With everything on the line, Asher must choose to trust an enemy in the form of an all too alluring woman whose tenacity and passion captivate him.

BENEATH THESE SHADOWS by Meghan March

The only permanent thing in my life is the ink I put on my clients.
I drift from city to city, in and out of beds, from one tattoo shop to the next.
Every time I start to put down roots, I rip them up.
Until New Orleans.

Until her.
She's everything I'm not.
Full of fire and life. An innocent where I'm a sinner.
I want to consume her. Protect her. Keep her.
But first, I have to escape from beneath these shadows.

BEFORE I FALL: A Falling Novel by Jessica Scott

Beth Lamont knows too much about the harsh realities of life. She'll do whatever it takes to take care of her father, even if that means tutoring a guy like Noah. Noah Warren doesn't know how to be a student. All he knows is war. But he's going to college now to fulfill a promise and he doesn't break his promises. Except he doesn't count on his tutor being drop dead gorgeous.

Every Dark Nights tale is breathtakingly sexy and magically romantic.

Marie's Tempting Reads ARC Review:

Here we go again...a fabulous bundle full of AWESOME stories including a couple of new authors added in...Meghan March and Jessica Scot! Each novella in the bundle is downright AMAZING! I have followed each of these bundles now for a while, and I can tell you, they just get better and better, but with this new one, its EVEN more MAGICAL, HOTTER, SEXIER, and MORE DECADENT than previous ones!

We get previous 1001 Night authors such as Donna Grant and Elisabeth Naughton and Laura Kaye and many more, but we get TWO new discovered authors! I LOVE LOVE LOVE both these new ones and when added to these already amazing authors in the 1001 bundle it makes more...delectable! All the stories in this particular bundle will literally leave you craving more. Its an addiction..an unstoppable craving I can't seem to kick, nor do I want to! Seriously, on a cool night or a rainy day, these stories will keep you wildly entertained.

I give this new bundle a DELICIOUSLY CAPTIVATING FIVE SHOOTING STARS!

Renee Entress says

5 star

I was pulled right into these short stories. They contain a little bit of everything you need to pull you in and keep you turning the pages. As with every anthology this is a great way to try out a new author. You will laugh, cringe, and sigh right along with the authors.

All the stories in this anthology were good and will keep you turning the pages. Even if you have not read the others in a series you will be able to follow along. If you have read the series that some of these are a part of it just makes you want to take a trip back to those series and maybe do a re-read of them. No matter what story in this box you will enjoy.

This Anthology has stories from authors that could be new to you but you will not be disappointed. I love reading new authors and with time so limited it's hard sometimes to get to new ones. This is a perfect chance to read and see if you like the writing of a new author. You get a little insight into their stories to see if you want to read more. Even if just one of the stories is not to your liking you have more than enough to get you through the entire Anthology.

Authors included in this anthology are:

EASY FOR KEEPS: A Boudreaux Novella by Kristen Proby

UNCHAINED: An Eternal Guardians Novella by Elisabeth Naughton

HARD TO SERVE: A Hard Ink Novella by Laura Kaye

DRAGON FEVER: A Dark Kings Novella by Donna Grant

BENEATH THESE SHADOWS by Meghan March
BEFORE I FALL: A Falling Novel by Jessica Scott

I highly recommend these books.

Great bundle of Novella's that are smoking HOT !!

Laura Kaye never disappoints and finding other new authors is an added bonus.. Kristy Proby - a new go to author for me now.. 1001 Dark Nights always does a great pairing with these bundles and authors. A real value and joy to read!

Franci Neill says

5 Amazing Stars!!

I've become a big fan of these bundled books by 1001 Dark Nights. I've discovered new to me authors with each release. I also get to revisit at least one or two of my favorite books as well. In this bundle we get stories from Meghan March, Laura Kaye, Jessica Scott, Kristen Proby, Elisabeth Naughton and Donna Grant. I've read books by all the authors, but Ms. Scott and Ms. Proby's books were new to me. So I'll give you my thoughts about the following books:

Beneath These Shadows by Meghan March delivers the heat I love from one of my favorite authors along with a story that on more than occasion had me gasping in shock, laughing and sighing all at the same time. And in case you're wondering we do indeed get to see all our favorites from the previous Beneath books and let me tell you, it's outstanding how they all interact!!

Hard To Serve by Laura Kaye is the first in Ms. Kaye's Blasphemy Series and we get introduced to all the new characters for this series but we also get visits by some of my favorite guys from the Hard Ink Series. The dynamics between our H/h, how the whole D/s world works and what it means in their lives is so well written by Ms. Kaye. There's HAF sex, but more importantly there's a trust between Mia and Kyler that must be given on both their parts for this type of relationship to work. What's supposed to be a one-night thing evolves into more. But is it something that will work for them? Especially when things are revealed that could affect Kyler's future? You'll find out when you read this one!

In Easy For Keeps by Kristen Proby we get to see Adam Turner in a whole new light when he meets Sarah Cox and her cuter than all get out daughter Hailey when they move to NOLA for Sarah's new job. What once was Adam's MO to sleep with any woman that he pleases, changes the minute these two beauties walk into his life. I just fell IN LOVE with Adam and how Hailey wrapped him around her little finger. Add to it the blazing hot chemistry between Adam and Sarah, a little bit of suspense and it's a perfect Kristen Proby story!

Before I Fall by Jessica Scott has been a book on my TBR since it was first released and I finally got to read it and oh my what a book it is!! Beth is our heroine in this story and she's got quite the load on her shoulders doing anything and everything she can to keep moving through life what with having to take care of her father, maintain a job and go to school. She really doesn't have time for romance...until Noah enters the

picture. He's a man that has seen more than most of us having served his country and now he's trying to keep a promise he made. However, it's more difficult than he anticipated and he gets help from Beth. Once these two acknowledge their draw to each other, you'd think it would be all sunshine and roses. And while there are some definite swoonworthy moments, we also get a real look into what life is like for a returning veteran both from the current war and the one her father fought in several years ago and is now living with the lasting effects of that war. This book is so much more than I was expecting and I'm now getting ready to dive into the rest of the series!!!

Beneath These Shadows by Meghan March

Before I Fall by Jessica Scott

Easy For Keeps by Kristen Proby is a Boudreaux Series novella.

Meet Adam, he's a bar manager and bartender, player and doesn't do relationships, at all. Sarah is new in New Orleans, a single mom and social worker with a dangerous job.

I really liked their story, how the mighty can be tamed.

I give 4,5 star. Thank you Kristen Proby.

Hard to Serve by Laura Kaye is a novella in the Hard Ink Series and part of the 1001 Drak nIghts Bundle 11. Detective Kyler Vance has a new boss. And now he's investigated by Internal Affairs for corruption.

Everything is on the line. At his BDSM club he meets a new shiny submissive. Mia Breslin is the director of the hottest art gallery in town. What Kyler doesn't know is she's also the daughter of his new boss. What to do? His boss wants him out and he has to decide.

Hard to Serve is a beautiful beautiful love story with great characters and brilliantly written. This is my favorite read in the 1001 Dark Nights Bundle and I give 5 star. Thank you, Laura Kaye.

Dragon Fever by Donna Grant is a Dark Kings Novella and part of 1001 Drak Nights Bundle 11.

Meet Rachel Marek. She's a journalist out to expose the truth about the dragons and her world. Until she stumbles into Asher, he's no ordinary dragon, no he's the dragon king and sweeps her off her feet.

I really liked the story, the PNR creatures and the writing and give 4,5 stars. Thank you Donna Grant.

Beneath These Shadows by Meghan March is the sixth installment in the Beneath World of her.

Beneath These Shadows is a full-length stand-alone romance novel.

Not only is Meghan March one of my favorite authors, She's one of my few one-click authors too. I love her books and I soaked up her Beneath Series.

Meet Bishop, he's a tattoo artist without roots and drifts through the country. In New Orleans he meets Eden. Eden is a mob boss' daughter with secrets of her own.

I will not spoiler here, only so much: This story has it all—tension, angst, suspense and heartbreak. I've smiled, laughed, cried and was angry at some point. It is not often I feel so connected to the characters, but Meghan March has accomplished just that. I love the story, the characters and the words.

I give 5 stars, recommend Beneath These Shadows and say : Thank you Meghan March!

All in all, I loved the stories. I recommend the Bundle and give 5 stars !!

Kali McQuillen says

Every single one of these stories held my attention from page 1. It has a little bit of everything in it so you should be able to find either a new author to you or it will let you read a favorite author of yours.

These books are hot with lots of heart! It'll give you the feels, have you cheering the characters on and biting your nails in places.

Loved this addition to the 1001 Dark Nights.

Dirty South Books says

Six incredible authors, with six incredible stories. All different, all amazing!

Kim says

What a fantastic set of great authors. Loved all of these authors. I'm still soaking in all of the stories. Here is a sampler:

Easy For Keeps by Kristen Proby: This set of "Easy" books I have had the pleasure to listen to the audio version. It was nice to be able to catch the story in print. Adam is a really strong character. From the start you're enrapt in Adam and Sarah.

Hard To Serve by Laura Kaye: This was a perfect blend of hot, imposing Dom and the woman who knows what she needs. It was steamy and substantial. In a quicker than I wanted story, Vance and Mia are two people that are trying to play by the rules. Their romance is told along the story of Vance's troubles with the police department. There is a lot of interaction with other characters that have they're own stories. It is just enough to make you want to go snatch those stories up after this one.

Beneath These Shadows by Meghan March: Meghan March has written a fabulous angst story of strong male (with baggage) falls for the wrong gal.

Before I Fall by Jessica Scott: Who doesn't want to have the teacher. An older than normal student, Noah is bargaining into Beth's life.

Britt Franks Red Hatter Book Blog says

Typically anthologies are a hit and miss for me. I'll find one or two stories I loved in them, but the rest just don't hold my attention. That was not the case here! Every story had me absolutely riveted and flipping pages. Six stories from six incredibly talented authors all in one gorgeous package!

Easy For Keeps by Kristen Proby

I loved this novella!!! Adam is the ultimate bachelor. Owning a bar in the French quarter with his best friend and never being with the same woman twice commitment and love are not on his radar until he finds a little girl looking for her mom in a grocery store.

Sarah is a widow with an adorable five year old daughter who spends her days helping others as a social worker. I adored Sarah! She was such a strong woman with a huge heart. I loved how despite Adam's confirmed bachelor status they fell so easily into being a happy family. This was a beautifully sweet story that is going to stay on my favorites shelf now.

Unchained by Elisabeth Naughton

The story of Prometheus and Circe is full of magic and mythology. Surprisingly I haven't read any other books in this series, but after reading this I'm ready to dive in! Circe is trapped, she's a prisoner of Zeus being forced to use her magic to find something and take it from Prometheus. Prometheus has shut himself off from others in the years since his rescue, but is being haunted by a woman he thinks is a hallucination.

Quickly Circe begins to fall for Prometheus and her plans of using him to escape Zeus are shoved aside in her love for him. Once Prometheus realizes who she truly is he has to decide if she's deceiving him or if they're feelings are true. This was a fun fast paced novella that I adored!

Hard to Serve by Laura Kaye

Holy hot batman! You're going to need a big glass of water and a fan with this one! Kyler is a detective with secret naughty side. He's a Dom and co owner of a BDSM club. Mia is an artist who just opened a brand new gallery and also a sub.

Unable to find a true Dom that she can connect with she takes a chance with a trial membership at Kyler's club. Instant chemistry between Mia and Kyler happens and soon they're burning up the pages of this book with all the heat!

Dragon Fever by Donna Grant

I've read some of Donna Grant's dragon shifters before, so I went in expecting I was going to enjoy this novella and was not disappointed. Asher is a Dragon King visiting France for business when he encounters the beautiful Rae, or Rachel as she's actually known. Rachel is an undercover journalist hoping to expose the dragons to the world. Neither of them expect to find love.

This was fast paced and filled with secrets, magic, and plenty of heat. I loved seeing the cold and unfeeling Rachel brought to life by Asher. I'm left looking forward to more while I wait for all the mysteries to unravel in the rest of this series!

Beneath These Shadows by Meghan March

I have to admit, I've never read anything by Meghan March before. I know, I know, I've been hearing it from one of my best friends for a while about how amazing she is. Now I have to hang my head and listen to all the "I told you so" lectures because this book was fantastic!

Eden has lived her life in a gilded cage feeling unwanted and alone. The illegitimate daughter of a mob boss, she hasn't gotten to experience and freedom or adventure in her life until one day when she's told she has to disappear. Deciding to land in New Orleans she's immediately in over her head but luckily is saved by a tattooed giant with a man bun.

Bishop is not a commitment kind of guy. He has his choice of women and doesn't stick around for more than once. Saving Eden from disaster starts to turn all of that around though. I loved the gruff and broody Bishop! Aside from him being exceptionally HOT he also was a big softy deep down. Even when he was fighting his feelings taking care of Eden was always his number one priority.

Once these two finally come together we get some of the hottest scenes I have ever read. They were absolute fire on my kindle!

Before I Fall by Jessica Scott

Another new to me author that will be sitting in my favorites now! Beth is a college student working her hardest to get her degree and get a job where she is able to provide for her father and get him the medical care he desperately needs. Noah is a veteran starting at the same college and in need of a tutor. There's an instant spark between them as soon as they meet for their first lesson.

Noah and Beth's story is heartbreakingly beautiful. Beth is so incredibly strong with everything she has to deal with. Her unending love and devotion to her father is something that had me adoring her from the start. No matter how bad things got she just kept going in her determination to save him.

Noah was so easy to fall head over heels for. Battling his own demons from war he tried his best every second to be the man Beth needed. Their love was so sweet and pure even through the worst of it his main concern was Beth. I loved the two of them together!

Kimberly / Love Notes Book Blog says

4 stars overall! A good little collection of novellas and novels!

Easy for Keeps by Kristen Proby - 3.5 stars

This is Sarah and Adam's story. Sarah is a widow, a single mom, and a social worker in New Orleans. Adam runs a bar in the French Quarter and lives the bachelor life. He has no plans to ever get married or settle down. One day, Sarah's daughter, Hailey, got lost in the grocery store and Adam helped her find her mom. Sarah's car ran out of battery and Adam gives her a ride to work. Adam. Hailey leaves her stuffed bear in

Adam's car by accident. So Sarah has to go to his bar to get it back. Sparks fly. He asks her out, which leads to a casual relationship. It turns into something deeper quickly and they fall in love.

This novella started off on a little bit of a rough foot. When Sarah meets Adam she is kind of a bitch, which doesn't fit with her character for the rest of the book. But she was having a bad day and she does apologize later. I ended up really liking Sarah and Adam. They were both great characters and were sexy and sweet together. They were both mature and there were no silly miscommunication or pushing away. Adam was great with Hailey too. I have read and enjoyed another book by this author, but this novella was even better. This was an enjoyable, quick and easy read!

Unchained by Elisabeth Naughton - 3 stars

This novella was only okay for me. It is novella from the Eternal Guardian's series. I have not read this series and I think it is necessary to read the series to understand all of the world building and relationships at play. I didn't really love either Prometheus or Circe. They were both just okay characters for me and the story was just okay too. I probably would have enjoyed the novella more if I had read the series first.

Hard to Serve by Laura Kaye - 3.75-4 stars

This novella was a re-read for me. I had previously read this book in June, 2016. Here is my review from that time:

This was a really good novella! It is the first book in Laura Kaye's new BDSM series, Blasphemy. This is the story of Kyler Vance. He was in the Hard Ink series and he was shot. He is recovering from that and is on desk duty at his job as a cop. He is also being investigated by internal affairs for the incident in which he was shot. He is innocent of any wrong doing, but he is stressed and just trying to get back to his normal life. In his normal life, he is also a Master and part owner at Blasphemy, a BDSM club. During his first night back, he meets Mia. Mia has just moved to town a few months ago to be closer to her father, who is the police commissioner, and is trying out Blasphemy to see if it is a fit for her. She has been in the lifestyle for years, but hasn't found a long term relationship like she wanted. Kyler is attracted to Mia, but he only does one night hookups at the club. But they have great chemistry and find it hard to stay away from each other. Kyler doesn't know Mia's dad is his boss and once he does find out, things get tricky for them. But everything works out in the end.

I have read Ms. Kaye's romantic suspense Hard Ink series. I enjoyed that series but there is a lot going on. I liked this book more because it's focused on the couple. I liked the BDSM aspect and I felt like it was done well. I liked Mia and Kyler a lot. Kyler pushed Mia away because of his misgivings about her father and his job. But she was strong, and while she was hurt, she did her best to not dwell and to try to move on. I was glad that she didn't beg or wait around for Kyler to change his mind. He had to be the one to realize love was worth the risk and come to her for forgiveness. I felt like they were a good match. The club and the side characters there intrigue me and I see a lot of potential. I'm really looking forward to more from this series!

Dragon Fever by Donna Grant - 4 stars

This was my first time reading a book by this author and I really enjoyed it! This novella is from the Dark Kings series, which is a dragon shifter series. This is Rachel and Asher's story. Asher is one of the ancient dragon kings of Scotland. He is in Paris for a convention concerning the whiskey company that he helps run with his fellow kings. Rumors of the dragon kings existence have surfaced with the public. Rachel is a journalist who is trying to get close to Asher to find out the truth. It doesn't hurt that Asher is hot with a

Scottish brogue. When they meet sparks fly and the truth comes out. Rachel gives up her quest for a news story to find love with Asher.

This was a good novella! I easily understood the world building. I really enjoyed the dragon shifters and the Scottish aspect. Rachel and Asher were super hot together. Asher was a sexy alpha and sweet and Rachel was strong and sweet too. This author was new to me and I'm glad to find a whole back library to catch up on!

Beneath these Shadows by Meghan March 4 stars

This is a full-length book. I have read a few books from this series but it has been awhile. This was the best one so far and I was pleasantly surprised! This is Bishop and Eden's story. Eden's father is a mob boss in NYC. She has led a very sheltered, controlled life there. But something happens with her father that requires Eden to go on the run and hide out. She heads to a place she has always dreamed of visiting, New Orleans. There she meets Bishop, a tattoo artist, and a whole new group of friends. Bishop is drawn to her innocence and beauty, but her naivety in the big city gets her into trouble, which infuriates him. He decides to help her and they fall in love. But Eden's past comes back to haunt her, threatening their happily ever after. Everything turns out in the end though.

I really liked both Bishop and Eden. Bishop was the strong, silent type. He was not a manwhore, even though women threw themselves at him, which was refreshing. Eden was innocent and sweet. I really loved the New Orleans setting and everything involved in that aspect. I loved that there was no big blow up or miscommunication/pushing away. This book was just a really easy read, sweet, sexy and a little suspenseful. I really enjoyed it and look forward to catching up on this series!

Overall, this book is great collection of stories and I really enjoyed it!

Anthologies are not usually my favorite thing to read. In many cases I pick up an anthology because of a certain author and find myself looking for the one story and moving on.

If I'm honest, I picked this one up because of Meghan March. I love her stories. I was a little dissapointed to learn that this anthology did not include a new story but the full length of Beneath These Shadows.

The other included stories were interesting and kept my attention. No one story stood out but it was a great way to get a small taste of some new authors.

Lee Lane says

I bought this because I love two of the authors. I loved their stories (of course!!). I enjoyed all of the stories. The pain, hurt, hope, and love streams out of these short stories. Each story engaged and touched me. I'm not usually a lover of anthologies, but this book was totally worth it.

EASY FOR KEEPS: by Kristen Proby

I enjoyed this story a lot. I liked that it wasn't full of intrigue, mystery and such. It was actually a lot more laid back than the rest of the stories in this bundle, but no less powerful. Sarah is a wonderful heroine, one that's been through a lot, but she's a fighter. Adam is sexy and funny and I truly liked him. I liked how their story developed and I'm curious to see if there's a chance to get a glimpse into their future in some future, related book.

UNCHAINED: An Eternal Guardians Novella by Elisabeth Naughton

I've been wondering about how the story of Prometheus was going to be addressed in this series and I'm so glad I wasn't disappointed. I need to go back to reading this series from the start, but I am super excited by how his myth was explained. I am very curious to see if he'll end up finding all the elements he hid.

Rating: 4 cups

HARD TO SERVE: A Hard Ink Novella by Laura Kaye

It's been a while since I last read a BDSM story that challenged me. Kyler was a great hero, one that has some secrets and some really important stuff to deal with. I liked how he addressed the fact that there's a pretty big difference between the vanilla persona and the BDSM aspect of one's life, and the struggles to reconcile both sides. I thought that was truly interesting. Mia was also a very intriguing character. I liked how surprising she was, especially with her likes and dislikes. I really enjoyed this introduction to the Blasphemy series, I'll definitely read more books in this series.

Rating: 4.5 cups

DRAGON FEVER: A Dark Kings Novella by Donna Grant

It's been a while since I last read a Dark Kings story, so I was very happy with being reminded that I need to pick up this story. The thing I liked most in this story, aside from the sexy dragon, was how, eventually,

Rachel gets to ask herself the question that I don't think I've seen asked in books that much, when involving journalists or just people who make it their mission to expose the truth about something, and that is consequences. I liked the idea that a character who sees themselves as a generally good person, eventually get to ask those questions and to think about how they're not just simply telling the truth. I also liked the fact that Con, the King of Kings isn't fully good. I wonder if that will be explored when he gets his book. Definitely need to check this series out fast.

BENEATH THESE SHADOWS by Meghan March

This was an interesting book. Eden seemed like the world's unluckiest character ever. It seemed like a bit too much, to be honest, and I like that we get to understand why that is exactly. I enjoyed her story, to be honest. As I was reading it I had a feeling this was the longest novella in the bundle, not that it's a bad thing, but at times I wished the story would have progressed a little bit faster. I liked reading about Bishop. He was a very intriguing character, and completely different than what I expected of a tattooed, bearded, giant of a man, especially given his backstory. I am curious about the other characters in the book and I am definitely thinking about checking out the rest of the books in the series, especially if it's all happening in New Orleans.

Rating: 4 cups

BEFORE I FALL: A Falling Novel by Jessica Scott

Out of all the stories in this bundle, this one was the most heartbreaking. Beth is an interesting character to read about. I got a bit angry at her towards the end, but then I completely understood where she was coming from. I liked the fact that we get to see how military can be seen both by someone that knows the system and by someone who's so far from the subject, they think it's almost a foreign concept. The story is heartbreaking, but also full of hope and love. I really enjoyed reading about Noah and Beth.

Rating: 4 cups

All in all, this was a great bundle, as usual, from the 1001 Dark Nights team, and I am really impatiently waiting for the next one.
