Princesa de conveniencia (Jazmín) Marion Lennox

Si iba a ser el príncipe regente de Alp'Azuri, Raoul necesitaba una esposa... y rápido. Desde luego, él preferiría continuar con su trabajo de médico, pero el futuro de su país... y la vida de su sobrino se encontraban en peligro.

La bella y vulnerable Jessica accedió a casarse con Raoul, pero con la idea de regresar a Australia al día siguiente de la boda. No quería arriesgar sus sentimientos quedándose en un lugar como aquél, casada con un hombre como Raoul. Pero su nuevo esposo tenía un corazón lo bastante grande como para salvar a su país y curar el corazón de Jessica al mismo tiempo...

Drea (LilyElement Reviews) says

This made me CRY. But it was good.

Diane says

Who calls someone 'my heart?' Completely unrealistic. I think the author watched *Princess Diaries 2* too many times.

Anya Breton says

This made me CRY. But it was good.

Ms_prue says

BABY ALPACAS. TWIN BABY ALPACAS. TWIN BABY ALPACAS THAT NEED TO BE HAND-REARED.

Oh, and the romance was pretty good too.

Susan says

I've never read a comic version of a Harlequin before but as it's a free read on Kindle I thought I'd give it a try.

This format takes some getting used to and would be better to finish in one reading - which on this occasion I didn't do.

I found the story quite dark, primarily because there isn't the space to develop the emotional/romance journey travelled by the hero and heroine.

I haven't read *Princess of Convenience* in paperback, and truthfully, this particular version of the story doesn't entice me to want to.

It's no small feat to summarise the whole book into a comic version, and I have respect for those who work on doing this. I will check out more titles via Kindle to see how they compare - watch this space! ;)

The twin baby alpacas made me cry...well, not really. They were cute, though. There were lots of cheesy lines, but I'm used with Ms. Marion's utilisation of cheddar pet names. The vocab -- that, I like.

Jacqueline says

Extra 1/4 star for the cute twin baby alpacas!!
