**Everyone Loves Cupcake** Kelly DiPucchio , Eric Wight (Illustrations)

Cupcake dresses to impress. Her smile is brilliant. Her wave is flawless. She even wears a tiara. Everyone loves a tiara. And Cupcake wants everyone to love her. But when she tries too hard to make everyone happy, she crumbles under the pressure and realizes that sometimes just being yourself is enough.

Kelly DiPucchio really is a hidden treasure. I bring to your attention Gaston, Dragon Was Terrible, and teacher-favorite Grace for President, among others. Her latest sweet treat (see what I did there) doesn't disappoint and the illustrations make the whole book especially delicious.

You have to be true to yourself--whether you are sweet or sometimes act a bit salty--celebrate what makes you uniquely YOU! In this sequel to *Everyone Loves Bacon*, being popular is difficult and tough to swallow all the time. I wasn't sure that I would like this one as well, but I liked it differently and that is just as good! By the end, I had a craving for sweets though....

Cupcake seems to have the perfect life and everybody seems to adore her, but the more that Cupcake invests in trying to make the other foods believe in her perfection, the more they start to distance themselves. Eventually, Cupcake takes some wise advice and embraces her true feelings, which helps the other foods reveal a few well-kept secrets too.

The retro-inspired, vibrant digital artwork combined with the food jokes makes for a fun read aloud for PreK-2.

So fabulous and shiny. The illustrations are awesome I want to eat cupcake !!! Why be someone you aren't. I feel that many people can relate to cupcake. Specially, girls. We try to be so perfect and we can get people tired at times, because we all have flaws and it is okay to show them. Love Love this book.

Adorable, witty, somewhat silly in a most meaningful way! I loved this! And, I have to say - HOLY VOCABULARY!!! Great way to introduce wit and some words that will begin to roll off your children's tongues... in a really good way!

### **Paula says**

When Cupcake reveals her secret flaws (dyed frosting, hates birthday parties), everyone else is inspired to share theirs.

### **Josie says**

None of us are perfect but it's easy to think everyone else has all their sprinkles just perfect!

Perfectionist Cupcake has celebrity status in the bakery... but all is not as sweet as you'd think. A great read-aloud for starting discussions about the commonality of imperfections and fears... and self-acceptance.

Thought and word balloons are great devices for younger kids to read this on their own and the bright colors are cheerful and alluring. A great addition to a school library or counselor's collection.

Daughter Review: I love cupcake too! I like the part that the cupcake is like a beauty and she's waving at everyone. But I don't like the part when they're being mean to cupcake because it's really not nice, then she tells everyone something and then they like her again and she marries the smart cookie.

Mom's Review: We really enjoyed this book! It was a cute fun read with an underlying message for kids and even adults; sometimes people expect too much from us and we try to keep up appearances. But sometimes always trying to be perfect and trying to keep up with expectations isn't necessary, sometimes just being who you truly are is really enough!

The illustrations were beautiful and bright, which kept Delilah really interested. It also made us really want some yummy baked goods! ? I could totally go for a cannoli right now!

My 1 year old, Nio, was taking a nap during our reading session, but Delilah (age 5) was crazy for this book and wanted to read it again as soon as we finished! We recommend for young kids! Happy reading! ? check out our review at [loveatfirstreadcom.wordpress.com](http://loveatfirstreadcom.wordpress.com)

*Everyone Loves Cupcake* is a follow-up to *Everyone Loves Bacon*, and in my opinion is a stronger story. Cupcake is a more fleshed-out character than Bacon (not a line I thought I would every write!) and I love the direction the story takes. Cupcake is willing to let others see behind her perfect public image and that is a good message to share with young readers.

There's also a fun cameo by Bacon for observant readers!

The only thing I love more than bacon is...cupcake. A wonderful book by Kelly DiPucchio and Eric Wight with an important lesson and (more importantly) lots of sprinkles. Very punny!

Genevieve has made me read this one MANY times since it was gifted to us a few weeks ago. I think it's because she has a bit of a sweet tooth AND (like me) she really loves color. The artwork is full of colorful, SASSY, and absolutely delicious looking desserts.

This is such a fun picture book! But be careful, it has made me so hungry for sweets! This is the story of Cupcake's mission to make everyone adore her. As she works so hard to be perfect, it takes a "smart cookie" to help her learn to just be herself. The vibrant, colorful illustrations of Cupcake and all her friends almost had me drooling on the pages! I've got to get my own copy for my classroom library.
