## **Her Perfect Getaway** Emma Jay

Business woman Elizabeth Black arrives in Hawaii on a trip with her girlfriends. Elizabeth and her friends are there to help bride Haven with last minute details for her destination wedding. Elizabeth hasn't had a vacation in years, or a relationship in a year, but she never expects to be drawn to their laid-back beach-boy tour guide. But handsome Max Sullivan is something she vaguely remembers—fun. Her friends encourage her to indulge herself in a week-long fling. But when she gives into desire, will she also give up her heart?

## From Reader Review Her Perfect Getaway for online ebook

### **Basia says**

Great story

---

### **S.E. Nelson says**

This book made me want to move to Hawaii. The scenery, culture and experiences are described very well. The story is fun and full of passion. Elizabeth and Max can not keep their hands off each other. This is an affair that turns into something more, but we did not get to know the main characters very well since they did not have much of a courtship. That said, if you want to read a story full of steamy sessions, this would be the book for you. On a side note, there are some formatting issues that need attention, but they do not affect the fun storyline.

#### **Review**

It was a cute story, didn't really like the ending. Short and sweet book. I Read it in 2 days.

---

### **Djag says**

A really hot read with surprisingly well developed characters for such a short story. The only downside was how annoyingly short it was. I needed just a tiny bit more. . . Perhaps there will be a follow up novel? (deep sigh) One can only hope. . . I am really looking forward to reading other books by this author.

---

### **Charlene says**

I enjoyed this. Ended a little abruptly, but still good.

---

### **Hina says**

4.5 Stars!

## MBR says

### ***Sighhhhhh!!***

Elizabeth Black, along with her girl friends make their way to Hawaii for a week of relaxing and fun before Elizabeth's friend Haven (from Two-Step Temptation) is to say her I-do's in about 5 weeks time. Elizabeth is high-strung, a workaholic with a constant need to please her father and someone who hasn't had a vacation in 3 long years.

Max Sullivan (Sully) the sexy and sinfully mouthwatering specimen of the male form turns out to be their guide for the duration of the trip. With an easy going laid-back nature and a charm that puts everyone at ease right from the start, combined with his potent good looks, Elizabeth finds herself totally turned on by the different facets of his character that comes to light by the minute. Elizabeth thinks that her unruly attraction towards their guide would cause all sorts of problems but these worries fly out the window when she learns that Max too feels the same tidal wave of desire towards her.

A week is all they have got in a land that could be called Paradise on Earth and both Max and Elizabeth certainly make the best use of their time, the sex between them turning hotter and more irresistible with each passing encounter. Elizabeth might want to tell herself that her feelings aren't involved at all, but as she gets to know the complex man beneath all that charm and good looks, Elizabeth starts to fall for Max bit by bit until there is no turning back.

Oh, how I loved this little story that just sucked me right in and got me feeling all blue to see it end. I wanted to continue reading about two people who completely made me fall in love with them and I wanted all good things to happen to both of them. Max, Oh.MY.GOD. Max, (takes a deep breathe), he just took my breathe away. From the minute he walked into the picture in flip flops and that beautiful mouth of his curved in a welcoming smile, everything female in me clamored to be his. Yes, I tell you, I was a goner from that moment on. I just knew then and there that Max with his beautiful hibiscus tattoo and his tendency to drive a motorbike (GOD YES), lets just say I may as well have took my heart out and wrapped it up in a neat bow and handed it over to him.

Max was such a swell character not because of his sheer good looks alone. It is his different facets that demands nothing less that makes him so irresistible. And that sexy Australian drawl of his whispering words in Japanese? Oh man, even though I know next to nothing in Japanese, I just know that Max would make it worth my while. And you've gotta love a man who can make you laugh and turn you on all at the same time and Max did just that to me, (darn it), I mean Elizabeth.

So before I turn this review into a total drool fest about Max, I should mention how much I loved the way Emma brought to life the beautiful Hawaii. I wanted to hop on a plane then and there and zoom my way across to Paradise on Earth, to experience the heady culture and to mingle with the beautiful people and to just let all my worries melt away. Hopefully someday, even if it is just to experience the magic that Emma creates so beautifully in the story I will one day visit Hawaii, and of course I wouldn't say no to a guide or two like Max to keep me company and surf through uncharted waters and gaze off into the sunset. \*sigh\*

Elizabeth is a bit of a tough cookie in the story. She suffers from ill placed guilt issues when it comes to her father, someone who makes sure he exploits those feelings that burgeon to life inside of her whenever he is around. The turning point for Elizabeth's character comes during Max's visit to Texas and Elizabeth stands up to her father and lets her feelings be clearly known. I loved that she was the one to take the plunge, to

finally express her need to see whether their relationship could mean something much more than either of them bargained for and for that reason alone I loved her wholeheartedly, maybe just a tad less than I do for Max.

Though I would have loved a sappy ending with a lot of mushy expression of feelings tossed into the mix, somehow, the ending in the story seemed to fit these two people and seemed a realistic end to their story. The one thing you won't tire of are the scenes of passion of the explosive and at the same time tender variety that just goes straight to your blood and pumps it up and makes you sigh all over at the same time. It was those moments of desperation that seems to hit both Max and Elizabeth, their need for each other something that neither can deny that I reveled in, during those moments that I practically drooled and salivated over my e-reader.

As a reader, I couldn't have asked for more except wish that Max and Elizabeth's story could have continued on for a long, long while.

Highly recommended for fans of erotica featuring sinfully sexy heroes who makes you hum on on the insides just by sheer instinct alone. And for 0.99 \$, this is more than worth a story to indulge in, if only to see Hawaii through the eyes of the author. And of course Max. How could I ever forget him. \*sigh\*

### **Tashia Brandenburg says**

Hot surfer tour guide.... what single woman wouldn't want to meet someone like that when on a girls trip?? The premise of the story is a short space of time that leads to love. The author does a great job of representing that time without making the book seem rushed and too short. Just enough detail throughout however my one complaint is the ending... I wanted just a tad more but still this book is a quick sexy read!!

---

### **Cocktails and Books says**

What a great story. The no strings relationship that became more. Sometimes love just happens and you have to let it be. I loved both Max and Elizabeth and their story was so hot - sometimes the heart knows what the head doesn't want to believe. I was able to read in less than a day it was a hard story to put down. I wish either the story was longer or that the author decides to write another book telling more of what happens to both of the main characters. If you are looking for a hot read with sizzling moments then you need to read this story.

### **Selenity Jade (Coffee Addicts Book Reviews) says**

A nice little story without much drama. Sexy, quick and makes you want to go to Hawaii.

---

**Judi says**

Loved this one. Sexy, fun and a hero with an Aussie accent(couldn't help but picture Simon Baker). It just ended too soon. I wanted more Sully!

---

**C Joy says**

Thanks to the author for giving this ebook on Amazon! Though it doesn't have stellar ratings on goodreads, I didn't mind them. I read the description and I knew what to expect, given that it's not a full length novel.

I've been reading and reviewing stories of the same genre so I know what to expect, and I got it : compressed storyline with the hero and heroine having an instant chemistry, hot frequent sex when they decide to act on it, and the getting to know each other part where they spend quality time together... And followed by hot sex of course, which I happened to appreciate.

Elizabeth and Max matched well because they complemented each other. She's a workaholic and he's laid back, he's the calm to her storm, if that could be an analogy... Anyway hope whoever's reading this gets the drift.

I liked the location of the story cause it really set the mood for fun and relaxation, and again, it gave the heroine an excuse to up the attraction by wearing a bikini. I liked the moral of the story about living life and not just existing.

---

**Donna {Book Passion for Life} says**

Awesome read. I'd love to see more from Elizabeth & Max =)

---

**Lariza says**

Short sexy story! Elizabeth met her match with Max! They had chemistry as soon as they met. Lots of steamy sex they couldn't keep their hands off each other! They complemented/balanced one another well: Max was easy going and laid back; Elizabeth was structured, business oriented and detailed.

**Lisa McBrien says**

The plot was good but the formatting and spelling errors on this were horrid. So many mis hyphenated words. Wish people who are self publishing in e book format would be more mindful.
