The Boss' Bad Girl Seraphina Donavan

Grace Marcum is quiet, shy, reserved...and painfully in love and lust with her boss. Rather than tell him, she's recorded every hot, sexy fantasy she's had about him in a journal. But one day, when he calls her into his office, Grace is horrified to see that book in his hands.

Anthony Callahan has been lustng over his secretary from day one. But sexual harassment suits are both ugly and expensive. Rather than risk it, he just took matters into his own hands, literally. But with her diary in his possession, he knows the truth, and nothing will stop him from having the woman he desires and in showing her all the pleasure to be had from indulging her many naughty fantasies.

I think this book can be great! Why so short?!?

A curvy, full figured woman and a 40 year old man have been lustng after each other in complete secrecy for 2 years until her diary ends up in his hands. If you had told me that a story this short would have me vested in the characters happiness and gratification, I would have told you that you were insane. Then, after reading this, I would have had to eat my words. Hats off to Seraphina for writing this so well and giving us such likable characters. She sure knows how to write sex, too...and there's something for everyone from tender love making to spanking, being taken roughly and quite a bit in between. You even get an HEA and want to know what will happen next by the time it's over. The only detail that wasn't revealed and is nagging at me is I want to know how he ended up with her diary in the first place. This is the first book of Seraphina's that I have read, but it certainly will not be the last.

Grace has the hots for Anthony, her boss. But that is a line she is not willing to cross - so instead of making her desires known, she writes about all the dirty things she wants him to do to her. But when Anthony discovers her diary of wicked sexual thoughts he confronts her. But Grace never imagined that he would be feeling the same way about her.

The Boss' Bad Girl is a short read that included a little steamy office romp that is sure to be just the beginning of these two trying to hide a secret relationship that most likely won't remain secret for too long. These reads for me are always a bit fun, something that you can toss into your reading cycle as a little break between intense - longer books. With so little to the actual story at this point, it is up in the air as to the overall story for me at this point. It has a great start so far though.

♥ A sexy short

AT 14 pages this book is extremely short, so it was difficult to fully immerse myself into their world. It was a snippet, less than a glimpse.... It starts extremely well and drew me completely into the thoughts of Grace and Anthony....

♥ It was SMOKING HOT.... & EXTREMELY EROTIC.
"...sensual delights." *There were many!!!!*

I wanted something quick to read as an in-between and this worked well. Being in their sexy minds was enjoyable and I'm keen to see where the story takes the two of them.

Grace has been in love with her boss of the two years that she's worked for him. To keep from letting on, she's written all her fantasies about him in a diary, which he seems to have discovered. Mortified that he's found out, she offers her resignation, only to have him tell her that he's felt the same way. Fear of a potential sexual harassment suit is what's held him back from telling her his feelings. Now that he knows how she feels, he doesn't have to hold back and he doesn't.

Some of it's a little over dramatic, but it's sweet in a way. The chubby girl in the office is thought of as sexy by her hot boss. Why not...?

Grace Marcum has lusted after her boss for two years. She's written about very one of her dirty fantasies with him in her journal. One day **Anthony Callahan** calls her into his office and Grace discovers her diary in his hands. What Grace doesn't realize is that Anthony has also wanted her since day one. Soon things heat between the two.

This was a fun, hot & enjoyable read. I loved that the curvy girl ends up with the sexy, gorgeous alpha male. An intense boss/secretary romance that will have you wanting more.

PS; Still currently free on Amazon.
