### **Mark says**

I have to admit, I liked this book and class. I dreaded taking Finance and International Finance, but I really enjoyed the subject.

### **Magda Sandulescu says**

### **Jenni says**

Provided a deeper insight in financing, different kinds of exposures and risks a company will face when doing business with partners around the world. Unfortunately there weren't any answer sheets to the problems in each chapter.

Otherwise it was a interesting read, and I hope that I did well on the exam.
