A Murderer's Music Box Manuel Rose , Melissa Rose

The Wellwoods are moving away from the chaos of the city and buying their first dream home in the country lands of upstate New York. Despite the odd behavior of the townsfolk, and being the first visitors in several years of one house in particular, the Wellwoods can't resist the lovely charms of the old, Colonial house and quickly make it their new home; that is, all except for their 12-year-old daughter, Samantha, who senses a malevolent presence in the house and wants nothing more than for her family to escape it! For the Wellwoods, their beautiful country dream turns into a ghastly nightmare when Samantha and her father find an old music box in the attic that harbors a sinister secret which soon brings turmoil, death and destruction to all occupants of the house. But all is not as it seems when the story unfolds...

From Reader Review A Murderer's Music Box for online ebook

Deedra says

Seriously over acted by Manuel Rose and Melissa Rose I could barely get through this book. A twelve year old, who waffles between sounding like a 6 year old and a 12 year old, and her famiy move to a haunted house on Horror Hill. Mayhem ensues. I was given this book by the narrator, author or publisher free for an honest review.

Jennifer Malenius says

Ok maybe better suited for older children

I thought it was a bit simple although the premise was interesting. The writing didn't flow for me. I didn't feel connected to the characters in the book.

I won this on a goodreads.com giveaway.

Mel Thomas says

This was a great short book for me, since I don't care for long ones, except Stephen King stories.

"A murderer's music box" was kinda like an old Stephen King story, it made me jump at some noises my house makes at night while I read it on my tablet.

The multi twisted ending was cool.

After listening to the sample on audible, I think i'm going to get it too.

Although this author usually writes children's books, I think he did a great job with his first adult horror and I hope he continues to write more horror.

Jennifer Nelson says

A good story with a nice twist at the end.

Marissa says

Goodreads Kindle Copy Win

A couple moves to an old house with their daughter. The daughter senses that it is eerie as she keeps hearing music and wants to live elsewhere. The house has secrets that will soon terrorism them as it will take over.

A quick read that has a few moments of scariness.

Debra Barstad says

This book was just ok for me. I did not hate it but it was not one of them rememberable type books. In parts I felt like it was a bit rushed. Overall a good short book.

For an honest Review I was provided an audio file on this book. The sound effects were cool, and the story concept was good I just did not like the character development. This book takes place in 1985 and in upper state New York. I felt the daughter character was a tad bit childish and I got the impression that the authors were trying to bring back families from the 50's. I think that if the daughter as well as the parents had a little more edge to them the whole story would be great. After the sound effects I would rate this a solid 3.5 to a lower 4.0 stars.

Manuel Rose says

Great new book!

The Wellwoods are moving away from the chaos of the city and buying their first dream home in the country lands of upstate New York. Despite the odd behavior of the townsfolk, and being the first visitors in several years of one house in particular, the Wellwoods can't resist the lovely charms of the old, Colonial house and quickly make it their new home; that is, all except for their 12-year-old daughter, Samantha, who senses a malevolent presence in the house and wants nothing more than for her family to escape it! For the Wellwoods, their beautiful country dream turns into a ghastly nightmare when Samantha and her father find an old music box in the attic that harbors a sinister secret which soon brings turmoil, death and destruction to all occupants of the house. New psychological thriller

Laura Peterson says

I received this book as a good reads giveaway. It was a short read and I was able to read it in one evening. The story had a great concept but it felt rushed where I think it could have been expanded for a more creepy feel. Parts that were explained for the authors benefit were useful but may not have been needed if it was longer and had more woven into the story itself.

Overall I liked it.

Kylie says

Goodreads Kindle Copy Win

This story was just horrible. The title was intriguing and the story line seemed very interesting, but the story itself was atrocious. The story was written as if by a 12 year old which made me not want to read it anyway. With it being only 142 pages I figured it wouldn't take too long. The descriptions and narrations were childish and the story line absolutely ridiculous. The author tries to add a twist to the end that made no sense. All in all, this read like a 6th grade homework assignment and was a big let down. I'm just glad I didn't pay for this.

AudioBookReviewer says

A Murderer's Music Box is a dramatic presentation of a horror/supernatural story that is interesting and has a surprise multiple twisted-ending. The sound effects were realistic, the music was haunting (in fact so much so that I cannot get it out of my head) and the dialog was solidly realistic.

Each character is fully developed, even Samantha has the annoying, entitled attitude done pat. The plot was believable as the Wellwoods find the home of their dreams at an affordable price but what they find inside ... well, that is for you to discover. It reminds me of the old movies/books such as The Haunting of Hell House. Not everything is as it seems!

Personally, I do not normally enjoy dramatic presentations but this one was well done. The last twist in the ending left me thinking ... what? But after thinking about it for a bit I realized how it happened, but it required me dwelling on it a short bit. I think this piece might need to transition a bit better.

The duo narration was good, their character voices were mostly distinct. Father, Manuel Rose and, his daughter, Melissa Rose performed the audiobook very well! The blood-curdling screams were very realistic!

If you enjoy dramatic presentations, and love hauntings/horror this is the book for you! You might need to leave the light on, for a bit ... or longer.

There were no issues with the audio production or quality of this audiobook. It was well done.
