The Love of Her Life Francine Pascal (Creator) , Laurie John

Love, loss, and another chance at freedom...

Todd Wilkins begs Elizabeth Wakefield to come back to him. But Todd's not the one she wants. At last she's found the man of her dreams, and she's determined to have him.

Mike McAllery is fighting for his life as Jessica Wakefield faces the most difficult decision she's ever had to make. Will she choose freedom - or her duty as a wife?

Steven Wakefield is on trial for attempted manslaughter. Was Steven really trying to kill his brother-in-law? Or was he defending his sister's life?

Kris - My Novelesque Life says

SWEET VALLEY UNIVERSITY

Written by Francine Pascal

General Review for series as I cannot remember each novel.

I read Sweet Valley University when I was in junior high school to high school. While there is sexual content it is very mild (not explicit) compared to teen books today. If you like the Sweet Valley High you will love this series as it continues with the twins' story as they attend University and are away from their parents. I am not sure how they would relate to teens today as this was before cell phones were common and social media. They are fun teen romances with "real-life" situation. I did not complete the series as I started to save for school so I wasn't able to collect them any further (they are out of print). I still have the books I bought and may try to read one again (I did reread the series a few times).

Michelle Nangle says

Another great and quick read.

Vrinda Pendred says

Ahh Liz and Tom finally hook it up. My copies of the first 6 books of this series are so battered from rereading the Liz and Tom bits over and over when I was 10. I used to think it was so exciting, the 'will they, won't they' tension of it! Then they finally got together at the end of this book and it was just pure joy to me. They got a bit boring after this, just being your typical couple. I much preferred the elusive Tom, despite how much I couldn't stand it at the same time. Todd is just pathetic, if you ask me, too. He and Enid are both totally lame. I can't believe Liz ends up taking him back eventually, after all he did.

Sheila Read says

I have read so many of these books I can't remember all of them.

E.H. Nolan says

I really can't say too much about the plot of this installment in the SVU series without major spoilers. It's a continuation of the drama introduced in Book Five, and it does not disappoint. A side note about these books: I really love the recap each book includes. If you start somewhere in the middle, which I totally don't recommend, Laurie John will fill you in. What I do is read another book in-between SVU books to make the series last longer, so I appreciate the light recap when I'm ready to return to the madcap college world of the

Wakefields.

All I can say is don't skip this one--the cliffhanger is worth the entire read!
