### **Turkel Afandiyev says**

As its counterpart (Grammar for IELTS by Cambridge), I did not actually find Vocabulary for IELTS very IELTS-oriented. Most tasks didn't seem to be similar to IELTS tasks.

Listening tasks were very difficult to follow, which is not the case in the actual IELTS exam tasks.

Reading tasks were more or less fine, however the texts seemed to be outdated.

Nevertheless units 21-25 can be very useful for both IELTS students and all English learners.
