Demon Called: A Paranormal RH Romance (The Demon Queen Book 1) Jewel Killian

They call me Uniter of Realms, Bringer of Peace, High Queen.

But I'm just a fake psychic with a bad childhood and a stack of past due bills.

Five realms hang in the balance, three races whose lives depend on magic, and one corrupt king hoarding it all for himself.

My role?

Oh, just fixing it. Easy, right?

But a handful of sexy realm leaders insist I'm the human-born with demon blood—each vying for attention, each one's touch drawing something strange and blissful from me. Sweet, attentive Callum, pragmatic and commanding Sorin, dark and intuitive Verrill, and icy, collected Jadzeera. Each one has something to teach me—about magic and about myself.

The longer I stay in these hell realms the closer I grow to each realm leader, the more my power grows and the more I realize I cannot simply have one realm leader.

I need them all by my side—and in my bed—to bring the realms back together.

Demon Called is a fast-burn RH with an LGBTQ+ female lead. This fun, sexy ride is packed full of seductive demons, a smart heroine, a wisecracking best friend, and a teleporting cat.

CoullCat says

I had a bit of trouble deciding on 3 stars or 4 for this book but in the end Killian's writing got it over the line. I enjoyed Demon Called for the most part; it was a quick easy read with interesting characters.

The main character, Zurie does not let herself get swamped down by emotions, she compartmentalises and moves on. This is great, except I felt she moved on to being bossy Queen a tad too quickly - if I was one of the demons being bossed about straight away, it'd grate on my nerves. The contenders for her harem are a diverse lot that don't fall into the typical tropes, which is nice.

Even though it was only short, 160 pages to be exact, Killian has deftly used her skill in writing to paint a vivid picture of what the five realms are like. Her writing flows well and care has been taken with the editing.

Demon Called is a medium burn RH, but if you are not keen on it being FFMMM then this might not be for you as the MC practices equal love. There is a bit of a cliffhanger but it's not wholly unexpected which lessens the blow.

I really enjoyed the characters and the world building but had some issues with certain aspects of the book, such as the pacing and the MC getting her bossy on so early. This is one I finished easily but am unsure if I'll pick up the second book or not.

Abi says

I liked this book okay. It was really short, and I thought the MC, Zurie, took to everything too quickly; it seemed weirdly fast to me. She was super suddenly: "I am queen! I am in charge!" and it seemed off to me - before she wasn't really like that. Also, she has a Dark Past, which seems to never fail to annoy me these days. Are there no main characters who have both parents, who are good to them, and have lived lives that are, if not totally rainbows and unicorns, at least pretty normal and bland? God. Anyway, 3 stars. I probably won't read book 2, I'm not sure.

Briana says

I was pleasantly surprised by this book! I absolutely loved that this book had female on female action as well as female on male action, and as well as having an amazing plot to follow and definitely grow on with all the directions it could take!! This book has left me salivating at the mouth to read the second one as soon as it comes out!!!

Heather Lynn says

Alright read

So this book has a great storyline. I loved where it was going. However I wasn't a fan of the MC. It felt like she was rushed into the whole situation. Her feelings were rushed and she took on this whole other personality without too much thought. I feel that it happened too quickly.

Ashley says

Fast Burn in its Finest!

It's rare to find a fast paced story that still manages to be both intriguing and well told. Add in a helping dose of serious demon hotness and you get this perfect little gem right here! Between the elaborate and beautiful world building and fascinating storyline, I absolutely cannot wait for more.

Puna says

Didn't know what to expect from this book. First read from this author. I didn't think I would enjoy it that much because the idea was strange to me. A human with demon powers? But I was certainly curious enough to see how it would turn out so I dove in. Very mixed feelings. The heroine really takes charge and does a "fake it till you make it" vibe while doing it. But I didn't see any growth for her, she just played the part. But we shall see if that changes. I will be reading the next installment.

Overall: 4/5

Julia Booklover8599 says

I wasn't sure how I was going to like this book at first. I think it was okay. I did like the main character a lot and her harem. I found the name kind of hard to pronounce in my head, I needed to say them out loud to get them right. I also kind of liked the concept of the story. I just think so many things happened at once it was BAM her house is on fire, BAM she shoots buddy with her powers, BAM Callum's entire realm got destroyed, BAM she sleeps with them all, BAM they meet Dex, BAM Dex turns on them and takes Emma and then the story ends (Cliffhanger ending). Now it did say it was a fast paced book, it was just too fast for me.

I'm not saying this is a bad book I just wasn't for me. The story was well written and the characters were developed really well. I just didn't like the speed of it and wished there was more to it. I recommend this book if you want a really paced fast novel. I'll probably read the next book because I do want to find out what happens to Emma and I want to see what will happen with Dex. I secretly hope that him and Zaurie end up together and he gains a soul because of her. I happen to have a thing for asshole guys in books because a lot of them end up being like the most caring guy ever when he is with the girl he loves. I feel like Dex could be that guy, I'm going to give him a chance before I judge him. I didn't really like Emma anyway, I found her a

bit annoying and I don't even know why, she wasn't in the book that much. Anyway, I just really want to know what will happen with that situation, if it wasn't for my interest in Dex, I probably wouldn't read the next book.

Jennifer says

Great read!

I really enjoyed this book, the characters are original. Story keeps you on the edge of your seat. I can't wait to read the next book!

Kat Jordan says

I hate having to leave a bad review

Possibly the worst book i have ever read, no point at all to this story. Also so similar to a much older book.

Dezi says

Great story

This book pulled me in. Such a great read and I loved the characters. Ready to read book two to see how they are going to win this!

kathleen says

Amazing

Very good start to a new series, strong characters and a fun storyline.I can't wait to see what the second book has in store for us I would recommend it the author has a fun way of writing

April says

Good read

This was my first book from this author and it was a good read. Very fast paced Rh. I prefer more of a medium pace. Great characters and plot.

Rachel says**It was good**

I'm not good at writing reviews. Won't ever be good at it. The book was good and started quickly. I tend to get bored after the 3rd chapter of something if the story doesn't get interesting by then. I didn't have that with this one. The only thing that bugged me was the chapters were really short and each chapter page was it's one page. Not anything that really matters though

Angela says**Hot Fun!**

What's not to love about a book that has hot demon kings (and queen), a powerful female MC, and plenty of action (including some scorching hot sexy times)?! This story is a lot of fun and that ending has me dying for more!! Can't wait to find out what hawksers next!!

Amber Wilt says**Great read**

Very different from other books that I have read. I liked it a lot though. It was a breath of fresh air to read something so different.
