Running Away with You Suzanne Sweeney

Running Away With You continues the journey of Juliette and Evan that began in "Running Back to You" and "Running Home to You".

Juliette Fletcher's life has been full of surprises ever since she began dating NFL superstar Evan "Big Mac" McGuire. He's everything she could ever have wished for – strong and tender, and wrapped up in an exquisite package. She has experienced more happiness than she ever dreamed of, but she's also survived enough pain and anguish to last a lifetime.

It's Evan's rookie season as starting quarterback with the NJ Sentinels, and it looks like he just might take the team all the way to the playoffs for the first time in five seasons. And now Juliette is planning her dream wedding in the dazzle of the paparazzi's camera flashes.

But Juliette is about to learn how quickly a dream can turn into a nightmare. Dark secrets begin to emerge – the kind that wreck careers and break hearts. Is silence a betrayal, even when the truth could cause anguish to the ones you love? And when the past threatens to cast its shadow over the present, how far is too far to make certain it stays buried?

I overall loved the last book in Juliette and Evans story. I did at times want to ring Juliette's neck for lying to Evan and keeping things from him. But they got their HEA.

Cannot wait to read about Adam and Emmy... And Reese...hmmm, maybe Cousin Cole?!

Shannon Bickert says

After I started reading this book, I was feeling a little bored and scared that this story was not going to as exciting as the first 2 books were. Their was so much going on but nothing to keep me glued to my seat. All of a sudden about half way through everything exploded all at once and I couldn't move an inch. I cried, laughed, and was anxious to turn the page and read faster to see what happens next. I would have given this book a 5+ If the beginning had a little more exploding drama that pulled me in and held me captive. In any case it is one of my favorite series and I'm so happy that I continued to read on and finish the book. Please just read the book, it won't disappoint.

Tia says

There's ton of drama here, but I guess with these two what else can you expect! And finally the end.

Dee says

Well worth the wait! It was a bit unevenly timed in places but it continues in the same wonderful vein that had me loving the first two books in the series. There was romance, mystery, humor and drama, my favorite elements in a book and series. Definitely will be reading this series again soon!

Mary Mooney says

This is the third and final book in the Running Series and it is fantastic. If you loved the first two then you will love this one even more. If you haven't read this series yet, then what are you waiting for? Suzanne Sweeney has scored a touchdown and made the extra point in overtime to win this one. I am not going to spoil it for anyone, I just want to say I loved everything about this series and will miss Evan, Juliette and all their friends. I highly recommend it. You will not be disappointed.

**I received a beta version from the author in exchange of my honest review.

Catherine Arnaud says

I absolutely loved this final book about Evan and Jette love story.

After all the things that happened in the last book, you think , finally they will stay together and strong. But life is always preparing something to make us to overcome.

This book has so many surprises that you want to read fast as you can to see what's next. I feel sorry for Jette, She is always the main target, and she sees her life with Evan slowly crumble down.

After she sees no exit , she forces herself to hide something very important from Evan, and when he discovers it , his forgiveness will not be easy.

As always their friends and families are incredible, always supportive!

Many surprises , good and bad ones, will make you surprised!

Thank you Suzanne for the ARC given, as always you did a terrific job!

Love the drinks recipes

Once again I'd like to thank Suzanne for letting me be a beta reader for the 3rd book in her series. Although this one started out a little slow for me, once I hit the 50% mark and things started to pick up, I couldn't put it down. I needed to know what happened next. It was a perfect ending to Jette & Evan's story. Hopefully there will be another book in this series to update us on all the friends. Thank you again Suzanne for writing a great story.

This was the perfect ending to Evan and Juliette's story. It had romance, it had heart break, it had drama and suspense, everything you're read if the previous series. And of course a wonderful love story. I will miss these characters but I just read there will be a spin off novella so I'm happy I don't have to say goodbye yet. :)

Omg what a super finale to a wonderful series. I have been fortunate to have been gifted this book and the other books to this series by the author for an honest review. Words fail me at the moment, I have just finished the last book in Evan and Juliette's beautiful story. The whole series has been, enchanting, captivating, heartfelt, full of drama and packed full of love, passion and complete romance. Evan is one super hot NFL player with a huge heart and Juliette is a beautiful, compassionate human being and they are great together. Both the main characters and the supporting ones, which are the close circuit of Evan and Juliette's friends are written extremely well, you feel you know each person well and can connect with them all, they all help enrich this series of books and create a great family that the story revolves around. The last book of the series follows on a little after they all hear the bad news of the helicopter crash, fortunately for Juliette, Auggie is safe and well and they celebrate that fact regularly. Life is going well for Evan and Juliette after the trauma of what's past, until Juliette receives blackmail from her past, she tries to conceal the truth from Evan to protect him and his rising NFL career, but by doing so lands her and everyone else in hot water. Other secrets also come to surface, but can Evan and Juliette survive this latest drama, maybe this time it's all too much to handle. This is a perfect ending to a fantastic series, the series and this book in particular takes you on an emotional journey of love, lies, betrayal, danger, trust, regret, forgiveness passion and most importantly undying love. Will Evan and Juliette ever get their HEA. This book and series is one of my most recommended. **YOU MUST READ THIS SERIES.**

Michele says

Awesome

At first I thought it started a little slow, however; it started getting really good. I thought for sure Derek did something to David. This is a must read series, even though I liked book 1&2 better. I would definitely read this series again.

Anne OK says

A wonderful ending to a good series. Lots of angst and difficulties amongst the main couple, along with their friends and family. It seemed at time as if the Juliette and her football star were meant to ever get their happily-ever-after. She caused me stress a major portion of this book. I didn't really condone some of her actions and felt she brought a lot of needless pain and agony on more than a few other characters. Juliette didn't always make good choices and she paid a price for them before her messes got sorted out. Lots of sizzle and fire in the romance arena and I really did enjoy the relationship between these characters.

All in all, a very decent and captivating series of books.

TOUCHDOWN!!

Running Away With You is the perfect ending to Evan and Juliette's love story. After having been through so much you think nothing can get in the way of the happily ever after, but life happens. This story has secrets, suspense, twists, turns, heartache, romance and lots of love. It will not disappoint and keep you turning the pages.

DO NOT MISS THIS SERIES - it's one great group of friends. I can't wait for Suzanne's next book as she has become one of my favorite authors.
