Brittany's Story Lakelia "BlackByrd" DeLoach

You ever sat back and wondered where some of these men found their baby's momma? You know, the ones who always in the club while their children are home with granny. The ones who drink and smoke while carrying a new life, the ones who take them to court every chance they get to raise their child support? What about the ones who don't let them see their children, who turn their children against them or who hate their children because daddy doesn't want or love her? Yeah, you know them and you wonder just like we all do. Having a messy baby momma has got to be the worst thing in the world if you ask many. But then again, some men are just as messy.

In this five book series you will meet some very messy baby mommas'; each book telling one of their stories. The stories of the ones who are not happy to be a baby momma and want more and the ones who shouldn't have been mother in the first place. These five women like to keep up as much drama as humanly possible. There is nothing they won't do, no where they won't go and no measures they won't take to make their baby daddies and the people in their circle lives a living hell. Some feel they are entitled to what they want, some just don't want to see their baby daddies happy and others just want what's fair. This five-part series will give you the trials, tribulation, drama and mess of each woman. These are the stories of Tasha, Brit, Armani, Q and Salena.

Carla Hamlin says

I like

I truly enjoyed this book it was good .From start to end. I look forward to reaging more.from this author

Starr says

This was sad

Brit got herself all the way caught up way too fast like dayuum. How does money get you like that. The way she was chasing after bone a was so sad, I can't. This story was really really good.

Sabrina says

Wow . Sad what happened to Brit but when you want something bad enough , you will do anything to get it unfortunately the outcome wasn't good for her .

BellaJae says

This chick I just cant! So that's how you do POPPA? Girl I can slap the mess out of her. If it wasn't about Brittany than it didn't matter. Hood rat at its finest. It was all about money. I just cant!!!

Queena Harper says

Excellent

I just couldn't that Brit thought that she needed a man with money to show her love and she chose to leave her son and baby daddy for money. It took her a while to realize that everything that glitters ain't gold and when she did it was too late.

Denise says

Messy baby momma club

Brittany didn't care about nothing but herself. I bet she wished she didn't make the decisions she made.

Drama filled book. Good book

Cocotbaby says

TMBMC: Brittany's Story

It's truly sad how Brittany lost her life looking for a come up. Great read, will definitely complete this series.

Yvette Waite says

Excellent

This was an excellent book just like part one I can't wait to read or two even though this book at a sad ending it still was an excellent book .

Mattie says

Man this is crazy

Nicole says

Wow! Look at what happens when you are not mature enough to know that not all money is good money. Brittany was so money hungry and ungrateful for what little she already had that she left a good man and good father and she left her child all because she wanted that almighty dollar. I enjoyed this short read.....the end was shocking! You can't trust everyone you meet!

Alisha Benjamin says

Loved

This one is my favorite so far. Looking for love in the wrong places will get you no where. All that glitters ain't gold. The things that we all wish we could back and change. Looking forward to reading about next messy bm

Denise Gilliam says

Omg this was so good and sad at the same time. Brittany was looking for love in all the wrong places and ended u getting her heart broken all at once. Dealing with the wrong people an get you all kinds of things and

get you do stuff you really don't wanna do. The ending I was not expecting that. Great book all in all now to the next book.

Peggy Barnett says

How was this story. So true to life!!!

Unfortunately, this is a common story with young girls. They want so much so quick. Without any regard of the consequences or more importantly the price that must be paid -- with their life.

jordan says

Excellent

Outstanding read loved it couldn't put the book down its a excellent series so far keeps me at attention author is ?

Latanya Garry says

Great Read

Brit was so simple minded by thinking screwing a man with money will provide her with the life she feels she deserves. That way of thinking led her down a dangerous path of destruction. Poppa was trying his best with Brit but it wasn't good enough. When she finally realized that everything that glitter isn't gold. It was too late.
