Needle and Thread Ann M. Martin

Autumn comes to Camden Falls -- bringing new friends, new teachers, new worries, and new challenges. It's autumn in Camden Falls, and Flora and Ruby are just starting to settle into the town. Flora is worried about spending the first Thanksgiving without their parents. Ruby is worried about getting a part in her school musical. And their new friends, Olivia and Nikki, are facing problems of their own. But the friendship that ties them together will also give them the strength to work things out -- one stitch at a time.

Hanna says

The Main Street series by Ann M. Martin is a series I would recommend to anyone! It is one of my most favorite series that I have ever read! It is a story of 2 girls journey as they begin to live with their Grandma in Camden Falls. They meet new friends, work at their grandmas store and help others in need as they go to their first year of school in Camden Falls and fun summers!!! I give this book, author, and series 5 stars!

Jayla Johnson says

A fun book about friendship.

Claire says

It was amazing it couldn't have been better
I felt bad for Nikki no love at all coming from her dad:(

Ellen says

i really like the main street series

babyhippoface says

I was so surprised by this new series. I really, really like it! Camden Falls sounds like such a lovely place to live. Sort of the literary equivalent of Gilmore Girls' Stars Hollow.

Hmm. Let's all go have a cup of coffee at Luke's....

Rachel Brand says

I didn't enjoy this quite as much as the first book, but this is still a really cute series. My main gripe is that, because of the choppy story-telling that jumps between different characters and often takes an omniscient look at all the characters, I'm not entirely sure what age this book would be suitable for. I read the Babysitters Club books when I was about eight, but they were far more structured. But would this book seem too babyish to someone a bit older? I'm also not sure how the sewing shop would appeal to girls that age, but this book did have a bit of everything in it - Nikki's abusive father, Olivia's parents needing new jobs, the older woman with Alzheimer's, getting a new teacher, Ruby balancing all her activities, their first

Thanksgiving without their parents, and so on. A lot of topics are covered in these books, so I hope kids don't find it too much. But there is something incredibly sweet and comforting about Camden Falls. I hope these books are just as relevant when I have kids. And if I don't have girls, I'm going to have some very open-minded sons, considering how big my Ann M. Martin collection is now! 3.5*

Jessica says

This is a fun series for young girls. There are a lot of characters with interesting backgrounds and stories that are constantly evolving.

Ann M. Martin is wonderful at writing books that match seasons. These books are great at making the reader get the feeling of the season that the book is taking place in. I especially love her books that take place in fall. She weaves in descriptions of change that make you long for that time of year. This one was my favorite of the series because it had some great character growth.

Sarah says

it's a really good book so far.

Jessie says

i just started it

Autumn Cook says

Love this Book!!!

Leah Fox says

great series

Vanesa says

It was pretty nice.

Kaylin says

These Main Street books are great! The first chapter hooks me into Martin's Main Street series. I think that this book is very detailed and starts off at the place it ended before.

Hailey says

It was a great book. I recommend it for 8 and up.

Lola says

A Review In Four Words

Enjoyable but ultimately forgettable.
