## **The Resurrected: Part Four** Megan Hart

The story continues in Part Four --

When a series of freak storms sweep across the world, they leave behind something more than devastation. First come the swift-growing flowers, smelling like heaven and dying as quickly as they bloom. Next comes the infestation as the flowers breed and multiply inside their hosts. After that, chaos, mayhem and death.

And after that...resurrection.

This is part four of a serial horror story.

## From Reader Review The Resurrected: Part Four for online ebook

### **Dominika says**

How can this book be so sexy and scary at the same time?

It's amazing. New characters were introduced in this part, and I started caring about what happens to them after a few pages. Loved it!

---

### **Karla says**

3.5 stars!

---

### **Matthew Hunter says**

What just happened? Part Three earned five stars and ended with a fantastic cliffhanger. Then what? An intermission? Kathy/Kelsey takes over for Abbie. It's as if the events leading up to the cliffhanger didn't even happen. Momentum quashed; buzz killed.

As a standalone story, Part Four is just okay. After a fairly clean first three episodes, typos and grammatical errors abound. And what's up with "Granny Dearest"? "You giant lump. You huge, gross slob. You're a whale, you know that? ... You repulsive, fat cow. You make me want to vomit." Such mental abuse deserves a good poisoning in response. The grandmothers abusive treatment of her 12-year-old granddaughter was painful to witness, and felt a bit heavy-handed to me.

No doubt for me, Part Four is the weakest installment of "The Resurrected" thus far. Because the first three parts are so strong, I'm going to treat Part Four as exception rather than rule. I look forward to reconnecting with Abbie and Benji in future episodes.

### **Dorothy Shaw says**

I am absolutely LOVING these short horror installments from Megan.

The characters in this one were quite interesting. In the end... which we know is not really the end... there is one left standing, but for how long?

Check these out if you haven't yet. Parts 1-4 are currently available and they are worth it!

Megan is doing a phenomenal job with Horror, as I knew she would.

---

### **Netanella says**

After the intense cliffhanger from Part 3, where Abbie's young son Jordan suddenly resurrects, Part 4 leaves the reader hanging for a little while longer. Here we are introduced to a whole new set of characters, the young abused girl Kathy, who grows up to be the survivor Kelsey. Author Hart does an interesting job with shifting perspectives of the characters, and it's not until close to the end of this part that I realized that Kelsey was the new persona.
