I received this book free through a Goodreads giveaway. I have always been a fan of Sherlock Holmes and I adore each story. This set has gorgeous cover art and even some pages with beautiful drawings inside. The selection of stories is great and follows in a good order. Wonderful book, and very pretty on my bookshelf as well!

Note: I won a copy of this book through Goodreads Giveaways.

I really enjoyed this book. It was a nice anthology of Sherlock Holmes stories that makes me wonder why I hadn't read any of these stories before.

The illustrations are charming and the stories are nice bite sized mysteries. This is a great way to get into reading Sherlock's stories and enjoyable for those already familiar with the great detective.

Overall a fun read, I will likely be revisiting this collection and searching out more Sherlock Holmes stories.

This interesting collection of adventures of Sherlock Holmes is chronologically ordered by the cases and not as so often by the release date. Therefore you are able to follow the story in a far simpler way and learn what happens from the big fall until the last adventure at the eve of world war one.

1 of my all-time favorite authors/writers. Exciting as always, I'm pretty sure I have not read any of these.

I did not receive any type of compensation for reading & reviewing this book. While I receive free books from publishers & authors, I am under no obligation to write a positive review. Only an honest one.

A very awesome book cover, great font & writing style. 11 very well written mystery stories (book). It was

very easy for me to read/follow from start/finish & never a dull moment. There were no grammar/typo errors, nor any repetitive or out of line sequence sentences. Lots of exciting scenarios, with several twists/turns & a great set of unique characters to keep track of. This could also make another great mystery movie, or a mini TV series. There is no doubt in my mind this is a very easy rating of 5 stars.

Thank you for the free Goodreads; MakingConnections; Lanternfish Press; paperback book
