## **The Well of Darkness** Randall Garrett , Vicki Ann Heydron

Bearing the Ra'ira, Raithskar's most sacred gem, Rikardon and Tarani flee a ruthless enemy across the burning deserts of Gandalara. Protected by the swordsman's mighty warcat Keeshah, and the mystic bird called Lonna, who obeys the illusionist's commands, the two discover the smoldering passion they have long denied. But Keeshah leaves them to fulfill an ancient mating ritual in the Valley of the Sha'um, Rikardon and Tarani must risk death in the Well of Darkness to fulfill their destiny.

## Dantegideon says

They wander pointlessly about for a whole book. And still it manages to finish on an anti-climax. I don't know if I'll bother with the rest, as they sound quite similar.

---

## Kathy says

I'm definitely sure I read this book, but I remembered, as before, almost nothing about the actual story -- just some of the things that happened.

Enjoyable, 100%.

## Jonathan Palfrey says

This book is a bad trip. The Well of Darkness is the name of a Gandalaran geographical feature; but it also turns out to be a forewarning of what you're in for here.

Things keep going badly wrong for our hero, and in addition he starts behaving strangely and badly from time to time. There turns out to be an explanation for this, but meanwhile he fails to engage the sympathy of the reader; in fact, it's hard to understand how his girlfriend puts up with him.

I was tempted to give the book one star, because I didn't enjoy it. On the other hand, it's not an incompetent book, it's just not enjoyable; and, after a good deal of messing about, it advances the plot of the series in a somewhat constructive direction.

However, if I ever read through this series again, I think I'd prefer to read a condensed summary of this particular episode than to struggle through it all in full.

### **Timothy Boyd says**

Good beginning to the 2nd story arc in the series. Nice entertaining and quick read. Recommended
