Glenn Conley says

Jesus tap-dancing Christ... *Endless Night*, that's what this fucking book is. Just an endless fucking party. Seriously, let me break it down for you:

Chapter 1-4, getting to the fucking party.

Chapter 5-10 getting drunk at the party and being a mega bitch, and pissing off some voodoo priestess.

Chapter 11-12 finally leaving the party. Lots of puking. At some point, she passes out next to some hot guy, and doesn't even get a piece of that hot dick. What the fuck?

Chapter 13-Whatever... just this stupid fat bitch running around, crying, getting drunk, puking, trying to get away from the voodoo chick. Trying to out-bitch the voodoo bitch, which just ain't gonna happen. I mean, Dylan is a royal bitch, don't get me wrong, but this voodoo bitch has got the serious stink eye.

Then we get to the James Bond bit. You know, the bit where the voodoo bitch lays out her whole plan. She goes on about all the shit that happened in the first book, *The Scene*. So, apparently, this voodoo bitch needs skanky whore blood from blond bitches in L.A. to fuel her evil empire. Who knew?

And who the fuck cares? Would it be too hard to write another original story with this crazy Dylan bitch, and her trusty side kick Tatum? Why does it have to be the same fake-vampire story, with just a bit of voodoo thrown in? I don't fucking care about the dead cum dumpsters in L.A., I care about this new story in New Orleans, goddamnit. That's why I'm reading this book. I already read the last book, so I don't need that shit again. Fuck.

That being said, it's still a fun book to read. I mean who doesn't want to read about stupid bitches getting drunk and fucked up. And, for some reason, I just love reading about Dylan going full-on bitch mode, and getting in everyone's face. It's fucking awesome.

And hell, you just gotta love it when she busts out quips like this one: "Well, fuck me with a flip flop!" Ahh Dylan... I hope you never change.

Ok I am now totally in love with Dylan Hart. She isn't your stereotypical character, she feels real! She has insecurities like we all do and her behaviour is far from perfect! And this makes her perfect in my eyes.

I'm totally finding myself torn between love interests, but feel a lot of sympathy for Mike at this point. I would love to be able to learn more about their relationship prior to where the books start.

I have one massive problem with this book though.....the 3rd one isn't out and I'm impatient!!!

I really don't know where to start with this review so for now I am marking it as read with its rating and I will be back later when my brain is capable of processing what it has read and is able to use words to describe it. Because right now it's stuck between OMG and ARGHH! and honestly it deserves more than that.

So a couple of hours later and my brain still can't deal. This is what this book will do to you, it will drag you in with the pretty dresses and the man candy and then it will drop you in the middle of the action leaving you asking wtf?

For the record I LOVE Dylan Hart, she is my kind of Heroine, she is foul-mouthed and opinionated and she is real. She has you laughing along with her and cringing at her mistakes. This is the kind of girl you want as your BFF.

I was reading this on my kindle and I realised I was at 94%, and my little heart was beating so fast from the pace of the story and then I realised that this book was almost over and I wasn't ready for it to be over. So I just stopped reading mid-chapter, mid-paragraph, about half way down the page. Just stopped. And then the suspense was killing me and I had to carry on and find out what happened. Well I can tell you what happened... Ms Gilmore left us with the mother of all cliffhangers. Smart cookie that she is has left us all dangling, waiting on the release of Dylan Hart #3. And wait I will.

RM Gilmore has surpassed herself in the second installment of her Dylan Hart Series. Endless Night is somehow even edgier, more entertaining and most definitely side-splitting, tea-spitting funnier than book one, The Scene.

I pretty much had a girl crush on Dylan Hart after being blown away by her foul-mouth, no-nonsense take on life and the paranormal in book one. In Endless Night, RM Gilmore takes Dylan on a new adventure, one that has her whole belief system spinning. The author successfully and impressively leads us into a fascinating world deep in the heart of New Orleans, where we witness Dylan Hart creating enemies, getting hot and heavy, and pushing her relationships that were established in book one to the extreme.

There was not a moment that I was not completely and utterly engrossed in the storyline. The pace was phenomenally fast, with my heart kept pounding throughout the story; it was truly gripping.

RM Gilmore's fantastic first person narrative allows the reader into the scary, insightful inner workings of Dylan. The voice that RM so passionately captures through her craft is both visual and realistic. It's impossible not to want to push Tatum aside and fill her shoes as Dylan's new bff!

If you are looking for a series with a kick-ass, plain-speaking heroine, a series that is filled with an even mix of humour, tension and drama, then be sure to check out RM Gilmore's AMAZING Dylan Hart: Odyssey of

the Occult.

I just love Dylan. She is the most rockin character I have come accross in a long time. I had to read this one after I finished the first. Dylan finds herself in the heart of New Orleans with the vamps. Her grab the bull by the horns attitude gets her into some trouble. Add voodoo preistess wierdness to the mix and shes straight up screwed. R.M. did a bad ass job writing!! cant wait for the next book.....

Christine Mathisen says

What can I say after reading the first book in the series I was hooked. I love Dylan and her attitude. The only downfall is I wish I would have waited until the 3rd book was released. Now I am going to keep wondering what it going to happen now. This is not like any other vampire story line I have read before it is very unique. It is a must read!

Heather Burke says

Once again Dylan Hart kicks you in the balls with her hard core antics and devil may care attitude! I couldn't put this book down getting more and sucked in to the vampire scene! I've got to say Tatum needs to be kicked in the head she is such a self absorbed ass! I can't wait for the next book to come out to see what happens to Dylan!!

Stacey says

Wow

This book had me guessing all the way
Didn't know what was coming next but kept guessing wrong (lol)
If you liked the 1st this is better
I can't wait for the next
Keep the writing coming
Loving this series

Siobhan says

I am seriously in love with this series! Not only do I love the character of Dylan Hart, I love all the characters. They seem to really be coming into their own as the series progresses and I can't wait until book three! I want to be Dylan, I want to f**k Mike and Cyrus, I want to kill Tatum! It's as though the characters jump off the page and feel as though I'm there with them, lurking in the shadows, eavesdropping on their conversations, wanting to weigh in on what I would do in this situation! I hope book three comes out soon, I'm having withdrawals! Although the main bonus of having to wait for book three? Getting to read them all over again!! Thank you again R.M. Gilmore! You never disappoint!

Caissy Boudreau says

Well...OMG...R M kept me on my toes throughout the book..I absolutely feel more in love with Cyrus in this book..Dylan was well Dylan..the story in this book takes you to my home state of Louisiana. The voodoo priestess was just plain freaky..I did not want to put this book down..It keeps you aching for what is gonna happen next..God i can not wait for the next one to come out..I could see a whole series with these characters..I hope there will be more than 3 books..please be more..This series has become one of my all time favorite series...I highly recommended this to everyone..

Felicia Tatum says

Wow...wow...just wow. This book was intense, fast paced, and had some really unexpected twists! This voodoo queen chick is scary. Seriously, I may have nightmares about her. Dylan is awesome as usual, though I wish she didn't curse so much. Cyrus...still haven't figured out what's up with that boy. Tatum has had a complete 180, and I don't like that she's ditched her bestie for Ginger Spice, as Dylan so sweetly refers to him. The ending was a cliffhanger and I'm truly terrified to who exactly was on the other side of that door. Can't wait to read the next one!!

Faith says

I absolutely fell in love with the first book so I could hardly wait to dive back into the world of Dylan Hart-a sassy, sarcastic chick you can't help but love.

Once again she finds herself in a world of trouble, but completely out of her element and safety of her beloved LA. This time it's NOLA that awaits with it's mysteries, secrets, and angry voodoo priestess of course.

Anyone else would run scared but Dylan Hart is once again irreverent and in your face bitch! Her take no shit attitude along with her intelligence and willingness to rush head long in to any situation makes for awesome reading!

Great continuation of The Scene, can't wait for the next!

Wanda says

The Second book in the Dylan Hart series was better than the first. Its full of the loud mouth Dylan that we love so much. Having read the first book I feel like I have a connection to the characters. Dylan immerse herself in the lives of the "vampires" and bites off more than she can chew. I liked the character development of Cyrus a lot. In the story there is balls, and booze and bloodletting with some voodoo thrown in for good measure. In both book you see that more is going on than what Dylan wants to believe and we finally get to see her come face to face with some of it in this book. At the end of book when it abruptly ends with lots of fear I was like what? No!! Where is the rest? Who? Needless to say I am anxiously awaiting book three that is reported to be released this year! This author is amazing with bringing her stories to life so that you live them right along with the characters. I highly recommend them to anyone who enjoys a good story with a mouthy B***h!!

Patty Euefueno says

I liked this second book so much! Dylan is determined to find the person responsible for missing and bodies found bloodless. This book is so tense, fast paced and I couldn't get to the next page fast enough!!!

We meet some new characters and I was getting so angry with the way Tatum turned her back on everyone! Dylan also has a big bad voo-doo witch to deal with!

The ending left me wanting much more! I highly recommend this series! R.M. Gilmore is wonderful!
