mate now and deep down she is glad because she has always wanted him she however needs time.

In this book we are still battling the evil and also Tyson. The Author brings a few more kinds of paranormal beings into this book One of which caused me to smile so big because I love dragon shifters and in this book we have one. And oh is he forever funny.

We also find out about the biggest issue Roxanne faced and what kept her from dating Nate from the beginning. Many things go wrong and a lot of fighting against evil pursues in this book.

Pickup your copy you wont be disappointed I am now hooked and will be a forever fan of Author Gena D. Lutz and I do hope the next installment is out soon .

Fantastic Book

This book didn't disappoint in the least. I absolutely adore this series and you can tell the author is growing in her writing skills. Very easy to follow and flows great off of the first book. I will say that if you haven't read the first book that you should before reading this so that you know what's going on. I would recommend to anyone that likes Paranormal/Romance books. I certainly look forward to reading many more books in the future from this awesome author.
