### **Berkeley Poder says**

i think this is a good buck for people that like intresting books like derek i like the book becuse like there is alot of action and it is sad the end \

---

### **Judy (Geeky Reading) says**

~3.5/5

The first half of the volume continues the history lesson, showing us the first real titan death, and the weapon used for it. From there, it pushes the group to continue learning and practicing, and figuring out how to use the weapons and the maneuvering equipment correctly and how to develop it more effectively.

Aside from that, it looks like Sharle's family is going to be causing some real drama soon. I don't look forward to that.

I am still enjoying this series, though some of the history and teaching and politics can get a little long-winded and boring at times. I do enjoy the characterizing, and I like Sharle and Kuklo as characters. Will be reading more.

### **Pato Myers says**

A quick and enjoyable read. I wish the story would go more into how testing went for the first device.

---

### **Fiction State Of Mind says**

In this volume we learn more about the development of the survey corps gear and how they learned to kill Titans . The Titan action is great in this issue and I loved seeing how the survey corps gear was developed , and seeing how Kuklo's strength continues to grow . The art is also stellar in this volume .

---

### **Kai says**

More more!!!

---

### **James says**

Lots of action but little content. The origin of the movement device is good though.

---

### **Shany Larouche says**

3,5/5 stars!

---

### **Jessica Christian says**

Love love love, this is the last volume out till April 5th, that is such along wait to see what happens. But I loved it. 5 stars

---

### **Gabriela says**

So this one was a bit slower, but I still found it very fascinating.

---

### **DonutKnow says**

Interesting.

Xavi certainly looking dapper, but of course he's a bad guy. What does he need Sharks for, I wonder?

### **duniampigie Anggi says**

Se-PMS apa gue sampe nangis-nangis baca Titan!!???? ?(????) ?(????) ?(????)  
Ga tahan liat Babang Angel berurai aer mata gituuuu!! Mukanya sengsara(?) banget siiih!!!  
Mungkin efek gambar si Satoshi Shiki ini lumayan bagus--dibanding gambar cerita orisinalnya--juga karena peningkatan intensitas ceritanya bagus--dibanding cerita novel orisinalnya.

.....  
.....

.....Tapi kayaknya emang lebih karena saya lagi sensi aja.

Btw, di versi komik ini "romance"-nya beneran lebih terasa yak, terutama antara Kyklo dan Sharle--gak, saya sama sekali gak pernah ngebayangin Babang Angel jadi uke-nya Babang Solm kok, gak sama sekali kok, mereka kan sahabatan~~~ :D <-- emot senyum penuh kebohongan

Btw lagi, di versi komik ini si Xavy jadi punya partner-in-crime yang cocok bet sama dia!!Juga ada kaki-tangannya dia di bidang bisnis dan di rumah!! Uwooooo!!! Ini baru namanya penjahat! Habisnya, di versi novel, si Xavy ini jadi cuma kayak bocah yang kebawa emosi. Dendam kesumat sama si Kyklo tapi cuma main hantam-hantam aja, kagak pake otak. Mana bisa orang kayak gitu dianggap tokoh antagonis?? Bagus deh di versi komik ini dia jadi lebih "pinter" dikit dalam ngerencanain kejahatannya (y) Saya bakal menanti-nantikan sepak terjang Xavy!!! #salah

### **Isis says**

I honestly can't wait to see how Kuklo masters the vertical maneuvering equipment and if he vanquishes his "titan father". It's really interesting seeing this other story before that of our original heroes and how the survey corps. of then were started and how it was that the vertical maneuvering equipment began to be used. Can't wait for more.

---

### **Minakarts says**

it was very good and it was very tragic

---

### **sucker4synth says**

I thought this book dragged a bit. I like how smaller of a scale this spin-off is, the smaller group of characters, the more personal it feels, but this particular book was just about flashbacks and figuring out how to kill titans, which we already know. It's a big deal for the characters, but it's no surprise to us. Seeing the prototype vertical maneuvering device is kinda cool, however. Curious as to why Sharle doesn't use a fake name to hide from her brother but Kuklo and Cardina do. Seems like a gross oversight on everyone's part. This book felt like a set-up, a bridge to their new lives with the Survey Corps. I assume things will pick up after this one.
