Billionaire: Part 1

Juliette Jones

Billionaire: Part 1 Juliette Jones

Lila Carmichael is a good girl, a high-achieving academic, punctual to a fault, unfailingly conscientious – and embarrassingly inexperienced. Too preoccupied with her studies, Lila has never had much time for boyfriends. After graduating from Princeton, Lila moves to New York City and begins her job search. Innocent and naïve, she is swept away by an uncharacteristic bloom of total abandon as soon as she meets the tall, dark-eyed CEO of Wolfe Enterprises. Within the hour, Lila finds herself ensconced in a job-cum-relationship with a tycoon Adonis who can't get enough.

Alexander Wolfe needs a new assistant to help him run his publishing empire. One résumé in particular catches his eye and he decides to interview the chosen candidate one-on-one in his private penthouse office. When a green-eyed goddess walks in, Alexander, for the first time in his life, finds himself powerless to resist.

Toni Lewis says

I enjoyed this book first one from this author and Alexander and Lila were just enough steaminess to keep you reading on... Lord who wouldn't fall in love with a man like Alexander he is every girls dream guy , buy he takes Lila right off her feet . Going for a job interview Lila doesn't expect to see the gorgeous Alexander when he open the door to his office and he isn't expecting her neither so there both speechless . By the time the job interview is over Alexander is asking her to join him in a drink for his birthday and before long the drink has turned into a kiss that he lets her know is not part of her job now that she has taken the job as his assistant. Really good book I honestly enjoyed it

A??ela W. says

This was a short quick read that was ok.

Shari Kay says

[om watching/touching h while having sex with H, H allowing fffm action(though I don't think ow touch hero) (hide spoiler)]

Raj says

5 stars!!

yep! 5 stars for a novella!!

I've read some of the reviews, some loved it and some disliked it, well obviously, i loved it!!

After reading the synopsis, I was like, same ol same ol', I mean, there's nothing unique about it, so why read it? Because he's a friggin' billionaire! unique or not, I totally dig alpha male billionaires!! And I wanted to give the author a try, this is the first time that I'll be reading a novel from her. Miss Juliette recommended this series, and I was like, why not try it? And, damn! It was so worth it!! Probably the only downside is that it's a novella, it was released part by part and as of now, book 2 isn't out til August so if you don't want to wait then better not start.

Okay! back to the review! Holy shit!!! it's the hottest thing ever!!! I'm not gonna say much about what happened but, holy hell! it was totally hot! The writing style is just that good! I could totally feel myself getting all hot and bothered by the scene I was reading!

This is a dual POV!! How awesome is that!!!

Gloria Herrera for As You Wish Reviews says

This review is for the complete series of Billionaire.

Explosive, raw, lustful, erotic and emotional are but a few words that come to mind when reviewing this book. The combination of Lila Carmichael and Alexander Wolfe is highly combustible from the moment he begins to interview her for the job of his assistant.

This is erotica with a great plot line. These two characters literally cannot keep their hands from each other. Some of the scenes are so hot you will think your house is on fire.

They both appear to be as far apart in the social class as is possible. Yet, when they start sharing their secrets, they find they are more alike than they originally thought. They both come from disrupted childhoods where abuse, fear, hunger and finally escape is a reality. They each worked hard to remake their lives and build a future they would be proud of. They are kindred spirits, communicating through their bodies and building a connection that goes deeper than their lust for each other.

Definitely recommended... look for my review of Honey Girl the sequel to this story. This story just gets better and better. The sex is still hot, but the plot line just blossoms into a more gripping story yet.

Missy says

hot

Yalda says

ooooooooooooooooooooooooooooo
ooooooooooooOT!!!!

I know! I know! It's another version of 50SOG, very very sexy and yes I absolutely loved it!!!!
Alexander yum yum yum!

Sasha elle a.k.a. Mrs. Liam Callahan! says

Things moved PRETTY FAST like this**Our heroine**:hi how you doing I'm here for an interview:**bitchy narcissistic assistant**: (okay fine I think she's bitchy and narcissistic don't blame me if our heroine wants to wear a fucking black skirt and goes commando for an interview SHE WILL DO IT) got in the the elevator in the corner and it'll take you to the 27th floor and you'll see Mr. Wolfe (**SEX GOD ALERT**)heroine: *I'm wet in my down area ,my body is giving up on me, let me have sex with youI'm not wearing anything ...let me have sex...sex.... SEX!*

PUT YOU'RE PANTIES DOWN FOR MR . WOLFE: yes I'm a sex god....you got the job with ridiculous amount of pay...look at me I'm pretty.... it's ma BIRTHDAY BITCH..champagne...I have a boner....SEXXXX!....tell me if you want me to stop (puffttt! that's just ridiculous).....VRIGIN ALERT!VRIGIN ALERT! DO NOT DISENGAGE SOLDIER I REPEAT DO NOT LEAVE! ...I'm gonna do you 7 timesI have a door in my office that leads to my bedroom (hehe I'm soo not creepy)....why am I having sex with you I need to say goodbye (gets distracted by heroines naked skin. ...shouldsayTITIES ...The end

The main things that pissed me off is her obsession with her passport like I've always wanted to, but I haven't had much opportunity to travel, actually. I never, well, we never had the money. But as a graduation present to myself, I decided to get my passport issued, just in case I get the chance some day. I just got it. This morning, in fact. I have it here, in my bag.” I was so excited about my passport, I considered retrieving my bag from where I'd placed it near his desk, and showing it to him seriously though ... and also the excruciating details on how our heroine Lila Carmichael gets wet and feels her body betraying her, BEEN THEIR AND DONE THAT (FAILED ATTEMPT) overall it was fast and I can't put a finger on it (or two I just had to do that) but keeping my fingers crossed that the story gets better other than that Mr. Wolfe was just fabulous .can't wait to get started on book two ;) I give you Mr. Wolfe

PJ says

None of my job interviews ever went like this! The story is as common as they come, pun intended. But damn the author got the eroticism dead on. It just had me melting. Part 2 did, also. But these lust stories are hard to sustain once the couple gets down to everyday living. At least BDSM elevates sex to an art form. If it's plain vanilla, then there's not much the writing can do to keep the sex exciting. Not sure if I'll read beyond Part 2.

TORI says

[Strike one:

She doesn't wear a bra or panties because her roommate basically tells her

J. says

Wow! What else can I say. Reading this was pure poetry! Yeah the pace could have been slower but never have I had a smoother reading. At no point did I feel like I had to stop and re-read. So hats off to Ms. Jones for her brilliant writing. In reference to the actual plot-line, I really wish that it wasn't so short. I'm getting heartily sick of this trend that seems to be going around with authors splitting up a story when there's really no need to. The chemistry though was very hot (although as mentioned by some other reviewers the no contraception/protection clause is somewhat worrying in this day and age to say the least!) and I also liked the in-depth description of the characters and their thoughts. I will still continue to read the full series but in future I just wish other reads could be combined as one.

Angel **Book Junkie says**

Yes! Yes! Finally a short story that does it for me. Lets me love the characters as well as the story. Pretty damn awesome I will be purchasing the rest of the story because I think it will be worth it! I will let you all know once I read Billionaire #2.

Mindy Lou's Book Review says

This is only my second book from this author and granted I probably need to read more to base a full opinion, but I must say for this type of read (you know the quick dirty little reads that some of us love to just pass the time with before digging into a full length book) I find that she has one of the more mature writing style. I say that because I'm not rolling my eyes after every other sentence. The attraction is felt. The sex scenes are blush inducing.

Melody Goeken says

I enjoyed much about this book, loved Lila and Alexander and how much their childhood shaped their adult lives. I loved watching them share their fears and past horror that they had never been able to fully share with anyone before.

SPOILER ALERT

Several parts of the book were uncomfortable for me to read and witness. I had a difficult time understanding how someone like Lila, so innocent and traumatized about sex would allow the scene at the card table to play out. It seemed way out of character for Lila to go that far, and I was shocked (disappointed) that Alexander allowed his friends to see and touch what he claimed was "his" without killing one of them. At that point I lost much respect for him. He was to be her protector and her safe harbor and yet he allowed her to be violated. The second scene was the two women in Paris with the whole "massage" scenario. Again, I thought it seemed out of place given the relationship they had built, and when she would question him and look for his reaction, he continued to encourage her to participate. Again, I did not like that they had allowed others into their world, and that both seemed to be perfectly fine with doing so.

I read entire book last evening and this morning these passages are still bothering me, I want to rewrite them and make Alexander into the hero that would protect her from anyone touching her and invading the love they have for each other, that is why I rated the book with 4 stars instead of 5.

I received a complimentary copy of this book prior publication. All opinions are my own.

Jenifer Kleine says

To much of a good thing is all I can say about this book. It's 50 Shades of Grey meets Beautiful Bastard on Viagra.....and I mean exceeding the recommended dosage. If you like just reading about sex over and over

and over and over and over again, then this is the book for you. I like reading about sex as much as your typical chick, but when even I'm getting bored over her millionth mind blowing orgasm, it's just to much. Not to mention the whole virgin thing, there is no possible way being a virgin that you can have that much sex in that short amount of time. He might as well dumped some super glue on his shlong as lube and permanently parked it there forever. RIDICULOSNESS is all this book is.
