### **Fran says**

Do not like Cliff Richards art. Looks weird, especially Andrew. If I didn't know it was meant to be him, I wouldn't know it was him.

Other than that, an interesting explanation to the previous reveal. Not too interested in the cop b-plot though. Don't feel like it adds anything, just feels like a weak 'give Xander/Dawn a plot line' contrivance.

Ummmm what?

### **Bubbles Hunty Honest & Direct Opinions says**

I didn't like this one as much. I don't care for the whole Buffy bot explanation.

### **Alyssa says**

Poor Buffy :(

### **Adam says**

Not quite what I expected to be the resolution of last issue's cliffhanger, but nowhere near as out there as I was expecting. There were some interesting developments, and hints at things to come.

### **Whitney says**

The twists and turns in this comic just keep coming. Hopefully this arc is a bit easier to follow then the previous one, but it doesn't seem like it will be. I have mixed feelings on this one so far. Part of it feels like

recycling, like haven't we seen Buffy Bot before? But part of me has faith that it could end up being very interesting! Guess we will just have to wait and see!

### **Rachel says**

Why aren't there trade paperbacks listed for the last few arcs? This almost made the last couple issues worthwhile...almost.
