## On Your Knees Brynn Paulin

On Your Knees Brynn Paulin When Jessica is invited to a sex toy party at Pleasure Palace, she never dreams she'll receive a one-on-one demonstration from her own personal dungeon master who demands nothing less than her complete submission. Jessica has never submitted to anyone and as aroused as the idea makes her, she can't easily give over her control to this stranger. The dungeon master isn't exactly a stranger. He's her boss. Ryan is shocked to learn Jessica plans to visit Pleasure Palace and he's not about to let the opportunity pass him by. For years, he's hidden his BDSM lifestyle and his attraction to her. Now wearing the mask of the dungeon master, he will reveal both as he introduces Jessica to the delights of his domination. Before the end of the evening, he plans to have her on her knees and his forever.

## From Reader Review On Your Knees for online ebook

### Spynonu says

You have to suspend reality that this strong woman would actually allow herself to be stripped and intimately massaged by strangers. She is suppose to be a control freak. Okay, you have let that go, right? Good, then you might enjoy this book.

I liked this story only because it had a man who had loved her for a long time making a play for her. It is pretty much just silly smut and a fun read for a rainy afternoon. Don't try to take it too seriously.

---

### Emily says

Solely focused on work, Jessica has little time to relax and unwind. When she is invited to the Pleasure Palace, a place where all your fantasies become realities, she brushes it off. Her boss, Ryan though knows what she needs and insists she go take the night off.

Ryan couldn't be more thrilled, he has been waiting to see if Jessica would fit into his life style, now that the time has come he plans to make sure it is everything she needs.

There were aspects of this one that were a bit raw and the ending was a bit rushed. I liked it, but it could have had a bit more character development.

---

### Carrie says

Jessica is an overworked control freak who is invited to go to a sex toy party at Pleasure Palace, a place for women to be pleased. Her boss, Ryan, finds out about the invitation and orders her to go, or he will reassign her. Ryan is a Dom at the club, unbeknownst to Jessica, and makes arrangements for a private session with her in his dungeon instead of the party. Ryan has been the star of Jessica's erotic fantasies and, little does she know, is about to become her Master!

A romance that has love, romance and HOT sex with a HAE.

---

### **Zee Monodee says**

An invitation to Pleasure Palace. Jessica is not exactly thrilled to go, but half-heartedly decides she could do with some excitement in her life. She'll just check the place out and nip out; back to the humdrum life she lives. But Jessica is in for a surprise – she's also in for much more than checking out at the club. In fact, it is she who'll be checked for her inner submissive.

The man who asks her complete submission in the closed room of the club is no stranger to Jessica in her normal life. He's her boss, Ryan. But Ryan knows he'll have to play his cards right – he wants to win her completely, and at the same time, reveal he is the boss not only in the office but also in the dungeon.

Jessica is aroused like never before by the dominant who asks for her surrender. She doesn't know him, yet he awakens all her desires and fires her lust like no other. But there is a fine line between fantasy and reality – is she ready to relinquish control? Will she really without question, answer to his request when he whispers, "on your knees"?

Prepare to be swept off your feet by the dominant Ms. Paulin brings to us in this one. Like Jessica, you'll fall under the spell. And like Jessica too, you'll question the hold he starts to have on you. Ms. Paulin does a very good job to evoke the mood and definite aura of the world of dominance and submission. The hero is commanding, the heroine easy to like, the sex is scorching, and the love? Well, the love is well worth reading swiftly from page 1 to 96 in one single go.

### **Gab says**

Read this book as the series had multiple good reviews - but frankly the book was kinda dumb, annoying and boring. I hate not knowing the end of a book but if my Kindle didn't have that wonderful text-to-speech facility I wouldn't have finished it.

I am so glad I bought it directly from Ellora's cave website [for \$4.45] instead of paying Amazon's ridiculous price [\$7.12 - normally Amazon's better priced than this]. For the short book of this quality it really should have only been \$2.99 or less - I would not be recommending this book.

That said - maybe it's me. I loved "The Dom's Dungeon" by Cherise Sinclair which is why I thought I'd give these books a go. The difference is that Cherise is just a better author, her characters have depth, and the books actually have a storyline. The Zant books I've read so far have just been disappointing and the characters [or lack there of] disturbing.

### **Cyn Mistress Kitty says**

HOLY CRAP, this is one smokin' hot story. Realistic? No. Would I want to have a relationship in real life with Ryan? No, but I sure liked reading this story. Ryan is a Dom with a capital D. He truly cares for Jessica and the sex was H O T!!!

Now on to read Theo's story.

---

### **Cassandra Carr says**

This book broke so many BDSM rules that I really wondered how much research into the Lifestyle the author had done. I made it about a quarter of the way through before I couldn't take it anymore. I hate being so harsh, but the plot was thin and the BDSM aspects drove me insane.

---

### **? BookAddict ✎ La Crimson Femme says**

I do like the boss stories. I always think it will be fun to submit to a dom boss. Reading this story only fans my fantasies. The name of the story is a bit corny, but still, I enjoyed it. The club was nice and I wish I had one by me just the same.

### **NhaughtyV says Damn the Zon Save the Reviews says**

**NOTE: I read the newly released version (6/8/16) with revisions.**

*"Submitting doesn't make you weak. You have to be very strong to do it."*

Let me start by saying I freakin' loved this book! 5+++ Stars!!

Jess has been having fantasies about her tall, dark and handsome boss Ryan...fantasies that contradict her OCD of wanting to always being in control. Ryan has loved Jess from afar and has been looking for a way to get her to let go of her controlling nature and see that she is a natural submissive. A chance encounter at his club starts them down a path towards finding their HEA.

What did I like about this book? Um, EVERYTHING! I loved how Jess didn't just fall over with her legs open from the beginning. I liked how she still fought to be in control, while learning to let go and allow Ryan to care for her. I enjoyed how Ryan was able to love and care for her and overcome her insecurities of being alone. I could really relate to Jess. Sometimes fighting the monsters that live inside us are the most difficult to overcome.

Highly recommend this story & look forward to the rest of the series!

### **Dar says**

So I got to the 46% mark, and knew exactly how the story would okay out. Skipped ahead and read the last chapter and epilogue and I was right. I'm okay with tropes and such, but I still want some surprises in the story and this didn't have it. It could have stopped shortly after the half mark and been really good, but it didn't

### **Cheryl (Gwyneiira's Book Blog) says**

I am very picky about bdsm romance. And this one is just....a horrible bdsm book. It's more of an erotica.

- 1) There's no safeword. They find it unnecessary since they are trained to notice a sub's mood.
- 2) She didn't know who he was at first. And it pisses me off cos bdsm is based on trust and he lied. It could practically be argued as non-con.
- 3) I don't think I want to finish this book. Ever.

---

### **Jo \* Smut-Dickted \* says**

This one has some Bite. Definitely D/s (although it is a romance as well) he makes good use of the time he's got with the girl. Girl lusts after boss. Boss is secret dungeon master. When he becomes her Master (of course she does not know who he is) and turns her fantasies into reality she falls in love. Paulin has a way of crafting sex scenes that are incredibly arousing - and they can be down and dirty too. The D/s here is very exceptionally well done - particularly dialogue. All the books in the series are great!

---

### **Carmen Baldwin says**

#### **Romantic Master!**

This story was great, Ryan was so sexy and sweet to Jess. At first she wanted him but didn't know he felt the same the sexy story as they get together was awesome, jess had a hard time giving up control because of her past, you can understand that but Ryan was so good in helping her giving in and to love him. There was some danger from old employee that was dealt with, and just loved Ryan's family. The next story is of big brother Theo, can't wait, great book! Would recommend this book!
