## **Sugar and Spice** Mari Carr

Ginny's thirtieth birthday is shaping up to be the worst ever, until her best friend Ryan takes her to the Way Down Under, a new sex club she's been dying to visit. Too bad Ryan refuses to let her see anything but the club's tasteful bar. Sneaking off to explore, Ginny is busted by Ryan in the Voyeur Room. But instead of taking her home, Ryan intends to teach her a lesson-and immediately commands her to strip.

Stunned, Ginny obeys and embarks on a night unlike any other. From shattering orgasms in front of strangers to light bondage, Ginny endures hours of sexual ecstasy, made to succumb again and again to her wildest urges-all by her best friend. After hiding from Ryan the rest of the weekend-resulting in delicious punishment in his office on Monday-Ginny discovers emotions in their lifelong friendship that may have been there all along. She doesn't know if she can convince Ryan of the same...but a bit of "sweet" bondage might help.

## From Reader Review Sugar and Spice for online ebook

### **Heather in FL says**

One of my favorite themes is friends turned lovers, and this one didn't disappoint.

---

### **Maida says**

This book was pretty good. Short & sweet... & well-written relative to the other books that I've read in this particular genre. You'll rarely find typos or grammatical errors in any of Mari Carr's novels-- something which I find refreshing given all of the crappy New Adult Contemporary that I've been reading as of late.... In my opinion, this author's best book is still "Erotic Research"-- a must-read for anyone curious about sexual self-exploration & the BDSM lifestyle. "Erotic Research" is heads & shoulders above "Fifty Shades of Grey," in terms of both writing & content.

---

### **Raine says**

Great friends to lovers story with bdsm thrown in.

---

### **Amz\_Bookz\_Junkie\_4EvEr says**

It was a great way to realize that they loved each other!!

---

### **May Young says**

Short and sweet with just the right amount of spice. It's sweet how two best friends can become the best of lovers; what makes it spicy is the bdsm action they engage in and the fact that that's how the two main characters started to see each other differently. I also like it when the girl, who starts out being naive, gets bold to get the guy, who is the typical player, to change his ways and to claim his heart.

---

### **Zerin Hasan says**

#### **Small story with sweet big feelings...**

I read it within a night...can't put it down for a second..entirely intense romantic story... :)))

*Love it damn much...!! :D*

---

### ? Irena ? says

Friends to lovers story.

---

### Cecilia says

I thought this would be a sweet friends to lovers story, with some extra heat. It was basically a few really long sex scenes (one with the icky assistance of a relative), and a few vignettes from the growing up years of the main characters. I was disappointed - character development was not the most convincing.

Also, one distracting element was the use of dialogue tags. All throughout, it's he yelled, she muttered, he disagreed, she yelled, he thought, and so on. Really tiresome - made the voice seem oddly juvenile.

---

### Kristy says

Ginny is turning 30 and she just got dumped by her douchey boyfriend. In steps Travers, her best friend since childhood. He agrees to take her out for some birthday fun - at an exclusive sex club that she's been dying to go to. Once they arrive at the club, Ginny spots the douchey boyfriend all up in some blonde bimbo's fake tits. To comfort her, Travers says all the right things and then takes her back to his private room for some.....um.....fun.

I love a good best-friend-turned-lover story, but they only work when we get to see the friendship first. That's the element of this book that just made me giddy. I loved the friendship between all of the characters. Ginny is the lone girl in a group of three guys. They've all been BFF's since childhood - and now they all work together. Travers has always had the hots for Ginny, but he never admitted it to himself or anyone else. Too bad....everyone else sort of already knew. Well, except for Ginny. Ginny had always sort of had a thing for him too. (Damn it, these kids and their failure to communicate!) There are several great flashbacks to their childhoods that do a good job in establishing not only the deep friendship and love the four have for each other - it also shows that there was also something between Ginny and Travers, if you read between the lines.

I absolutely love all of the characters that were introduced in this book, so it makes me quite happy to know that we'll be seeing this world continue to expand in the form of a series. (YEA!!)

### Dragana says

\*\*\* 4½ stars \*\*\*

Why oh why am I a sucker for these best-friends-turn-lovers kind of stories?

This is the second book by Mari Carr I read and it's even better. You can feel the emotions and love between the characters seep between the pages. Surprisingly good for a short erotica novel.

---

### **Rhian Cahill says**

Sugar and Spice is all things nice. Definitely worth picking up but then I haven't read any of Mari's books that aren't.

---

### **Nisha says**

This is a really cute friends to lovers book. I loved it because of the snippets of their past. The emotions between them are well done. But, I guess i would have expected more sex scenes. There was a couple, but somehow, they seemed secondary and not that steamy, considering that it was playing with the kinky. It almost seemed sweet vanilla to me, but maybe I was just expecting the sex club to be played up more.

I'm looking forward for MC's books. The sequel stars the other 2 friends, who had a minimal but likable part in this book.

---

### **? BookAddict ↗ La Crimson Femme says**

Ryan and Ginny have been best friends forever it seems. Along with two other guys. While the three men went off and received university degrees, Ginny stayed home to nurse her cancer stricken mother. Years later, they all work together in their small company of I believe 4. I'm not sure exactly what it is they do, but it's immaterial to the story. What is interesting is the three men all appear to be rich and Dom. They also have a gold card at "Way Down Under" sex club. Yup, an exclusive BDSM club where they have their own rooms.

I wonder about these clubs. Do they really exist in this manner? If so, I want to visit it a couple of times as a guest. As far as a voyeur room, I'll all there!!! I love watching. It appears Ginny enjoys watching and exhibiting. She's a bit of flaky in her responses in the sense that she responds in a non-logical manner. This was odd for me because it seemed she was logical in everything else, yet she couldn't be logical and communicate with her best friend. She behaved abnormally given how she was explained and set up previous. I guess when a gal gets her first BDSM experience, she overloads and becomes an irrational twit? I'm not sure. Regardless, this story was a sweet friends to lovers story. I enjoyed it enough I want to read about the other two best friends. I think one of them is already set up to want Ginny's sister...

### **CaroB says**

This wasn't just a regular erotic title, I really liked the peppered memories of the protagonists' history and the Friends-to-lovers story made it a treat. Will look for this author again.

---

**Cyn Mistress Kitty says**

A great little best friends to lovers story with a side of bdsm. Loved it but wish it had been longer.
