Full Court Devotion Cami Checketts

Kazlyn is too busy with her schooling and future plans to enjoy life, let alone fall in love with a man who has heartbreak written all over him. Tyrese Hamilton, a college basketball star and major heartthrob, is intrigued when Kazlyn doesn't pursue him or even seem interested. Ty's career is in jeopardy, and he needs a miracle and Kazlyn to save him.

I absolutely loved Full Court Devotion! It sucked me in from the very beginning and I did not want to put it down. I was cursing that dreaded thing called work because it was getting in the way of my reading time. ;)

Kazlyn and Ty were amazing! I loved their banter and their chemistry. I had one of those goofy smiles on my face pretty much the whole time I was reading. I found myself wanting more by the time the book ended. Seriously adorable!

Can't wait for more Snow Valley! :)

Mara says

This is my first Snow Valley Romance book and I enjoyed this sweet, clean romance.

Kazlyn meets Tyrese when she literally ran into him while trying to get to one of her classes. Tyrese is the star of the basketball team, but Kazlyn's privately funded scholarship requires her GPA to be above a 3.8 so with studying and her job she doesn't have much time for socializing. Tyrese is intrigued with her because she isn't fawning (or falling) all over him like most of the girls at college, and he talks her into checking out one of the basketball games. While away for the Christmas break Tyrese is injured in a 3 on 3 basketball tournament. Is this the end of his plans to play basketball after college?

I loved how these two characters got along? Teasing and joking from the start. I liked that Tyrese was so down to earth when he could have been full of himself because of how he's treated being one of the stars of the basketball team. I didn't care for one of Kazlyn's brother Luke--he took the big brother act too seriously

and didn't treat Tyrese like he should have. Tyrese was a lot more gracious and forgiving than I was about how he was treated, and when he got too rough in the game and caused Tyrese's injury I was MAD.

All in all I liked this story and will read more of the Snow Valley romances to find out the other character's stories.

Julie Carpenter says

I kept seeing reviews and talk about the Snow Valley books but hadn't read any until this one. I have to say I was hooked by the first couple paragraphs and really want to see what characters from this are in the other Snow Valley books.

I loved the way Cami Checketts showed the character's dreams and how they worked towards those goals that would help them achieve their dreams. Yet sometimes even through hard work and dedication, dreams aren't always fulfilled, or can be altered due to life or new realizations. Very well done!

The romance was sweet and swoony. Kazlyn and Ty have great chemistry and had me laughing throughout the book. They were great "real" characters who were easy to connect to and cheer for. I especially loved all of Ty's great lines during the beginning of their relationship. Kazlyn could definitely keep up with his wit!

I enjoyed the little snippets of back stories we got about them and the way their lives were shaped through those experiences. That's really how life is for everyone, the choices we make and the experiences that come all mold and shape us into the person we are, and it's an ever changing and growing process.

If you're a fan of this author I think you'll really enjoy this read. If you've never read any of her works I hope you take a chance and find yourself pleasantly surprised.

Content: swoony kisses, an attempted fist fight, an attempted rape(nothing happens and the author keeps it very mild and non graphic). Overall I would say it's a clean read. I'd recommend it for older YA and up.

I received a free copy from the author and no review was required, all thoughts and opinions are my own.

Happy Reading!!!

Emmy says

Kazlyn is too busy with school to have time for romance in her life; but when she literally runs into Tyrese, the start of the college basketball team, his charm and smile might just change her mind. She makes a trip back home for Christmas break only for the surprise of a lifetime when Tyrese shows up in her small hometown. An accident changes Tyrese's life forever- will Kayzlyn stay by his side?

This short novel is part of a collection of shorts stories from several different authors that all involve the same small town around Christmas time. The stories are all separate yet have little facts that overlap and connect the stories in subtle ways.

This is very fact paced, fun hearted story of love, hope and the Christmas spirit. It is a fun light hearted story that you can finish in a few hours.

It is a clean book, free from language, graphic imagery or vulgar content.

Heidi says

Such a fun addition to the Christmas in Snow Valley collection! I am loving these clean, sweet, quick, Christmas romances. So fun.

Cindy Anderson says

Full Court Devotion is another great book in the Christmas in Snow Valley anthology. The two main characters are so cute, and I loved watching the charismatic Ty win Kazlyn over. It is a sweet Christmas romance that will leave you feeling happy.

Kathy * Bookworm Nation says

I read this as part of the Christmas in Snow Valley anthology. I thought Tyrese and Kazlyn had a fun relationship, I enjoyed their banter. They had fun chemistry and while their relationship moved a little fast, it was a lot fun. Cute story!

Katie W says

This is a part of the Christmas in Snow Valley set. I was really drawn in by this story for a few reasons: the first part of it takes place in my hometown, it's a clean romance, and it involves a basketball player.

Kazlyn is a very serious student, intent on maintaining her college funding. She literally runs into Tyrese, a college basketball star, on campus and the sparks start to fly. He wants her to come to watch him play, but she's not sure she can sacrifice the time to do so.

When Ty finds himself in a low place, Kazlyn has the power to save him--if she can make the time.

I like how friendly Ty is. He has every reason to be a conceited jerk, yet he seems to really think about people and care for them. Kazlyn is very uptight, with good reason, yet I loved to see her soften up a bit. They were great characters! I love how protective Kaz's brothers are--that was a fun part of the story.

Snow Valley is a magical place where anything can happen...and it does.

I received a copy in exchange for an honest review

Valerie Waters says

This was cute but a little too cheesy for me at the end. I also felt like it was kind of rushed. Other than that it was pretty good. Luke is a tool!

Grace Tolman says

This was a fairly quick read. I could have read it in a day if life didn't get in the way ;)

Kazlyn met Ty at campus where she literally smacked into him while hurrying to be somewhere. Somehow Ty's charisma got her attention and before she knew it, she was looking forward to seeing him again. They had a good rapport together and was delightfully surprised when they stumbled upon each other during winter break at Kazlyn's hometown. She was there with her family while Ty came with his basketball buddy Jamison. There Ty gets into a major accident while playing against Luke, Kazlyn's brother. When Ty thought that his future was over, a miracle happens and a better opportunity presented itself that was far better than he could have imagined. Needless to say they lived happily ever after.

The story was cute. I can sense the chemistry between the two and I'm happy that everything turned out ok for Ty. He seemed like an upstanding son/brother. Despite that, I thought that their love story evolved pretty fast. They didn't get engaged until later in the relationship but the way their "love" progression seemed a bit fast. I also wished there were more time to see how the characters developed. There were a few secondary characters presented in the book but we don't really read more of them. After reading some of the teaser chapters for the upcoming books I know now that some of them get their own book and that is why we don't really get to know them here but when I read a book somehow I get invested in all of the characters and not knowing them, even the basic level is kind of a let down.

Sapphire says

The thing about reading anthologies I'd that you get some good and you get some bad. Unfortunately, Full Court Devotion was the latter.

The first thing that really annoyed me was the **insta-love**. Kazlyn runs into Ty (literally), and the next thing you know, he's following her and trying to chat her up. I'm sorry, but that is just plain *creepy*. No matter how cute a guy is, if he started following me and showing up outside my class after I bumped into him, I would be seriously freaked out. But Kazlyn is all doe-eyed and feels flattered that such a popular guy is showing interest in her. Cue eye roll.

Then there was the **overdose of action**. The 100 page novella not only had romance, it had the end of the college semester, basketball games, an assault, a fight between Kazlyn's overprotective brothers and Ty, an injury and a massive change of career plans. So much was going on that Christmas was barely a passing reference.

You would think that assaults and injuries that resulted in career changes would have brought out more severe reactions from the characters, but even that **wasn't realistic**. I didn't even find the cover and title appealing.

What I did like was how easy to read the story was. I finished most of it in a couple of hours. I also liked how the characters from the other Christmas in Snow Valley made short appearances in the story. It would have been nice if their appearances weren't so fleeting. Oh, and I like the name Kazlyn.

Not recommended.

Donna says

3.5 stars. Fun.

Emily says

Cute, short and sweet. Not as much substance and stuff seeing as it was only 100 or so pages but I still enjoyed it!
