An enjoyable way to read about end-time prophesy, this author makes you think about the horrors to come. Cliff Ball brings Bible prophesy to life in a way that makes it easy to understand and leaves you thinking about what is going on in today's world and how close we are to it. I was given a copy of this book for my honest review.

Not bad. Not bad

Another quick page turner. I was hoping for more in Jesus Christ reign, but was still good. A lot of solid imagery.

Allison Kohn says

This book is a spell binding thriller of what the end times may be, peopled with interesting characters easy to relate to. This is the latest book in the End Times Saga and, of course, it is the best. These books are fiction based on the speculations made by students of the book of Revelation in the Bible, so whether you believe in the theology of the scholars or not; whether you believe the Bible is a book of fiction or the Word of God - the End Time Saga books are worth reading and have been well researched.

Eye Opening Read

This book was about what The Tribulation Period may be like. It follows right along with Revelation, so you can be sure these events will happen. The time to prepare is now, so you will bypass this terrible time to

come.

A must read, in my opinion, for Christians; plus, those who haven't accepted Jesus as their Saviour, are the ones who really need to read this book series.
