## Just One Sip Scarlett Dawn

This novella is a standalone that is part of The Club series. To learn more about The Club, visit [www.theclub.website](http://www.theclub.website) or [www.facebook.com/theclubseries](http://www.facebook.com/theclubseries).

*New York Times and USA Today bestselling author, Scarlett Dawn, turns up the heat with two best friends who were always meant for each other, in the first novella of The Club series, Just One Sip...*

Lucy Plume knows Jet Mak is the man she wants to marry. Her thoughts have never wavered to another. Lucy knows all of Jet's secrets, his family's secrets, and she doesn't give a damn. He is her best friend, her lover, her confidant...her all. But can she finally find the courage to say yes?

Jet Mak knows Lucy Plume is the woman he wants to marry. He's known since they were children. Lucy is the only woman who can make him smile and groan at the same time. She tests his patience beyond what most men would endure, but he doesn't care. He wants her, and everyone knows it. If only Lucy would say yes...

## From Reader Review Just One Sip for online ebook

### **gillian (Tattooed Book Review) says**

**More reviews at [www.tattooedbookreview.com](http://www.tattooedbookreview.com)**

” ‘You know Jet isn’t the type of man to take just one sip from.’ ”

My lips twitched. ‘Actually, you’re wrong. He’s the man I want to take just one sip from every minute of every hour of every day. For the rest of my life.’ ”

Though it’s just a novella, Just One Sip still has all of the elements of a good read: intriguing characters that are well developed, even in a short format, a juicy romantic plot, and just enough steam. Jet and Lucy’s best friends to lovers story is sweet, hot, and satisfying.

The book’s timeline skips around a bit, so it’s important to check the heading when starting a new chapter so that you know where you are. It took me a couple of chapters to get used to it, but the story still flowed. It made complete sense and the glimpses in to the past enhanced the story of the present. As with all of Dawn’s books that I have read, the writing style is uniquely hers: clear and well-written, with genuine dialogue and emotion, sexiness, and a quirky sense of humor.

Though Jet and Lucy’s romance is a story all in it’s own, it seems that there’s more going on in the background. There’s a mysterious air surrounding Jet and Lucy’s family, as well as The Club. I’ll be looking out for future books in the series to see where this story might lead.

\*I received a complimentary copy of the book for the purpose of honest review.

---

### **Jennifer says**

[In addition to interesting family dynamics, the female lead suffers from debilitating panic attacks and the male lead struggles with a unique math-related learning disability (hide spoiler)]

---

### **Lisa says**

I received a copy of this story for an honest review for The Reading Room Blog.

From a fast childhood friendship to surviving a teenage angst filled separation to standing on the edge of forever together, Lucy Plume and Jet Mak’s love has stood the test of time. If Lucy could only shut down the anxiety that keeps her from taking the final step in cementing their future they would get their happy ever after. Can Jet get Lucy to accept what she’s already knows, that they’re meant to be?

**What I Loved:** I have a special place in my heart for novellas and *Just One Sip* is a prime example of why they rock. In just 68 pages author Scarlett Dawn packs in two decades of sweet friendship, first love, and passionate devotion between leads Jet and Lucy. The connection between Jet and Lucy becomes so strong

and so transparent in such a brief amount of time, it was impossible not to fall for both characters and cheer them on.

**What I Didn't Love:** *Just One Sip* is a solid novella with little not to enjoy.

#### **Favorite Quotes:**

*"He and I, we were made for each other. Two cinnamon rolls in a zipped up baggie. With extra icing. And maybe a random green sprinkle or two."*

*"He's the man I want to take just one sip from every minute of every hour of every day. For the rest of my life."*

If you're looking for a quick read that has sweet romance, is well-written and has great leads, *Just One Sip* is the book for you. *Just One Sip* is the first in The Club novella series and I will definitely be coming back to check out the rest of the novellas

Happy reading.

---

#### **Marianne says**

*Just One Sip* is the first book in a new series that revolves around a sex club, known only as "The Club". This book, however, tells the story of its owner; Jet Mak and the love of his life; Lucy Plume.

Their life together is slowly revealed, through flashbacks, until we know just what's been keeping them apart for the last few years. My favorite part was how Jet referred to a dare from their childhood on the final pages of the novella.

I don't think I will continue the series, but I enjoyed the story, nevertheless.

---

#### **Lesley says**

I don't know how to rate this...quite frankly that's plucking my nerves.

I was engrossed in every single part of this book. I was really getting into it and then it ended. I feel that I'm a big selfish hog because I want more dang it. I feel like Lucy and Jet's story could be a length novel easily. The story was a bit bittersweet, which added the depth of intrigue. Unfortunately, it left me seriously craving more and that's where I feel there's a big conundrum.

I loved it and disliked it all at the same time.

It's like I was served a DELICIOUS appetizer as the main course. Absolutely loved it but I'm left unsatisfied.

Although "heat" in a book is minor to me I felt going into this book there was going to be some but there really wasn't.

So... I guess..... A 3 for overall but I feel a 4 in there too.  
I dunno.

Let me know what you all think.

### **Myra Espino says**

Just One Sip, an interesting and nice story.  
From the start up to the last, everything is good.  
I love the characters and the story.  
The characters, Lucy and Jet are good.  
I love how I easily get intrigued with them.  
I really love the story of this book!  
The scenes are also hot!! Woooh!  
The way the story ended is great!!  
Love this very much!  
This is one of my favorites!  
Ms. Scarlett nailed it!!

---

### **Auhmanduh says**

#### **Very cute**

I wanted it to be longer. Cute love story about jet and Lucy who fell in love as kids. As a novella goes it's great.

---

### **Ladun Ogidan says**

Short and nice! With a little bit of history. You know I love my backstories.

---

### **Vanessa says**

3.5 Stars...this one is just a little weird for me. It had all of the awesomeness that is Scarlett Dawn in the writing style but for some reason I didn't "mesh" well with the story like I have with her books in the past. Full review to come...

#### **\*\*FULL REVIEW\*\***

*"My mouth hung open in a silent plea. He had actually broken up with me. He was mine. I was his. Shit like this wasn't supposed to happen to us. We had been together longer than any of our friends had. We were made for each other. What the hell had just happened?"*

We follow Lucy and Jet through the years of their lives, jumping back and forth from when they were children till now, present day. I can say, I actually like that in a book. I like the insight, the struggles, the changes and growth that are witnessed between the characters.

They are soulmates, born to love each other and no one else. I guess when you know you know...

What confused me was that there didn't seem to be any specific conflict or dilemma, other than they had spent years apart. Being that it was a short novella, I'm thinking there is more...please say there's more?

While I love Scarlett Dawn's style of writing, this wasn't my favorite. I think I need a little more drama in my books...my regular life is drama-free (which is how I prefer it), but in my mind, I love the turmoil. I love the idea of unreciprocated love, angst, challenges, heartache, even death...okay, maybe that takes it a little far, but you get the idea. I didn't get any of that.

What I did get is childhood friends-turned sweethearts-turned long distance lovers. There is an inkling of angst in one chapter (which I quoted above—sorry if I spoiled it) and the idea of what could happen with the "family business" definitely has me intrigued. So, will I read the next book in *The Club Series*? Absolutely. Do I have high expectations? 100%. Don't let me down, Scarlett...I have a feeling this could be the start of something really good!

**\*\*3.5 Need More, Stars\*\***

**LuvRomance says**

**Just one sip**

I am not as impressed with this book as I am with her other books. It was all right, just to know I had read all her books

---

**Novel Grounds says**

4 Stars|Amazon|Goodreads

This was a quick and enjoyable read. I am a big fan of Scarlett's so I was on board with this novel from the start. I always love a good doing together novel. Sometimes a move novella without a ton of drama is exactly what you need.

This novella delivered. It was a heart warming and enjoyable read about finally saying Yes. Saying yes to the man you love and the life that you're meant to have. I felt like we got just enough of the background to get to know the characters and to get that warm and fuzzy feeling for them.

I am always amazed at how much an author can fit into a novel so short. I read this in about 20 minutes and

can honestly say it was perfect. Just want I needed. I feel like the title played a dual meaning. It had to do with the story itself, but it also had to do with your feelings while reading it. You're given Just A Sip of the world and its characters. Just enough to know that you are going to enjoy it, but not enough to fully satisfy you. I will definitely be checking out the other works in this project.

A well developed and expertly delivered novella with characters that you will instantly fall in love with.

Synopsis:

**New York Times** and **USA Today** bestselling author, **Scarlett Dawn**, turns up the heat with two best friends, who were always meant for each other, in the first novella of **The Club** series, **Just One Sip...**

Lucy Plume knows Jet Mak is the man she wants to marry. Her thoughts have never wavered to another. Lucy knows all of Jet's secrets, his family's secrets, and doesn't give a damn. He is her best friend, her lover, her confidant...her all. But can she finally find the courage to say yes?

Jet Mak knows Lucy Plume is the woman he wants to marry. He's known since they were children. Lucy is the only woman who can make him smile and groan at the same time. ### **phoebess says**

Very powerful story—it's not every day you encounter a short story packed with so many emotions.

---

### **Kelly Mccurdy says**

~~I received this in exchange for my honest opinion~~

Just One Sip is the first book in The Club series. This first book gives you just enough information, and just enough look into what is going on to keep you reading! You are going to want to come back to The Club. Lucy and Jet were best friends from the age of 4 and 5. Everyone in town know that Lucy is off limits as is Jet, Lucy has been Jet's since the day they were introduced at Jet's 5th birthday party. Not even a 6 year gap can come between them. The chemistry is there, it is hot.

This is the first book that I have read by Scarlett. If all of her books are like this one, then I am going to have read more of her work. She has grabbed me and held on, and I'm not sure that it is ever going to let go. I can't wait to read more of this series. I have a feeling that this series is going to take me on a wild ride!! If you have never read any of Scarlett's work, you need to. Start with this book!!

---

### **Beth says**

Sweet, sensual and highly entertaining. This novella was a great introduction into The Club series by Scarlett

Dawn. With all Dawn's books I always am left wanting more.

---

### **Dianne says**

Scarlett Dawn has created romantic passion and magic once again! **Just One Sip** is the tale of lifelong best friends and sweethearts who both agree they belong together inwardly, but Lucy is reluctant to commit to Jet. Everyone knows they are both off limits to anyone else, but has time and distance apart changed them? Jet is opening "The Club" and it looks to be the focal point of this series of novellas. The chemistry is there, the love is there, the shared past is there, so what's the hold up? Could events in the present be the catalyst to finally bring best friends together?

Sometimes there is nothing more fun than watching two people, clearly longing for each other who have had a lifetime of friendship and love behind them. Enjoy the nostalgic and sweetly warm memories told from both Jet and Lucy's POV as we are flashed back into their younger years and then returned to the present day, over and over. Touching, tempting, humorous and wickedly passionate, Scarlett Dawn send another great tale into the stratosphere of great reading!
