## On Christmas Hill Nichole Chase

*Find the magic this season.*

When Gertie Nichols passed away, her estate was given to her great niece, Molly. After making the long trek from Florida to Vermont with her dog Remy, Molly is caught off guard by the attractive groundskeeper her aunt left in charge. At first her lonely holiday seems to be shaping up to be better than expected—until Nate tells her about the Nichols family legacy and the secret of Christmas Hill.

As sparks fly and magic blossoms right before her eyes, Molly will have to decide whether to take up the mantle her great aunt's left behind or turn her back on tradition and the man who has quickly garnered space in her heart.

**On Christmas Hill is a short story.**

## From Reader Review On *Christmas Hill* for online ebook

### **Jennifer says**

#### **A Sweet Holiday Read**

If this story doesn't put you in the Christmas mood....nothing will.

The was a sweet Christmas story. Makes you want to believe in the gift of magic and the holiday.

I love Nichole's books and this is no different. It totally reminded me of the movies you see on the hallmark channel at this time of the year.

If you're looking for a quick and romantic Christmas story, this is one that should be at the top of your list to read!!!

---

### **Clista says**

Molly & Remy drive from FL to Christmas Hill. Great Aunt Gertie had left this home to Molly in her will. She meets the grounds keeper, Nate, and the reindeer on the property. Magic is in the air.

This is a sweet story full of love and goodness. I really enjoyed this, and I Believe in Santa!

---

### **Beth says**

*On Christmas Hill* is a magic filled Christmas short story with a sweet a tender romance. A perfect, charming, romantic, quick, easy, wonderfully magical story that will get in you in the Christmas spirit and having you hanging the mistletoe.

### **Heather Gunter says**

A perfect Christmas story to read on a late Saturday night on the first of December to get you ready for the Holidays! I am a sucker for a GREAT Christmas story and this did not disappoint. There was love, a mystery and a little surprise all rolled into it! It left me wanting to see it made into a Hallmark movie. I kid not! I highly recommend it. If I am correct, we may actually get a part 2 next year...

---

### **Wendy says**

This was really cute and I really liked the magical part of this story. I love Christmas so I loved that aspect. I just really struggle with short stories and the quick romance! it all seems too fast and too sudden but I did really like Nate.

---

### **Lettee says**

On Christmas Hill was an extremely short read, but really good. I like how Nichole always has the ability to draw up her characters to where we can actually picture them and the scenes around them. In this little read, you have a young woman (Molly) who moves from Florida to Vermont to take over her Aunt's estate after she passed away. At first she isn't so sure she is going to keep it, but her Aunt's Will said she had to at least stay for a certain amount of time before she is allowed to sell it. However, once she gets there she meets the Groundskeeper (Nate) and man what a Groundskeeper he is!! Molly can't help the attraction she has toward him and vice versa. While Molly is trying to get her bearings, Nate tells her some things about Christmas Hill that make her think he's a little off his rocker. And so the adventure(s) begin.

The only other thing that was disappointing besides it being so short, was the ending seemed to just drop off. You can imagine the way things went, but it would have been really nice to have a little bit more. Other than that, I will recommend this little read.

---

### **James says**

A sweet short story with plenty of Christmas spirit.

I'm not really a big Santa/Christmas magic fan but if you are then this short read is for you. The story follows Molly after she inherits the mysterious Christmas Hill property from her aunt Gertie and discovers she is related to Santa. Sceptical at first about the magical tale the handsome groundskeeper Nate spins for her, Molly is cautious about believing in anything so she won't have to deal with the disappointment if it turns out to be untrue. His charms and strange unexplainable occurrences around the house quickly convince her there is something magical happening about the place and the story moves to a quick conclusion from there.

Overall this was a sweet short read I'd recommend if you're a fan of this author and are looking for some

Christmas cheer. If not, I wouldn't really bother. There isn't much to it and it doesn't look like it is going to turn into a more substantial series anytime soon. I enjoyed it and was pleased to find another read by this author that I like – even if it was a bit short.

### **FMABookReviews says**

Another cute, sweet Christmas story! *On the Hill* was a fun read about the magic of Christmas and believing in the unbelievable.

Side Note: I have never read a Nicole Chase story before. After reading this novella, I think I need to remedy that!

### **Mandy (I Read Indie) Anderson says**

Are you in need of some Christmas spirit? Does the holiday shopping and errands have you feeling a bit like Scrooge? Well then sit down, prop those tired legs up, and grab a mug of hot apple cider....cause Chase has just the book for you. Be prepared to revel in some Christmas romance in this adorable short story that is sure to warm your heart.

For me, short stories have to be really well written for me to like. And up until this book, I only liked a select few of them. But now I can add this book to the list of short stories that are a must read...especially now that it is Christmas. I promise that once you are done reading this book you are going to be smiling ear to ear and singing Jingle Bells. Well maybe not Jingle Bells, you can add whatever favorite Christmas song you want there. Just know you are going to fall in love with these characters and this story. And I can almost bet you will be wanting, nay...you will be demanding more of this story from Chase. Maybe if we all band together she will give in. Who's with me??

---

### **Lenore Kosinski says**

3.5 stars -- OK, I was unprepared for the \*real\* magical part to this story, and it kind of threw me off. I was expecting a straight contemporary romance, and I got something a bit more whimsical than that. So I was as skeptical as Molly was about her legacy, and I think that tainted my read a bit. I still really enjoyed a lot of this short story, but because it was a short story it suffered from the usual -- fast romance, not enough time to get to know characters, that sort of thing. I didn't really get a chance to feel that chemistry -- though that kiss under the mistletoe?? Pure magic.

Did really love the reindeer though....but what's not to love about reindeer?

## **Autumn Review says**

I don't typically review short stories or novellas, but I thought I'd share this one with you all. On Christmas Hill was such a sweet story. It makes you remember the magic of the Christmas season. I read this story over the weekend while sitting near my Christmas tree. It truly was the perfect holiday read. I'm excited that the author will continue the series next holiday season! Definitely worth checking out!

## **Sharon Kroebel says**

This book was short story. Fun and light with a touch of romance. I loved it!

---

## **Megan says**

What an adorable little Christmas story. It seemed cheesy at first, but totally warmed my heart. Nate was like a steamy, hot Christmas muffin I wanted to sink my teeth into. I loved Molly. She was sincere, trusting, with a touch of sass. Anyone wanting a cute read that will melt the chocolate edges of their Christmas spirit should read this book!

I spent a large part of the past weekend reading holiday romances and Nichole Chase's short story, On Christmas Hill, is one of my favorites. No question. It's beautifully whimsical, more than a little magical and totally swoony. You ever read a book with a huge, cheesy grin on your face the entire time? THAT is what this short story did to me. \*happy squees\*

On Christmas Hill was just too cute for words. I'm not going to get into all the details because, come on, you just need to fall into this story and experience it. But expect a great heroine and her dog, a sexy groundskeeper, family secrets and holiday cheer... all wrapped up in a bow — and under 100 pages! It gave me all the happy holiday feels and, honestly, it's exactly what I look for in a holiday romance. (And I do love my holiday romances.) If you have 99¢ and an hour or so, I suggest you give it a shot.

---

## **Kristin says**

I thoroughly enjoyed this short story. It was adorable and just the right amount sugar and spice to really get me into the Christmas spirit. Because of the nature of short stories characters typically don't have the time to develop fully but I believe that Nichole did a GREAT job of getting Molly and Nate to a place where you really felt for them and Molly's dilemma. I was rooting for them from the very beginning!!! I can totally see this being extended and turned into full length novel/Lifetime movie. I hope there is a sequel. :)
