The only thing between this werewolf and his destined mate is a portal to a different world.

It's crazy. Finn McKinnon knows dreams can't be real. So why does his wolf shifter side have the overwhelming urge to step through a portal into a mysterious new realm? Is Kaleena Sinclair his mate or just a figment of his overactive imagination?

For years, Kaleena has known that Fate has designated the deliciously hot man from Earth as hers, but she can't reveal she's a dragon shifter—at least not yet. Dream-walking has been her only connection to him, but damn, Finn still thinks she doesn't exist. So what's a girl to do -- especially when Finn is her sole chance at survival?

Before he knows it, Finn is thrust into a dangerous journey—a journey so unique and sensual that the life he's known ceases to exist. The clock is ticking, and Finn must survive impossible odds if he is to save his future mate. But how in the world can they fulfill their destiny as fated mates if some ruthless force is hell-bent on keeping them apart?

Best selling author Vella Day believes in a feel-good story where the hero loves his woman passionately and unconditionally and will do whatever it takes to keep her happy and safe; and where magic adds a bit of spice to every encounter.

## From Reader Review Awakened By Flames for online ebook

### Shannon Ferguson says

This story just might be my favorite Vella Day read yet.

It sucked me in from the beginning, with Kaleena getting a message to Finn that she was in trouble, and from there it was a wild ride. I loved these two together (whether it in the dream state or physically) They have this chemistry you can't help but love. The story itself is full of twists and turns that will have you on the edge of your seat, and certain characters who you wish you could reach in to the book and throat punch.

A thrilling book in this new series, and one I would definitely recommend one clicking!!

Vella Day writes an entertaining and heart warming story that pulls you, the reader, through a dangerous parallel world full of adventure.

Finn and Kaleena meet in dreams, then again in real life. Their interactions and a wealth of emotion, written into a twisting plot, form a background of information resting in a stunning read that keeps the reader enchanted - pulling them from page to page, as I was.

I found myself wanting to know everything about everyone. I'm definitely looking forward to more of this series of books - wonderful!

Wonder another GREAT start for a series. Ms. Vella has spared nothing for this book it is phenomenal. This book captivates you from the first page, to the last page that's full of magic. You definitely need to read! ?Kaleena Sinclair is a Dragon Shifter also a White Lighter, who works at SinCas Mining and Gems, her family's business who are very rich and powful in Avonbella. Kaleena has dreams of her lover, he feels so real, maybe he is real, since she is a Dream-Walker. She lives in a different realm parallel to Earth called Tarradon. Can he come from earth and save her?

?Finn McKinnon is a Wolf Shifter who runs the bar, what's new for him is he is also a Dream-Walker which he never knew that part of his ancestral history he had a very powful Witch on his mothers side. The thing is

only two witches can dream-walk. Now his mate is in trouble he needs to go to her to help, she's been kidnapped. But where is she and where is the portal, better yet how is he going to find it? What if it is the wrong portal? Does he just walk thru?

A copy of this book was provided to me with no requirements for a review. I voluntarily read this book and my comments here are my honest opinion.

Can you imagine your dreams being real? That you find out the beautiful woman you've come to love in your dreams is actually your mate and she's calling for help...but she's not of your world? She's from a different realm. What are you going to do? Finn is gonna find out cause his wolf won't just sit down while his mate needs help! Kaleena has been kidnapped and is being poisoned.

This author has great storyline with this one and very interesting characters. I really liked this story and I'm looking forward to the next already.

The woman of Finn's dreams is real and she is in trouble. Kaleena has been kidnapped and she needs Finn to help her escape. Fated mates but Finn is a wolf and Kaleena is a dragon and they live in different realms. There are a lot of complications to be overcome but Finn and Kaleena are up to the task. This is a great story with lots of adventure and hot sex. The characters draw you in and I look forward to finding out more about them in the next instalment of the this series.

### **April Symes says**

“Awakened by Flames” is the 1st book in the brand new spin-off from the phenomenal Weres & Witches of Silver Lake series! This stand-alone has mainly dragon shifters but there is also magic in another realm far away from earth, which is accessible by portals! I can already tell the storyline is very fresh, not retreads and full of action and adventure, romance and passion.

Finn's dreams of Kaleena are of her in need of help. Kaleena has been kidnapped and desperately is in need of someone to save her and help her escape. Finn doesn't know who the woman is but he wants to go out and do whatever it takes to bring her to him, to save her. What he finds out is she is his mate and they live in different realms. Kaleena does know who Finn is to her and is able to dream walk with her mate which is amazing. There is a lot of drama, angst, complications, action, adventure , passion and love written into this story which kept me hooked from start to finish. Will Finn be able to save Kaleena and if so, will they get their HEA?

I really enjoyed the twisty plot, the paranormal aspect in this story combined with the contemporary love story and the enchanting cast of characters. I wanted to know everything and everyone. I look forward to more in this series.

My Rating: 4.6 stars \*\*\*\*\*

“I received an advanced copy of this book from the author at no cost to me.”

4 Stars

This is a shifter book with a parallel world to earth. The male lead is a wolf shifter from earth while the female lead is a dragon shifter from the other world. They are mates and know it because they dream walk together. I love the female lead, she's a strong female character and the male lead is strong, protective, and fierce when he needs to be. There are some slow parts that felt like a lull in the story.

“Awakened by Flames” is the 1st book in the fan-freaking-tastic world of Tarradon & a brand new spin-off from the phenomenal Weres & Witches of Silver Lake series! This stand-alone has mainly dragon shifters, plus more magic in another realm far away from earth, but accessible by portals! With a fresh new storyline, and more fantastically well-defined characters, awesome descriptions and then add in surprise twists & turns, and readers will become addicted like me—engaged and turning pages like crazy wanting more! I was glued to my seat, not wanting to stop whenever real life interrupted & was forced to put down my kindle :o lol ...BTW- make sure to wear gloves when reading this smoking hot PNR must read with mystery in a fantasy! Even tho I volunteered to read this without any outside influences, these are my honest feelings & I also preordered this book to keep in my own library :) So yes, I highly recommend this to 18+ adult fans of fiction & have already preordered the next 2 books & can't wait- but I will :D

### **Joann Herley says**

Awakened By Flames is an action/adventure with plenty of tantalizing steam. Finn's dreams of Kaleena have become filled with pleas for help because she has been kidnapped. Finn is presented with the dilemma of how to get to her world to help save her. Once there, how can Finn fight dragons as a wolf? The characters are strong, and I found Kaleena to be the stronger of the pair. Their attraction as fated mates is undeniable. This was a great start to a new series, and I look forward to more tales of dragons, their fated mates, and the evil that awaits them.

Ms Day seemed nervous to do Dragons. Now that was just silly! She nailed it! From their size to their acrobatics in the air.

I couldn't put this book down and lost a bit of sleep because of it. The steamy magnetic interactions of the couple made me want to go put on a fan!

I had no choice but to pull for them. They were meant to be together and I was overjoyed by-the-time I put the book down.

I can't wait to read the next one!

Dream Lover.....

OMG is Silver Lakes ready for dragons!!!!

Wolf shifter Finn McKinnon has been looking forward to going to sleep at night because then he can have those hot erotic dreams with his lovely dream girl Kaleena.... His wolf has decided that she is his mate, but how can that be, does it mean he is doomed to live without a real life mate? He gets a distress call from Kaleena in a dream and isn't sure if he is crazy!

Kaleena Sinclair is a very powerful Guardian dragon in Tarragon, but she lives in another realm and has the good fortune of being able to dream walk with her life mate, problem is he has no idea it's real and of her doing. She's known he was her mate since he was born and has waited all those years, now she finds herself in danger and hopes Finn doesn't mistake her call of help for just another dream before it's too late for her

What a great new series revolving around the residents of Silver Lakes.

### **Shyla Wright says**

This is such an amazing read! I was pulled into the story from the beginning. Action packed, different dimensions, some pretty hot dreams, and sexy shifters topped off with love, this story has it all. Kaleena has known that Finn is her mate, her only way to contact him is in her dreams. Will Finn be able to save her when they are worlds apart. How far will you go to save someone who may not be real. This is a must read for everyone.

### **Kaz says**

Absolutely fantastic! Totally gripping read; I couldn't put it down. From start to finish Vella Day has you in her clutches, or should I say claws; after all this is a dragon and wolf shifter novel.

One of the unique attributes of this book is the romance and hot and steamy scenes are not left to the end. This allows Ms Day to build on the dynamics of the couple building a stronger bond whilst allowing the story to unfold.

A novel full of suspense: as one scene unfolds another is beginning, and others concluding, entwining a multitude of characters and plot lines. Each character is brought to life giving you a sense of familiarity, and camaraderie or loathing, pulling you into their lives and families.

Each character had its place, each story line a purpose, each action a reason. There was no fluffing and padding of the story trying to fill the pages, instead a fantastical journey of romance, intrigue, suspense, passion, betrayal, loyalty and honour.

Thank you for allowing me to be an ARC reader for this book; I can't wait till book 2!
