## Night Fires Karen Harbaugh

Enter a midnight world of dark seduction and unquenchable desire, of sinful pleasure and breathtaking intrigue—where amid the flames of war and the immortal thirst of two irresistible lovers, an alliance is born that would burn forever....

## NIGHT FIRES

Beautiful and damned, Simone de la Fer roamed the French nights as a vampire. A reluctant immortal, she thought she'd never again taste the bittersweet pleasures of mortal love—until she met an enigmatic human spy she found impossible to resist. Haunted by his own violent past, Michael Corday arrived from England on a secret mission. On a starlit highway he found his life changed forever by a creature of the night unlike any he'd ever encountered. Unable to deny their destiny, they traveled together through the Parisian underworld on a dangerously erotic journey to right a terrible wrong—even as they were stalked by a merciless hunter intent on destroying them. For theirs was a passion so taboo, it had been forbidden by human and vampire alike; so sinful, it could only be paradise. And they would risk eternal damnation to taste it just once again...

# From Reader Review Night Fires for online ebook

## Tkultete says

I thought this was more of an action book but it's kind of a romance between this vampire girl and a human spy. She's not the typical vampire. It's set during the French Revolution and that part is pretty interesting anyways.

---

## ChampagneL8T says

Vampire, French Revolution

---

## Monica says

Favorite romance book of all time! Sorry...it's true. I adore this book and everything about it. The setting is unique, the blend of paranormal and historical is enthralling. I love this book...that's all I can really say.

Oh and the sex is AWESOME!

---

## Oleander says

Set during the violent and bloody French Revolution, Night Fires gives us a tale of an unusual vampire heroine. Simone is both pious and dangerous. She's committed to helping people escape from unjust persecution. She forms an untrusting alliance with an enigmatic assassin. Known only as Corday, an English spy with single-minded purpose to complete his mission, Corday can't help but be intrigued by the mysterious woman who can break through his ennui and make him crack a smile. In an atmosphere of tension and suspicion, Karen Harbaugh slowly peels back the layers to reveal the depths of her two lead characters.

While the character development was certainly strong, Ms. Harbaugh could use a little help beefing up her action scenes, which were sadly lacking in detail. I would have loved to read of bones cracking, bodies flying through the air to smack into something, and the tangy, copper taste of blood. I had to supply the details in my imagination. Additional details in this regard would have made for a more exciting read.

The plot was good if a bit too coincidental. I also got a lot of insight into the terror and unrest that was going on in France at that time. I would certainly be willing to read the sequel, Dark Enchantment.

## April Sarah says

I love how history is just woven into the writing to create such a wonderful setting. The story was good if not

a bit fast paced.

---

### **Kristina Leonard says**

Accidentally ordered the wrong book entitled "Night Fires" and received this Twilight wannabe. Not bad-- just not all that good either.

---

### **Deanna Against Censorship says**

Loved the Paris setting.

### **Rebecca (everyday reader) says**

Interesting twist on vampirism. Dressing as a leper and helping innocents escape during the French Revolution, and the authorities think she is a man of course, priceless!! Simone is this incredibly smart, emotionally strong, passionate woman, and she finds her intellectual & passionate match, as well as her soul mate in Micheal. He wasn't even looking for love, but expected his own demise soon after meeting Simone. Intrigue, suspense, history, and espionage. Great read!!
