The Book Junkie Reads . . . says

Kate's feelings and self realization can open her up to a possibility that she may have dismissed in the past.

Therese says

I am really liking the series, rather have it in one book.

My first thought after finishing this third installment is about the covers. They are all so similar, but still very hot. I liked the idea of this two together in the covers, it's very nice.

Now, moving along we have the hottest piece so far, with lots of orgasm and some spicy sex. I liked how Kate finally open up and decided to share with Matt about the reason she actually left, but still think she should had at least told him first about her fears in their relationship and how she felt lost sometimes. They actually talked a lot, but I have a feeling something bad is coming and is connected with Ileana. The evil witch probably had her greasy fingers in their ending because she wanted Matt for herself all along.

Rhonda says

Goo installment. I want to get to more of the story that drove them apart.

Carol says

Got bored with this series

Manuela Wilson says

These installments just keep getting better. I am not sure this is not one book?!?!? I have to say this one shares a more detailed account about what Victor did. We also get Matt's take on what happened. Quick sexy read only 65 pages.

I received 5 of the 6 books in this series.

Melanie used to be Rafe's secretary. He is a billionaire in the family business who is also a rock star on the side. The two meet up again in the tattoo parlor and go on their first date. Once Melanie and Rafe start seeing each other Melanie wants to experiment sexually with Rafe but he has a fear of going to far. Eventually Melanie losses her job and starts touring with Rafe's band but Rafe has decided not to go with them. Will his jealousy destroy them?

I did enjoy this read. I think it would be better as a novel and not 6 novelettes. The plot was written and executed really well. The author also has a flare with placement of events.

Because they are novelettes they seemed to stop short in areas that needed to be expanded upon. The characters needed a little more depth and excitement to them.

Madeleine says

Hm. Nope.

Read part 1 through 3 last night, but won't continue with the rest. It's just not very good! The chemistry isn't convincing at all, and the main characters are pathetic. This "dominant" man lets the woman he loves leave him without an explanation? Oh, how impressive and strong that love must be.
