A Match Made in Alaska Belle Calhoun

A Small-Town Rescue

Librarian Annie Murray hoped participating in Love, Alaska's "Operation Love" would lead to finding a rugged bachelor to call her own. But as her flight crash lands before reaching her destination, she finds herself alone with her pilot, Declan O'Rourke. Annie's met charmers like Declan before--now she wants a man of substance. Forced to survive with him in the snowy wilderness, Annie discovers Declan's depth--and he begins to see the shy librarian's heart of gold. But once back in town, outside sources threaten their bond. It'll take all the bravery they had in the wild for Annie and Declan to find love in small-town Alaska

Cathy Daniel says

OH how I LOVED this book!!!! I cheered at the end!!! It was funny & sweet & touching too. It was a lovely little Hallmark movie lol. I can't wait to get more books by this author!

Cara says

A wholesome, sweet read about a librarian moving to Alaska to meet her distant relatives and falling in love with the pilot who crashes with her on his seaplane. Neither are hurt at all, hard to believe, but the setting and genuine warmth and wit make this story a fun gem.

Linda Rainey says

I loved this latest book about the Alaskan Grooms.
The storyline will have you guessing at the ending.
I loved how Anne found a place to call home.
Bring on the next story in the series.
The author gifted me a copy of the book but I review was not required.
My opinions are my own

Bonnie says

A Match Made In Alaska a "Alaskan Grooms #3" by Belle Calhoun. Love Alaska is mainly men. Women are going there for "Operation Love", to find a husband. Librarian Annie Murray is moving to Love after her grandmother passes away. Her grandmother grew up in Love and left there when she got pregnant. Pilot Declan O'Rourke owns a small seaplane. He takes Annie from Anchorage airport to Love, It's a two hour trip. On the way they have plane problems. Declan has to land in the forest. After they get out of the plane it blows up. After that Declan is afraid to fly again. They find out it wasn't his fault. A bird had got in the engine. Annie is trying to find out who her grandfather is in Love. In the end we find out. A very good read. Very touching.

Becky Lee says

Loved it. Can't wait for more Love, Alaska books.

Debbie says

Declan and Annie's story is truly amazing. Both of these wonderful people have a empty spot in their hearts. The way these two help each other get over there past is remarkable. You will love all of the people in this story. God is working throughout this whole book. I had the honor to review this wonderful book for the author. This book deserves a higher rating than a five star review. You won't be able to stop reading this book.

Pam says

A Match Made in Alaska: Alaskan Grooms Book 3 is by Belle Calhoun. Once more, Belle had captured the essence of Alaska in her story. The town of Love, Alaska comes alive as does the majestic beauty of the surrounding countryside. The romance of her book comes through from the first. Although it is predictable, it is still different enough to keep your interest. Through tears, I read the book in one short sitting as it tugged at my emotions.

Annie Murray was coming to Love, Alaska from Whimsy, Maine to become the librarian at the Free Library of Love. She was also coming to find love in the form of a husband through the Operation Love project started by Mayor Jasper Prescott. Annie wanted to make a difference in the lives of people through the use of books. Annie also had another reason to come to Love. Her beloved Gram who raised her had been born in Love and when she left Love, she was carrying Annie's mother. Annie was determined to find some family in Love.

Declan O'Rourke was the owner and a pilot for O'Rourke Charters of Love, Alaska. He was a confirmed bachelor who enjoyed the attention of the many ladies who came to Love for the Operation Love project. However, he didn't intend to marry any of them. He was carrying too much baggage from his childhood to see himself as a family man. He was a superb pilot and it was quite unusual for him to have any problems while flying much less to have to make a crash landing. Now that his plane, Lucy, was destroyed, he was at his wits ends as to how his business would survive. He did count among his luck that if he had to crash land with anyone, he was glad it was with Annie.

Could their attraction to each other be due to the crash or was it real? Could it endure the many problems that had to be solved? Could Declan help her find her past even if it destroyed the family who took him in after his own was destroyed?

Ashley Stevens says

Loved this story! What a great read about overcoming past, life changing event!

Heather says

Love, Alaska is trying to get more economy in town by having a matchmaking program called "Operation Love" for all of their single men. Women across the USA are finding there way here. Annie Murray is a librarian that is coming to find love, help the new library, and, hopefully find the secrets of her past. However, things don't go quiet as she plans when the plane crashes in the middle of nowhere.

I really enjoyed this book, and being a library worker myself, enjoyed that aspect. Annie is a smart character with great wit, and the pilot Declan O'Rourke is an interesting character as well. I liked the fact that both of them had things in their family history that they didn't want to repeat so they closed themselves off to love.

Overall: A good read!

Valri Western says

I've been waiting for Declan's story and Belle didn't disappoint! His story was fantastic! Declan is known for being a popular ladies man around the town of Love, Alaska. However, it hides the real story of his past. It was great to get to know his past and find the man within. When the story starts out with a plane crash, it grabs your attention right away! Declan has been the pilot of the charter sea planes in the all the other books in this series but in this one, his plane actually crashes - with the heroine, Annie, on board! I loved Annie too. She's going to break out of her comfort zone 100% and go from Maine to Alaska to live! She has no family since her grandma died so she's going to go to Alaska to find true love, open a library and try to find her lost family members! I enjoyed everything about this story. The characters were wonderfully written and I always love to interact, once again, characters from other books. Belle has a great way of bringing true emotions out through her characters and it's a joy to read any book she writes!

Pam says

Christian romance.

Harlequin Books says

"The author does a wonderful job of portraying the beauty of Alaska. Annie and Declan are both struggling to find their happy endings, which will be understandable for many readers" (4 stars @ RT Book Reviews).

Miniseries: Alaskan Grooms

Myra Wardhana says

The lovely cover did me in at first glance then as I flipped the back to read the preview, cannot help that I have to buy this book and start reading immediately.

Instantly I fell in love with Annie, from the moment she met Declan with her funny pyjamas on her way to Love, Alaska, then her perseverance and determination that she was not scared despite the crash and survived together with Declan in the middle of the woods. I never camped in the woods, but the author did wrote the part seems become fun yet scary.

And love how the author shaped Annie's character as the librarian, since I love being in a library beside a bookstore, leave me in either places and I am a happy girl...

And how the author described Love, Alaska makes me want to see Alaska, now has been added to my bucket list of travel destinations.

And then how Declan fall for Annie was so sweet yet at first mad at him after finding out that he was against the library in the first place, until he met Annie.

What a delight to read the book indeed.

Jill Kemerer says

Everything about this book is delightful, from the cover to the plucky characters to the adorable small town in Alaska. I'm a sucker for matchmaking stories, and this one had a twist. Annie is moving from Maine to Love, Alaska as part of a matchmaking program and to become the town librarian. Declan is a confirmed bachelor and her pilot from Anchorage to Love. I felt like I was right in Alaska with these two, and I couldn't wait to see how these two unlikely people would overcome their obstacles. A great read!!

Kav says

Love a good family series and this one certainly fits the bill. And the whole modern-day mail-order bride twist is so much fun. Annie is on the adventure of her life -- a librarian with spunk. Squeeealll...yes, I said librarian. Does anyone else swoon when library personnel take front and centre in a story? No? It's just me? Must be an occupation hazard. Well, anyway, I adore the librarian angle. And the fact that Annie's self-sufficiency comes from the pages of books. That girl knows how to do her research and it comes in handy a time or two.

Declan is definitely an opposites attract kind of hero. He loves women and he loves to flirt and sass them but he's not too keen on settling down...ever. But Annie was raised by her grandmother and longs to for the security of a warm and loving two parent family. She's looking for adventure and romance and Declan's just the man to give her both...maybe.

Love, laughter and faith combine to make this a heartwarming read.
