## **Trigun Maximum Volume 7: Happy Days** Yasuhiro Nightow

Unlike the subtitle of this new installment of Trigun Maximum, our hero, Vash the Stampede isn't exactly experiencing the happiest of days. Rather, his struggle with his brother-in-destruction, Knives, is escalating to extreme heights. But wait, before we get to the frantic action, creator Yasuhiro Nightow would like readers to know about these boys' mysterious past, and uses almost half of this issue presenting the lives of the two super-men before they fell to the dusty planet. This volume of Trigun Maximum promises not only past history, but future frenzy. For instance, you'll soon discover that not only is Vash not the only one of his kind, but neither is Wolfwood.

## From Reader Review Trigun Maximum Volume 7: Happy Days for online ebook

### Zach Sparks says

Slowly but surely, the flow of the story arcs is improving. I wish it hadn't taken me nearly a year between volume 4 and 5, because it is finally starting to make sense. While I did enjoy the anime, it left a lot of questions for me, questions which I'm finding answers to in the manga. I hope that the pace and cohesiveness continue.

Also, here is a mild SPOILER alert, Volume 7 seems to be the divergence point between the anime and the manga, at least for the main plot.

MAJOR SPOILERS: OMG, KNIVES' HAS AN ACTUAL BACKSTORY FOR WHY HE IS SO INCREDIBLY MESSED UP AND AGAINST HUMANS!? WHAT!? The anime just made him psychotic without a real reason. He was deprived of his right to be a meaningful villain, at least, that's the way it felt to me. This is what happens when humanity finds a new lifeform and their first impulse is to dissect it and then some of its relations find out what you did. They go insane and start trying to commit genocide. ALSO, HUMANS CREATED THE PLANTS!? HOW WAS THAT ANSWER NOT IN THE ANIME!? It's like they were being deliberately obtuse! I do hope the manga actually goes into the how of creation a little bit, right now it feels a little obtuse too, but at least I'm getting something out of it.

---

### Miss Ryoko says

The intensity is picking up as Vash heads off to confront Knives...

and I may have shouted out "Oh hell no!" on page 181 ^\_^

Unfortunately, I was still a little confused as to what was going on, but it's getting better, so that's a plus!

On to volume 8!

---

### Sara says

Awesome learning about the backstory. This is wrapping up to such a climax...

---

### Yvensong says

This volume contains a lot of back-story, which helps add some coherence to the story arc involving Knives and Vash.
